1. DESCRIPTION OF THE PLAN

The following description of The El Dorado Motors, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete discussion of the Plan's provisions.

General

The Plan, a defined contribution plan qualified under Sections 401(a) and 401(k) of the Internal Revenue Code (the Code) (see Note 6 below), meets the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees who have completed six months of employment with El Dorado Motors, Inc. (the Employer) and have attained 21 years of age.

Contributions

Participants may make voluntary contributions up to the maximum as adjusted by Internal Revenue Service (IRS) regulations ($17,000 and $16,500 for 2012 and 2011, respectively, and $22,500 and $22,000, respectively, for those age 50 and over), to provide an additional source of income for retirement. The Plan allows for pre-tax and after-tax contributions by participants. The Plan permits Employer contributions to participant accounts at amounts determined by the Employer. There were no Employer contributions for 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Employer's contribution, and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Any participant accrued benefits forfeited are used to offset administrative expenses of the Plan and to reduce future employer contributions. There were no forfeitures for 2012 or 2011.

Payment of Benefits

Payment of benefits by the Plan are payable upon the occurrence of retirement, death, disability, termination of employment, termination of the Plan, or an election by a participant to receive a hardship distribution. In addition, employees that have attained 59 1/2 years of age may elect to receive benefit payments without penalty. Upon the occurrence of the qualifying event, distributions are payable by lump-sum payment.

Administrative Expenses

The Employer pays administrative expenses not paid by the Plan. The Plan paid administrative expenses of $16,201 and $395 for the years ended December 31, 2012 and 2011, respectively.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined at the time of the loan. Interest rates range from 4.25% to 8.0% at December 31, 2012. Principal and interest are paid ratably through monthly payroll deductions.

Investment Options

Participants may direct employee and employer contributions in any of the available investment options. Participants may change their investment options at any time.

2. SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation

The Plan's investments are reported at fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Income

Income or loss from dividends, interest, and dispositions are recognized on the accrual basis of accounting. Realized gain or loss due to dispositions of investments is based on the difference between the proceeds on sale and the value of the investment as of the beginning of the year or since the date of purchase where purchased during the year. Unrealized gain or loss is recorded as the change in market value from the beginning of the year or since the date of purchase where purchased during the year.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Management evaluated subsequent events through October 14, 2013, which is the date the financial statements were available for issue, and determined that no events have occurred subsequent to December 31, 2012 that would require adjustment to, or disclosure in, the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The fair value measurement accounting literature establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value of mutual funds and exchange traded funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements
The interest-bearing bank account is not actively traded and significant other observable inputs are not available. Thus, the fair value of the interest-bearing bank account is determined by discounting estimated cash flows based on current yields of similar instruments.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Exchange traded funds	$ 1,166,220	$ 1,166,220	$ --
Interest-bearing bank account	152,549	--	152,549
	$ 1,318,769	$ 1,166,220	$ 152,549

	$ 1,507,767	$ 1,251,218	$ 256,549

3. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the interest-bearing bank account for the years ended December 31, 2012 and 2011:

Balance at December 31, 2010	$ --

Sales	(2,739,529)

Balance at December 31, 2012	$ 152,549

4. INVESTMENTS

At December 31, 2012, Verisight Trust Company (Verisight) holds the Plan's investments in a trust fund. Prior to January 10, 2012, Nationwide Financial Services, Inc. (Nationwide) held the Plan's investments in a trust fund. The following table presents the fair values of investments at December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's net assets are separately identified. Verisight and Nationwide have certified that the information summarized in the following schedules is complete and accurate.

	2012	2011
Investments at fair value as determined by quoted market price:		
Exchange traded funds and mutual funds	$ 120,797	$ (42,266)

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. INCOME TAX STATUS

The Plan received a favorable determination letter from the IRS dated March 31, 2011. The determination letter stated that the trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Code; and, accordingly, the trust's net investment income is exempt from income taxes.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
