INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Hulett Environmental Services, Inc.
401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Hulett Environmental Services, Inc. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedule as of and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of Hulett Environmental Services, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Hulett Environmental Services, Inc. (Company) who have ninety days of service and are age eighteen or older. The Company adopted an American United Life Insurance Co. (AUL) non-standardized prototype 401(k) profit sharing plan effective February 1, 1997. The Plan was amended and restated effective on January 1, 2009. This restatement was made to conform the Plan to new tax laws and some provisions may be retroactively effective. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions. Each year, participants may contribute the maximum amount allowable by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions received from participants in 2009 and 2008 are net of amounts refundable by the Plan for contributions made in excess of allowable Internal Revenue Service provisions.

Employer Contributions. The Company may annually elect to make matching and/or discretionary contributions. Any matching and profit sharing contributions are invested directly in the same manner as employee contributions. There were no employer contributions for the years ended December 31, 2009 and 2008.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. The Plan is funded with a group annuity contract issued by American United Life Insurance Company. This contract is considered fully benefit responsive. The contract offers a number of variable investment options (mutual funds) and a fixed interest investment option (insurance general account) through an AUL separate account.

Participant Loans. Participants who are creditworthy may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested portion of their account balance. The loans are secured by the balance in the participant's account and bear interest at market rates as determined by the Plan administrator. Principal and interest is payable through payroll withholdings (generally every two weeks) and are for terms not to exceed 5 years, unless for a principal residence, for which the Plan administrator may permit a longer repayment term. Interest rates range from 3.25% to 8.25%. At December 31, 2009, loans are due through November 2014.

Payment of benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments as defined in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. As of January 1, 2009, a participant is vested based on the following vesting schedule:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures. Forfeitures of non-vested Company contributions are used to reduce future Company contributions. At December 31, 2009 and 2008, there were no forfeited nonvested accounts.

Note B – Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through September 24, 2010, the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment and Securities Transactions

The Plan's investments are presented at contract value which is believed an appropriate determination of fair value as determined by the Trustee, based on quoted market prices

and other available information. Shares of mutual funds held in the insurance company's separate account are valued at the last reported net asset value of shares on the last business day of the Plan's fiscal year. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consist of the realized gains or losses and the unrealized appreciation or depreciation of these investments. Participant loans are valued at cost, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Note C – Investments

Information Certified by the Trustee (Unaudited)

At December 31, 2009 and 2008, the Plan's investments were held by the Trustee, American United Life Insurance Company (AUL). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974.

The fair value of investments as reported by the trustee is summarized as follows at:

	December 31,	
	2009	2008
Variable investment options - Shares of registered investment companies – mutual funds	**$ 1,984,910**	$ 1,480,525

Participant loans	**74,645**	85,473
	$ 2,136,835	$ 1,643,333

All investments are participant directed investments.

	Year Ended December 31,	
	2009	2008
Net appreciation (depreciation) in fair value of variable investment options – mutual funds	**$ 397,155**	$ (773,183)
Interest income	**8,030**	5,713

The following presents investments that represent 5 percent or more of the Plan's net assets:

	December 31,	
	2009	2008
Variable investment options of registered investment companies -		
Fidelity VIP Contrafund	**$ 353,717**	$ 239,864

Participants' loans	*	85,473

* - Investment did not represent 5 percent or more at end of year.

One of the investment options under the group annuity contract is a fixed interest investment option (AUL Fixed Interest Account). Funds invested in this account are held inside of the AUL General Account, where they would be subject to claims of AUL's general creditors should AUL become insolvent. However, due to the nature of the assets held within the AUL's General Account, the likelihood of this happening is quite remote.

The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at its contract value as provided by AUL, which approximates its estimated fair value.

Amounts allocated to the AUL Fixed Interest Account will earn interest at the higher of the rate guaranteed under the contract (3%) or the current rates established and declared in advance by AUL. The rate is based on the return AUL expects on new investments made by it and held within the AUL general account. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate are tracked together in a quarterly interest rate pocket (Quarterly Pocket). At the end of the calendar year next following the current year, the Quarterly Pockets established in the prior year are converted to an annual interest rate pocket (Annual Pocket) that is established and declared for each Annual Pocket and will remain in effect for at least that calendar year.

This contract is considered fully benefit responsive. Under the terms of the contract, participant-initiated transactions for the purpose of receiving benefits allowed under the plan, such as retirement, death, disability, hardship, loan, required minimum distribution, allowable in-service withdrawal, are completed at contract value without conditions, limits, or restrictions. Benefits related to termination of employment receive the same treatment unless termination is associated with a full or partial plan termination, the insolvency of the plan sponsor, or aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of that contract year. Under those unlikely events, a surrender charge may apply depending on the terms of the plan.

At December 31, 2009 and 2008, average crediting interest rates in the AUL Fixed Interest Account were 4.01% and 3.56%, respectively.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Variable interest options/Mutual funds: Value is based on the daily net asset value (NAV) of shares held by the plan at year-end, adjusted for any dividends and capital gain distributions and the daily equivalent of any fee charged pursuant to the contract.

Fixed interest investment option: Value is based on the amounts contributed or transferred to the AUL Fixed Interest Account less any withdrawals or transfers out, plus all accrued interest.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value:

	As of December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Variable interest options/mutual funds	$ -	$ 1,984,910	$ -	$ 1,984,910
Fixed interest investment option	-	77,280	-	77,280
Participant loans	-	-	74,645	74,645
	$ -	$ 2,062,190	$ 74,645	$ 2,136,835

As of December 31, 2008				
	Level 1	Level 2	Level 3	Total
Variable interest options/mutual funds	$ -	$ 1,480,525	$ -	$ 1,480,525
Fixed interest investment option	-	77,335	-	77,335
Participant loans	-	-	85,473	85,473
	$ -	$ 1,557,860	$ 85,473	$ 1,643,333

Level 3 Gains and Losses

The following table sets for a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31,:

Level 3 Assets - Participant Loans		
	2009	2008
Balance, beginning of year	**$ 85,473**	$ 39,285
Realized gains/(losses)	**-**	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	**-**	-
Purchases, sales, issuances, and settlements (net)	**(10,828)**	46,188
Balance, end of year	**$ 74,645**	$ 85,473

Note E – Excess Contributions Refundable

At December 31, 2009 and 2008, payables of $5,226 and $24,604, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participation accounts and distributed in such a manner as the Company may determine.

Note G – Tax Status

The Internal Revenue Service has determined and informed the Trustee, by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan has not received its own determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Note H – Related-Party Transactions

Certain Plan investments are held in a separate account managed by American United Life Insurance Company, which includes a fixed interest investment option account that is a general obligation of and is guaranteed and managed by AUL. AUL is custodian of the Plan's investments; therefore, these transactions qualify as party-in-interest transactions.

Benefits paid and corrective distributions per Form 5500	**$ 192,281**	$ 87,115

There are several classification variances between the financial statements and Form 5500 with no effect on net assets available for benefits other than those noted above.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

December 31, 2009

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
