CSPC, Inc. Retirement Savings Plan

We were engaged to audit the financial statements and supplemental schedule of CSPC, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2006 and 2005, and for the year ended December 31, 2006 and the initial period from July 1, 2005 to December 31, 2005 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan's investment assets, except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2006 and 2005 and for the year ended December 31, 2006 and the initial period from July 1, 2005 to December 31, 2005, that the information provided to the plan administrator by the trustee is complete and accurate to the best of their knowledge.

As discussed in Note 2, the Company's financial statements do not disclose investment income exclusive of changes in fair values nor investment income by type of statement. In our opinion, disclosure of this information is required by accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except for the omission of disclosure mentioned in the above paragraph are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 1, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans*, as of December 31, 2005.

Note 1 Description of Plan

The following description of CSPC, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement as effective July 1, 2005 for a more complete description of the Plan's provisions:

General—The Plan is a defined contribution plan covering all eligible employees of Veridiam, Inc. (formerly known as CSPC, Inc.) (the "Company"). There is no age or service requirement for employees. Individuals are eligible to participate on their first day of employment with the Company. Eligible employees are defined as employees of the Company who are not nonresident aliens and union employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers from Another Plan—Transfers from another plan represent participant accounts from a plan sponsored by the Company's former parent. The amounts transferred in 2005 were $7,044,106.

Contributions—Contributions include employee contributions that range from 1 to 35 percent of pretax annual compensation (limited to $15,000 in 2006 - as adjusted from time to time pursuant to Section 402(g)(5) of the Internal Revenue Code), and an employer matching contribution of 50 percent of the employee's contribution. Employee contributions are matched up to 4 percent of compensation. Participants who are age 50 or older are permitted to contribute up to an additional $5,000 as a catch-up contribution (as adjusted from time to time by Internal Revenue Code Section 414(c)). The Company may also make a discretionary contribution to the Plan. No discretionary contribution was made for 2006 and 2005.

Participants' Accounts—Participants' accounts are credited with their contributions, the employer matching contribution, an allocation of the Company discretionary contribution, if any, and plan net earnings. The Company's discretionary contribution is allocated based upon each participant's compensation, as defined. Plan earnings are allocated based on participants' account balances, as defined. Allocation of administrative expenses of the Plan is based upon participants' account balances.

Vesting—Participants are immediately vested in their elective deferral, participant rollover, and employer contributions.

Investment Options—Participants have a choice of 16 accounts in which to invest. Participants may change their investments daily.

Participant Loans—Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50 percent of their vested account balance. Outstanding loans are limited to two per participant at December 31, 2006 and 2005. Loan transactions are treated as a transfer to (from) the investment account from (to) the participant loan account. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid ratably through payroll deductions.

Note 1 Description of Plan, *Continued*

Payments of Benefits—Upon termination of service, a participant may elect to receive benefits or to leave the funds in the plan trust until a later date. The automatic form of retirement benefits is a single life annuity with installment refund or a qualified joint and survivor annuity for a participant who has a spouse. Lump sum and installment payment options are available only if a participant's spouse elects to waive her/his right to a joint and survivor benefit or if the value of the account is less than $5,000. If an active employee dies or becomes totally disabled, the value of the participant's account will be paid in either a lump sum or periodic installments at the option of the participant or beneficiary.

Note 2 Summary of Significant Accounting Policies

New Accounting Pronouncements—As of December 31, 2006, the Plan adopted Financial Accounting Standards Board ("FASB") Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"). The FSP requires the Statement of Net Assets Available for Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 ("SFAS 157"), *Fair Value Measurements*. SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company does not believe the adoption of SFAS 157 will have a material impact on the financial statements.

Basis of Accounting—The accompanying financial statements have been prepared on the accrual method of accounting. Purchases and sales of investments are recorded on a trade-date basis. Distributions are recorded when benefits are paid.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments—The investments in registered investment companies (mutual funds) are reported at fair value based on quoted market price of the fund, which represents the net asset value of the shares held by the fund at year-end.

The guaranteed interest account is a fully benefit-responsive investment contract. This investment is stated at contract value which is equal to principal balance plus accrued interest. As provided in the FSP, an investment contract is generally valued at contract value, rather than fair value, to the extent is it fully benefit-responsive. The fair value of fully benefit-responsive investment contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

Note 2 Summary of Significant Accounting Policies, *Continued*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The breakdown required by accounting principles generally accepted in the United States of America of investment income between appreciation (depreciation) of investments and dividends and interest was not readily available for pooled accounts. Accordingly, the difference between the aggregate fair values of pooled accounts as of the end of the year and their carrying values (fair values at the beginning of the period for pooled accounts then owned, or purchase cost for acquisitions during the current period), net gains (losses) on sales of pooled accounts during the period and dividends received and interest received is included in "net appreciation in fair value of investments."

Administrative Expenses—The expenses of the Plan, to the extent that the Company does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is consistent with ERISA.

Payment of Benefits—Benefits are recorded when paid.

Note 3 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their Company contributions.

Note 4 Related-Party and Party-in-Interest Transactions

The Company pays a portion of the Plan's administrative expenses. Certain of the Plan's investments are mutual funds and fixed accounts managed by ING Life Insurance and Annuity Company ("ING"). ING is the trustee of the Plan and, therefore, these transactions are party-in-interest transactions.

Note 5 Tax Status

On November 7, 2001, the Internal Revenue Service stated that the nonstandardized prototype plan document adopted by the Plan, as then designed qualified under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 Investment Contract With Insurance Company

In 2005, the Plan entered into a benefit-responsive investment contract with ING. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 6 Investment Contract With Insurance Company, *Continued*

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by National, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2006	2005
Average yields:		
Based on actual earnings	3.03 %	1.11 %
Based on interest rate credited to participants	3.03 %	1.11 %

Note 7 Certification by Trustee and Investments Exceeding 5 Percent of Net Assets

ING has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, ING instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by ING, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Note 7 Certification by Trustee and Investments Exceeding 5 Percent of Net Assets, *Continued*

The following table presents the fair value of the investments, except for the ING Fixed Account which is at contract value, in this Plan that were certified by ING. Single investments representing more than 5 percent of the Plan's net assets as of December 31, 2006 and 2005, are separately identified.

	2006	2005
Investment held by ING at fair value		
ING VP Index Plus Large	$ 1,983,997	$ 1,702,448
