Amer Technology, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE A – DESCRIPTION OF PLAN

Amer Technology, Inc. (Plan Sponsor) formed the Amer Technology, Inc. 401 (k) Plan (the Plan) on January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements were audited under the requirements relating to a Department of Labor (DOL) limited scope audit. The trustee's certification applies to investment assets and all activity and transactions related to the investment assets including income and reportable transactions.

Employee Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation capped at a total deferral of $17,500 for 2013, the statutory maximum amount, as defined by the I.R.S. and the Plan. Employees over the age of 50 are entitled to make additional catch up contributions. For 2013, this amount is limited to $5,500. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately 60 mutual funds and one money market account as investment options for participants. The Plan is tested on an annual basis for compliance with the discrimination regulations and corrective distributions are made, as necessary. There were no corrective distributions in 2013 for Plan year 2012.

Rollover Contributions

Participants may contribute amounts representing distributions from other retirement benefit plans. There were no rollovers into the Plan in 2013.

Employer Contributions

The Plan Sponsor may make discretionary matching contributions equal to a uniform percentage or dollar amount of a participant's elective deferrals each payroll period. The employer's matching is in an amount of $.50 of every $1.00 of the elected deferrals up to 4% of employee contributions per payroll period. For the year ended December 31, 2013, the Plan Sponsor directed the Forfeiture account to fund the match in the amount of $1,999 (see the *Forfeitures* section).

NOTE A – DESCRIPTION OF PLAN (continued)

Investment Options

Participants have the privilege and responsibility to direct the investment of their account balance. The Plan offers participants approximately 60 investment options to choose from. Participants may change their investment options at any time by contacting the Trustee directly or by going on line on the website and managing their individual account. The Plan has been designed to meet the ERISA Section 404(c) requirements, which means the participants and not the Plan fiduciaries are responsible for the investment decisions relating to the assets in a participant individual account.

Participant Loans

The Plan does not allow for participant loans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor contribution and (b) the Plan earnings, and charged with certain administrative expenses. Allocation of plan earnings depends on account balances and the investment options selected by the participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vested in the Plan Sponsor's contribution portion of their account plus actual earnings thereon based on the following vesting schedule:

Years of Service	Vested Percentage
0	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

The Plan generally provides that upon termination of employment, a participant will be required to take a lump-sum distribution if his or her vested account balance is less than $1,000, regardless of consent.

NOTE A – DESCRIPTION OF PLAN (continued)

Payment of Benefits-continued

Terminated participants with account balances in excess of $5,000 will only receive distributions with distribution authorizations. As required by law, participants over the age of 70 ½ must receive minimum required distributions. Accordingly, participants over the age of 70 ½ must complete the appropriate documentation in order for the Trustee to make the required distributions.

Forfeitures

Participants do not share in the allocation of forfeitures. Forfeitures occur as of the date of the distribution of the entire vested portion of a participant's account. Forfeitures can be used in lieu of employer funded match contributions. During 2013, the Forfeiture account provided $1,999 to fund the Employer match.

Administrative Expenses

The Plan Sponsor absorbs all of the expenses to administer the Plan at the Plan level. The Plan Sponsor paid fees for 2013 were $460. Because these fees are paid directly by the Plan Sponsor to the Trustee, they are not included in these financial statements. The Service Provider and Trustee charge individual participant accounts for certain partner and transaction fees in addition to the fees that are sponsor paid. **(See NOTE E)**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan Administrator has elected to prepare the Plan's financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the cash basis of accounting, contributions and investment earnings are recorded as they are received and plan expenses are recorded as they are paid. The cash basis of accounting is an acceptable method of accounting for employee benefit plans in accordance with Internal Revenue Service and Department of Labor regulations.

Investment Valuation

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation-continued

1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan investments are stated at fair value based on Levels 1 and 2 quoted market prices for identical and similar assets in active markets or have a contractual term which represents the net asset value of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and December 31, 2012.

Assets at Fair Value as of December 31, 2013

Estimates

The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

For the year ended December 31, 2013, the Plan management has evaluated subsequent events for the potential recognition and disclosure through July 23, 2014, the date of financial statement issuance. No significant subsequent events were noted.

NOTE C – INVESTMENTS

As of December 31, 2013 and 2012, the Plan held total investments at fair value of $363,522 and $1,045,396, respectively. The investments are in pooled separate mutual funds accounts with a fair market value of $291,981 and $737,009, respectively and in the Transamerica Stable Value fund with a contractual value which represents fair value of $71,541 and $308,387.

The following tables present investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

During the years ended December 31, 2013 and 2012 the Transamerica Stable Value investment appreciated in value by $2,958 and $5,174, respectively. The remaining pooled separate accounts appreciated in value by $102,715 and $100,658 in 2013 and 2012, respectively. The investments are diversified in accordance with DOL regulations.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2013	2012
Stable Value Option (money market type)	$ 71,541	$ 308,387
Pooled Separate Accounts (mutual funds type)	$ 291,981	$ 737,009
Interest Income	$ 2,958	$ 5,174
Net Investment Return	$ 102,715	$ 100,658

NOTE E – RELATED PARTY (PARTY-IN-INTEREST) TRANSACTIONS AND FEES CHARGED TO INDIVIDUAL PARTICIPANT ACCOUNTS

The total fees charged to the Plan and its participants during 2013 are $12,077 comprised of the following charges.

The Plan Service Provider charges a partner fee for each participant account maintained by the Trustee Transamerica Retirement Services. This amount is $1,050 for 2013.

The Plan Service Provider also charges individual participants fees for "as needed" services. These include fees for terminations/lump sum distributions, death benefit payments, disability payments, QDRO distribution fees, installment distributions, hardship withdrawals and in-service withdrawals. These fees are withheld from the distribution payments. Benefits and distribution payments are shown net of these fees. These fees total $3,836 for 2013.

The Plan Investment Advisor charges certain transaction fees which are charged directly to the individual participant accounts. Massachusetts Fidelity Trust Company is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2013, the transaction fees charged to the participant accounts is $7,191.

Other parties-in-interest are the Plan sponsor, Amer Technology, Inc., and the owners, directors, officers and employees of Amer Technology, Inc.

NOTE F – FULLY-BENEFIT RESPONSIVE GROUP ANNUITY CONTRACTS

The Plan holds a fully-benefit responsive group annuity contract. The Stable Value Option Investment choices in Transamerica's Group Annuity Contract comply with the FASB fully-responsive requirements, and thus are reportable at contract value in the financial statements. These are not guaranteed investment contracts.

Since contract value is fair value according to FASB standards, the average yield earned by the Plan is equal to the average yield earned by the Plan adjusted to reflect the actual interest rate credited to the plan participants.

The contracts operate as follows: prior to January 1st and July 1st, an effective annual rate of return is established for the six month period. Interest is credited based upon the daily balance, at a rate that is the daily equivalent of effective annual rate of interest applicable for six month period. There is no stated minimum or maximum interest rate for the Stable Value Option Investment choices.

NOTE F – FULLY-BENEFIT RESPONSIVE GROUP ANNUITY CONTRACTS (continued)

The average yield for 2013 and 2012 is as noted:

	2013	2012
Based on annualized earnings	1.45%	1.75%
Based on interest rate credited to participants	1.45%	1.75%

These values are determined by calculating the weighted average annual return for the funds held as of the end of the year.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested on all amounts credited to their accounts.

NOTE H – TAX STATUS

The Revised Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement (CODA) obtained its latest determination letter on May 30, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and that any employee benefit plans adopting such prototype plan, will be similarly qualified.

The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Since the Amer Technology, Inc. 401(k) Plan is such a plan; the Plan and Trust are also designed in accordance with the applicable sections of the IRC.

Because the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2013 the tax years that remain subject to examination by taxing authorities begin with 2010.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
