INDEPENDENT AUDITORS' REPORT

To Fifth Third Bancorp and
the Pension and Profit Sharing Committee of
First Charter Frozen Money Purchase Pension Plan:

We were engaged to audit the accompanying statements of net assets in liquidation available for benefits as of December 31, 2008 and July 13, 2009 and the related statements of changes in net assets in liquidation available for benefits and supplemental schedule of the First Charter Frozen Money Purchase Pension Plan (the "Plan") from September 4, 2008 (inception) to December 31, 2008 and for the period ended July 13, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by the Fifth Third Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee that the information as of December 31, 2008 and July 13, 2009 and the periods from September 4, 2008 (inception) to December 31, 2008 and for the period ended July 13, 2009 provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note 2 to the financial statements, Fifth Third Bancorp, the Plan's sponsor, decided in September 2008 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has used the liquidation basis used in presenting the financial statements.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FIRST CHARTER FROZEN MONEY PURCHASE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE PERIODS ENDED JULY 13, 2009 AND DECEMBER 31, 2008

1. DESCRIPTION OF PLAN

The following brief description of the First Charter Frozen Money Purchase Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a frozen money purchase pension plan and does not authorize or require employer contributions. The Plan was initially created on September 4, 2008 as the result of a spinoff from the Fifth Third Bancorp Master Profit Sharing Plan ("Master Profit Sharing Plan"). The Plan was immediately terminated on September 4, 2008. There were never any employee or employer contributions to the Plan. It was terminated and all account balances were paid out as of July 13, 2009. A favorable determination letter was received from the IRS dated September 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fifth Third Bancorp (the "Bancorp") is the Plan sponsor.

Administration - Fifth Third Bank (the "Trustee"), a wholly-owned subsidiary of the Bancorp, serves as the trustee of the Plan. The investment assets of the Plan are held in separate trusts by Fifth Third Investment Advisors where such assets are managed. The Bancorp has engaged Fifth Third Bank to be the Plan's recordkeeper and to provide custodial services for the Plan.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Funding and Vesting - The Plan is frozen and no employer or employee contributions of any type were ever made or will ever be made to the Plan. Investments held by the Plan are valued on a daily basis. The rights of participant accounts (including all sub-accounts) are fully vested and nonforfeitable at all times.

Plan Termination – The Plan was terminated on September 4, 2008. A favorable determination letter was received from the IRS dated September 1, 2009 and all participants' account balances were paid out prior to July 13, 2009. Account balances of any participants the Plan was unable to locate were transferred in a trustee to trustee transfer to the Fifth Third Bancorp Frozen Successor Plan.

Payment of Benefits - The Plan provides for payment of benefits of accumulated vested amounts upon termination of employment. Benefits are generally payable in the form of lump-sum payments or a Qualified Joint and Survivor Annuity or 75% Joint and Survivor Annuity.

Tax Status - The Internal Revenue Service has determined and informed the Bancorp by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Investment Options – The Plan provided one available investment option, a collective fund, to which participants can direct their account. This collective fund is the Fifth Third Stable Value Fund for

Employee Benefit Plans. An additional collective fund, the Federated Capital Preservation Fund, was available for only those participants who were invested in the Fund at the time the Plan was established.

Participant Notes Receivable – Loans are not permitted in the Plan.

Withdrawals – Participants were allowed to withdraw their accounts at any time due to the termination of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

General – As of December 31, 2008 and July 13, 2009, the Plan assets and liabilities were presented on a liquidation basis presentation to illustrate the effect of the Plan termination as if it occurred at period end. Adoption of the liquidation basis of accounting had no effect on the valuation of the Plan's assets or liabilities. All assets were distributed or transferred as of July 13, 2009. The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Plan has evaluated subsequent events through May 13, 2010, the date of issuance, to determine if either recognition or disclosure of significant events or transactions is required.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments – The Plan's investments are stated at fair value in accordance with Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (SFAS No. 157). Quoted market prices, when available, are used to value equity securities and mutual funds. Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the fair market value of the underlying investments. For further information on fair value measurements, see Note 5.

Administrative Expenses – Administrative expenses of the Plan were paid by the Trustee.

Payment of Benefits – Benefits were recorded when paid.

3. INVESTMENTS

Investments representing five percent or more of net assets available for benefits at December 31, 2008 are as follows:

Fifth Third Bank Stable Value Fund for Employee Benefit Plans * (7,450 shares)	$ 89,908
Federated Capital Preservation Fund (1,262 shares)	12,624

* Denotes a party-in-interest

The following table presents the net appreciation in fair value of investments for the Plan for the periods ended July 13, 2009 and December 31, 2008.

	2009	2008
Net appreciation in fair value of investments:		
Collective funds*	$ 811	$ 2,716
Total	$ 811	$ 2,716

* Denotes a party-in-interest

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a common collective trust fund managed by Fifth Third Bank. Fifth Third Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Fifth Third Bank provides the Plan with certain accounting and administrative services for which no fees are charged.

5. FAIR VALUE MEASUREMENTS

The Plan measures certain financial assets and liabilities at fair value in accordance with U.S. GAAP, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP also establishes a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs

(Level 3). A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the instrument's fair value measurement. The three levels within the fair value hierarchy are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs for the asset or liability for which there is little, if any, market activity at the measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include the Plan's own financial data such as internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

At July 13, 2009, there were no assets held by the Plan. The following table summarizes assets measured at fair value on a recurring basis at December 31, 2008:

	Fair Value Measurements Using			
As of December 31, 2008	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Assets:				
Collective funds	$ -	$102,532	$-	$102,532
Total assets	$ -	$102,532	$-	$102,532

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Collective funds – Stable Value Funds
Stable value funds have underlying investments that consist of cash equivalents, collective trust funds, guaranteed investment contracts, and alternative investment contracts. Cash equivalents are short term investment funds that have a maturity of one month or less and are valued at cost. The collective trust funds value is derived by their respective net asset values (NAV). The collective trust funds consist of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. Guaranteed investment contracts are valued based on their underlying securities, which consist of bonds whose value is derived from observable inputs including London Interbank Offered Rate (LIBOR) forward interest rate curves. The bonds are valued based on the pricing of similar bonds that are publicly traded. In determining fair value, factors such as the benefit-responsiveness of the investment contracts and the ability of the parties to the investment contracts to perform in accordance with the terms of the contracts; such inputs were not significant to the valuation.

Alternative investment contracts are valued based on their underlying securities, which consists of common funds consisting of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. Therefore, the Plan classifies stable value funds as Level 2 securities in the fair value hierarchy.
