(1) Description of Plan

The following description of the NRP-FL 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan adopted January 1, 1996, that covers all employees, except hourly paid and highly compensated employees, who have reached the age of 18 with 3 consecutive months of employment with Casual Restaurant Concepts, Inc. prior to May 23, 2012 and Neighborhood Restaurant Partners Florida, LLC beginning on May 23, 2012 (collectively the "Employer"). The Plan is subject to the provisions of the Internal Revenue Code, the Employee Retirement Income Security Act of 1974 (ERISA), and the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

John Hancock Life Insurance Company (John Hancock), the trustee, is responsible for maintaining the investments of the Plan and reporting on the earnings and investments of the Plan.

On May 23, 2012, Casual Restaurant Concepts, Inc. was purchased by Neighborhood Restaurant Partners Florida, LLC and the Plan's name was changed to NRP-FL 401(k) Retirement Plan.

(b) Contributions

Participants may elect to contribute an amount not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the Code). Employer matching contributions to the Plan are fixed. Eligible compensation (as defined by the Plan agreement) paid in the plan year after entry into the plan is eligible for employer matching contributions. The employer matching contribution allocated to any eligible participant may not exceed 4% of eligible compensation and will apply to only 25% of the participant's applicable contributions.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer contributions, rollover contributions from other tax-qualified retirement plans, and allocations of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan allows participants to direct their contributions to any investment option available to the Plan.

(1) Description of Plan - Continued

(d) Vesting

Participants are 100% vested in their own salary deferral and rollover contributions plus actual earnings thereon at all times. Vesting in the Employer matching portion of their accounts plus actual earnings thereon is based on a six year graded vesting schedule. Participants become vested in Employer matching contributions in accordance with the following schedule:

Total Number of Years of Service	Vested Interest
After 1 year of service	0%
After 2 years of service	20%
After 3 years of service	40%
After 4 years of service	60%
After 5 years of service	80%
After 6 years of service	100%

Participants also become fully vested upon reaching their normal retirement date (age 65), death, or retirement due to disability.

(e) Forfeited Accounts

Terminated participants that are less than 100% vested in the Employer matching contribution portion of their account may forfeit the non-vested portion of their account. Participants that are not vested in any portion of the employer matching contributions are deemed to be cashed-out at the employee's date of termination. The forfeitures are allocated in the Plan year after the forfeiture occurs. Forfeitures of non-vested employer matching contributions are allocated as a reduction in the matching contributions. The Company utilized approximately $3,000 of non-vested employer matching contributions to reduce matching contributions for the year ended December 31, 2013. Unallocated forfeitures were approximately $1,300 and $1,100 at December 31, 2013 and 2012, respectively.

(f) Payment of Benefits

Benefits may be received when a participant retires, becomes disabled, terminates employment, or at time of death as defined in the Plan document. Benefit payments are made in the form of a lump sum distribution and are recorded when paid.

(g) Hardship Withdrawals

The Plan provides for hardship distributions in accordance with the Plan agreement.

(1) Description of Plan - Continued

(h) Termination of Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan agreement to terminate the plan subject to the provisions of ERISA. In the event of termination of the Plan, the participants will become 100% vested in their accounts.

(i) Participant Loans

The Plan does not allow participants to borrow from the Plan.

(j) Expenses

The expenses of administration of the Plan are either absorbed by the Company or paid out of Plan assets. Expenses include contract administration fees, third party administrator service fees, and redemption fees.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of investment assets and liabilities. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values are based on quoted market prices at December 31, 2013 and 2012. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies - Continued

(d) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(e) Unit Values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(f) Reclassifications

We have reclassified certain prior year amounts to conform to the 2013 presentation. These reclassifications had no impact on the prior year net increase or net assets available for benefits.

(3) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the Plan's investment trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value, as shown in the statements of net assets available for benefits;
- Total investment income together with related investment activity, as shown in the statement of changes in net assets available for benefits;
- The schedule of assets (held at end of year) as of December 31, 2013 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) Investment Contracts with Insurance Company

Accounting Standards Codification Topic 962-325, *Plan Accounting – Defined Contribution Pension Plans*, defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined-contribution, health and welfare and pension plans. John Hancock has determined that their investment contracts, the guaranteed interest accounts, do not meet the criteria to be considered fully benefit-responsive.

The guaranteed interest accounts are credited with earnings on the underlying investments and are charged for Plan withdrawals and administrative expenses by John Hancock. The guaranteed interest rates in effect through December 2013 ranged from 0.10% to 0.57%. The average yield at December 31, 2013 and 2012 was 0.88% and 0.90%, respectively. The crediting interest rates in effect ranged from 0.10% to 1.80% at December 31, 2013 and 0.15% to 0.40% at December 31, 2012.

(5) Investments

The following table provides details of investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

		2013	2012
Pooled separate accounts:			
T. Rowe Price Blue Chip Growth	$	401,093	305,623
PIMCO Total Return		*	186,498
Fidelity Contra Fund		327,827	248,291
Money Market Fund		338,668	286,261
High Yield Fund		237,253	266,514
American Balanced		321,423	266,132
Lifestyle Conservative		*	202,550

* This investment did not represent 5% or more of the Plan's net assets.

Allocation of monies for various investment options is at the sole discretion of participants for their individual contributions.

(6) Fair Value Measurements

The Plan applies the provisions of Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), in measuring fair value. ASC 820 establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts

The pooled separate accounts are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares, held by the Plan at year end and are classified as Level 1 investments.

Guaranteed Interest Accounts

The guaranteed interest accounts are valued at the average interest rate set for each participant's account as determined by the contract as of the valuation date, which approximates fair value. These are classified as Level 2 inputs.

(6) Fair Value Measurements - Continued

As of December 31, 2013 and 2012, the Plan's investments measured at fair value on a recurring basis were as follows:

Description	Assets Measured at Fair Value at 12/31/2013	Fair Value Measurements at 12/31/2013 Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(7) Transactions with Parties-In-Interest

During the year ended December 31, 2013 there were transactions involving the investment of Plan assets in pooled separate accounts and guaranteed interest accounts maintained by John Hancock. John Hancock is the trustee of the Plan. The Plan paid John Hancock $41,531 representing asset charges, statement fees and transactions fees. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules.

(8) Income Tax Status

The Plan obtained its latest determination letter on May 6, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
