Plan Administrator
Mutual Federal Savings Bank 401(k) Retirement Plan
Muncie, Indiana

We were engaged to audit the accompanying statements of net assets available for benefits of Mutual Federal Savings Bank 401(k) Retirement Plan as of July 31, 2009 and December 31, 2008, and the related statements of changes in net assets available for benefits for the seven-month period ended July 31, 2009, and the year ended December 31, 2008, and the accompanying supplemental schedule. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by American Funds Service Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the seven-month period ended July 31, 2009, and for the year ended December 31, 2008, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of the Plan

The following description of Mutual Federal Savings Bank 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan was a defined-contribution plan sponsored by Mutual Federal Savings Bank (Bank) for the benefit of its full-time employees with at least six months of service and age twenty-one or older. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). American Funds Service Company served as Plan custodian. First Bankers Trust Company (FBTC) served as Plan trustee.

On June 17, 2009, the holding company of the Bank, MutualFirst Financial, Inc. (Company) became the sponsor of the Plan. At that time, the Company decided to merge the Plan into the Mutual Federal Savings Bank Employee Stock Ownership Plan (ESOP) effective July 1, 2009. The assets of the Plan transferred into the ESOP on July 20, 2009.

Contributions

The Plan permitted eligible employees through a salary reduction election to make annual contributions up to IRS limitations. Employee rollover contributions were also permitted. In addition to salary reduction contributions, the Company made matching contributions based on salary reductions and had the option to make other discretionary contributions. Forfeitures were used to reduce Bank contributions.

Participant Investment Account Options

Investment account options available included various funds. Each participant had the option of directing contributions into any of the separate investment accounts and could change the allocation at any time.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. At December 31, 2008, unallocated assets of approximately $22,300 related to forfeitures which were utilized to reduce future employer contributions.

Vesting

Participants were immediately vested in their voluntary contributions and matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions plus earnings thereon was based on years of continuous service. A participant was fully vested after five years of continuous service. The nonvested balance was forfeited upon termination of service.

Payment of Benefits

Upon termination of service, participants received a lump-sum amount equal to the value of their account. Withdrawals other than for termination were permitted in the event of a financial hardship.

Plan Termination

The Bank had the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA.

Subsequent Events

Subsequent events have been evaluated through May 12, 2010, which is the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, were used to value investments. Mutual funds were valued at quoted prices in an active market. Money market funds were valued at cost, which approximates market.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Plan Tax Status

The Plan operated under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Crowe Chizek and Company, LLP. This prototype plan document had been filed with the appropriate agency. The Plan had not obtained or requested a determination letter. However, the Plan Administrator believes the Plan was currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Administrative Expenses

Administrative expenses could be paid by the Bank or the Plan, at the Bank's discretion.

Note 3: Investments

The Plan's investments were held by a bank-administered trust. The Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	Seven-Month Period Ended July 31, 2009	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ 642,044	$ -

	Year Ended December 31, 2008	
	Net Depreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ (4,059,195)	$ 7,295,722
Money market funds	-	1,101,339
	$ (4,059,195)	$ 8,397,061

Interest and dividends realized on the Plan's investments for the seven-month period ended July 31, 2009, and the year ended December 31, 2008, were $87,214and $347,396, respectively.

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows at December 31, 2008:

American Balanced Fund	$ 1,582,581
Europacific Growth Fund	786,526
Growth Fund of America Fund	1,324,242
New Economy Fund	455,444
Washington Mutual Investors Fund	1,209,320
Bond Fund of America	669,333
U.S. Treasury Money Fund of America	824,335

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invested in certain funds of the Plan custodian. The Bank provided certain administrative services at no cost to the Plan.

Note 5: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no recurring assets or liabilities to measure at fair value at July 31, 2009, and no recurring liabilities at December 31, 2008.

Investments

Where quoted market prices are available in an active market, securities were classified within Level 1 of the valuation hierarchy. Level 1 securities included mutual funds and money market funds. If quoted market prices were not available, then fair values were estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs were not available, securities were classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments at July 31, 2009, or December 31, 2008.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2008:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds				
Balanced funds	$ 1,582,581	$ 1,582,581	$ -	$ -
Growth funds	2,801,662	2,801,662	-	-
Growth and income funds	2,045,765	2,045,765	-	-
Bond funds	865,714	865,714	-	-
Money market funds	1,101,339	1,101,339	-	-

Realized and unrealized gains and losses included in net decrease in net assets available for benefits for the period from January 1, 2008, through July 31, 2009, are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

Note 6: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include the reporting of contribution receivables on the statement of net assets available for benefits, which are not included on Form 5500.

Note 7: Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $727 were not remitted within the required time period for the seven-month period ended July 31, 2009.

The Plan filed for voluntary compliance with the Internal Revenue Service under the Voluntary Fiduciary Correction Program (VFCP) for errors related to vesting of participant accounts. In 2008, the Plan amended its vesting schedule from a five-year cliff to a five-year graded schedule. Terminated participants' accounts were not adjusted for the amendment, resulting in forfeitures being overstated. The Bank paid $22,523 into the Plan to reinstate the participants' accounts plus lost earnings.
