PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of the Kruger Foods, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Kruger Foods, Inc. and its subsidiary (the "Plan Sponsor") who have completed one year of service (1,000 hours), are at least 21 years of age and are not covered by the terms of a collective bargaining agreement or are not nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Three employees of the Plan Sponsor serve as trustees to the Plan.

Plan Year

The plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401 of the Internal Revenue Code (the "Code"). Participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan document, subject to various nondiscrimination tests and limitations described by the Code.

- *Discretionary Employer Safe Harbor Matching Contributions*
  Effective January 1, 2013, the Plan Sponsor may make a safe harbor matching contribution equal to 100% of the first 3% of a participant's compensation and 50% up to the next 2% of the participant's compensation contributed to the Plan. For the Plan year ended December 31, 2012, the Plan Sponsor made a safe harbor matching contribution equal to 100% of the first 5% of a participant's compensation contributed to the Plan. The Plan Sponsor made safe harbor matching contributions of $115,494 and $115,032 for the years ended December 31, 2013 and 2012, respectively.

- *Discretionary Employer Matching Contributions*
  The Plan Sponsor may make matching contributions equal to a discretionary amount to be determined by the Plan Sponsor. Discretionary employer matching contributions are limited to 4% of a participant's compensation. The Plan Sponsor elected not to make a discretionary matching contribution for the years ended December 31, 2013 and 2012.

- *Discretionary Employer Profit Sharing Contributions*
  The Plan Sponsor may make profit sharing contributions equal to a discretionary amount to be determined by the Plan Sponsor. Participants must be employed with the Plan Sponsor on the last day of the Plan Year in order to receive a profit sharing contribution. The Plan Sponsor elected not to make a discretionary profit sharing contribution for the years ended December 31, 2013 and 2012.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Qualified Non-Elective Contributions (QNEC)*
  The Plan Sponsor shall have the right to make a discretionary QNEC contribution to eligible participants that are non-highly compensated employees.

- *Employee Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, employer contributions and includes both participant directed and non-participant directed investments. Investment earnings and losses related to participant directed investments are allocated to each participant's accounts based on the earnings and losses of the investments selected. Investment earnings and losses related to non-participant directed investments are allocated to each participant's based on the value of each individual's account to the value of all participant accounts.

Vesting
Participants are always 100% vested in their voluntary contributions as well as any safe harbor employer matching contributions and all earnings thereon. Vesting on discretionary employer contributions is based on years of continuous service. Participants become vested in discretionary employer contributions in accordance with the following schedule:

Years of Service	Nonforfeitable vested interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures
Forfeitures may be used to reduce administrative expenses and employer contributions during the Plan year. At December 31, 2013 and 2012, the forfeiture balance was $4,557 and $4,495, respectively.

Retirement
Normal retirement under the Plan is age sixty-five (65) or the fifth anniversary of participation in the Plan, if later.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death of the participant, or 4) total and permanent disability of the participant. The form of benefit payments may be in a single lump sum or in periodic installments over a period of time.

Administrative Expenses
Administrative expenses of the Plan are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the vested balance of the participant's account and are typically due no later than five (5) years. The Plan Administrator may permit a longer repayment term for loans taken for the purchase of a principle residence. Loan interest rates are set at the prime rate of interest as of the date of the loan plus 1%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles of the United States (U.S. GAAP).

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are stated at fair market value using quoted market prices when available and include participant directed and non-participant directed investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Increases in the share values of investments are reflected in each participant's account. Investments are valued daily.

Estimates and Assumptions

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2012 financial statements in order to conform to the 2013 financial statement presentation.

Income Taxes

The Plan adopted a volume submitter profit sharing plan which obtained a favorable opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2013 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

Concentrations of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

NOTE 3: **CHANGE IN CUSTODIAN**

Effective January 1, 2013, Massachusetts Mutual Life Insurance Company became the custodian of the Plan after acquiring Hartford Life Insurance Company, the custodian of the Plan for the year ended December 31, 2012.

NOTE 7: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1- Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2- Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3- Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7: **FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts: Pooled separate accounts invest mainly in mutual funds, stocks and bonds, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Fixed Income Account: The fixed income account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common Stock: Investments in common stock are valued at quoted prices on the New York Stock Exchange per share at the close of each business day as reported by each company, which value their securities at fair value.

Limited Partnership: The investment in the limited partnership is valued based on a reported net asset value (NAV) determined by calculating the value of assets owned, less liabilities and divided by the number of shares issued. The calculated NAV maximizes observable inputs such as cash flow analyses and includes adjustments for certain risks, which may not be observable, such as appraisals and redemption conditions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE 8: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of nets assets available for benefits.

NOTE 10: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate and fixed income accounts which are managed by the custodian and notes receivable from participants. Fees for investment management and recordkeeping services are paid to the custodian and third party service providers. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 11: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 30, 2014 the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
