Independent Auditors' Report

Plan Administrator Branford Group 401(k) Plan New York, New York

We were engaged to audit the financial statements and the supplemental schedules of the Branford Group 401(k) Plan (the "Plan") as of and for the years ended December 31, 2007, 2006 and 2005, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2007, 2006 and 2005 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2004, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or any other form of assurance on it.

1. Description of Plan

The following description of the Branford Group 401(k) Plan (the "Plan") (formerly known as the Jered Industries, Inc. 401(k) Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covered employees of Jered Industries, Inc. who have three months of service. Effective January 1, 2005, the Plan switched its recordkeeper, custodian and trustee to Fidelity Management Trust Company (the "Trustee") and three other plans merged into the Plan totaling assets of \$3,637,918 and allowed employees of Branford Chain, Inc. ("Branford" or the "Company") and the subsidiaries of the Company, including employees of Dreyfus-Cortney, Inc. ("Dreyfus"), Washington Chain & Supply, Inc. ("Washington"), Lister Chain & Forge, Inc. ("Lister") and E-Mon, LLC ("E-Mon") to participate in the Plan. Also effective January 1, 2005, the Plan changed its name from the Jered Industries, Inc. 401(k) Plan to the Branford Group 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants may also roll over amounts into the Plan representing distributions from other qualified plans.

Matching Contributions

Matching contribution formulas for employees enrolled in the 401(k) feature are determined by the participating employers from the options available under the Plan.

Notes to Financial Statements

(a) Branford Chain, Inc., Dreyfus-Cortney, Inc., Washington Chain & Supply, Inc. and Lister Chain & Forge, Inc.

In 2005, 2006 and 2007, Branford, Dreyfus, Washington and Lister made matching contributions on behalf of qualifying contributing participants or contributing participants who are not highly compensated employees on the following basis: An amount equal to 100% of such contributing participant's elective deferral which does not exceed 3% of the contributing participant's compensation plus 25% of the portion of such contributing participant's elective deferral which exceeds 3% but does 6% of the contributing participant's compensation, subject to maximums set by the Department of the Treasury. The total matching contribution percentage on behalf of any contributing participant may not exceed 3.75% of compensation.

(b) E-Mon, LLC

In 2007, E-Mon made matching contributions on behalf of qualifying contributing participants who are not highly compensated employees on the following basis: An amount equal to 100% of such contributing participant's elective deferral which does not exceed 6% of the contributing participant's compensation.

Profit-Sharing Contributions

For purposes of participant participating in the profit sharing feature, the Plan requires one year of service for eligibility purposes. Participants will be credited with one year of service for eligibility purposes for each twelve-month period during which they have completed 1,000 hours of service.

Lister made profit sharing contributions on behalf of each union employee eligible to participate in the Plan in 2005, 2006 and 2007 on the following basis: An amount equal to 3.0% of such employee's base hourly rate for all hours worked. This provision is consistent with the terms of the Collective Bargaining Agreement concluded between the Company and the Union on June 1, 2005.

Notes to Financial Statements

The Board of Washington declared a profit sharing contribution of 7.5% of eligible compensation for eligible non-union employees for the years ended December 31, 2005, 2006 and 2007.

The Board of Directors of Dreyfus and E-Mon voted not to make a discretionary profit sharing contribution to the Plan on behalf of qualifying participants for the fiscal years ended December 31, 2007, 2006 and 2005, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching and profit-sharing contributions and Plan earnings. The benefit to which a participant is entitled to is the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers 26 mutual funds and a money market fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions based on years of service. Participants vest 20% each year, and are fully vested after 5 years of service.

For the 401(k) plans that were merged into the Plan, certain more favorable vesting schedules that were maintained under the merged plans were grandfathered into the Plan for participants in those plans at the time of the merger.

Notes to Financial Statements

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear at a reasonable rate as determined by the Plan administrator. The loans must be repaid in level payments through payroll deductions over a five-year period, except for the purchase of a principal residence which may be repaid over a reasonable period of time that may be longer than five years. Other than loans that were transferred in, all of the loans' interest rates were fixed at 6.5%.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive their benefit as a lump sum amount or under a systematic withdrawal plan in an amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested are generally used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Company contributions. In 2006, approximately \$7,953 of the forfeiture balance was used to offset Company contributions. As of December 31, 2007, 2006 and 2005, the Plan had \$7,245, \$5,288 and \$7,589, respectively, of unallocated forfeitures.

Administrative Expenses

Administrative expenses not paid by the Company are paid by the Plan. Loan setup fees, short-term trading fees, overnight mailing fees, and certain other miscellaneous fees are deducted from participants' accounts.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments in mutual funds are stated at fair value based on quoted market prices of the net asset value of shares held by the Plan at year end. Participant loans are stated at cost, which approximates fair value.

Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets:

4. Information Certified by the Plan's Trustee

The Plan's administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

Money market fund	\$1,006,448	\$ 842,532	\$ 671,209

funds	381,192	469,283	538,662

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in the fair value of its mutual fund investments which consists of the realized gains or losses, unrealized appreciation (depreciation) and dividends on those investments. Dividends approximated \$430,000, \$260,000 and \$200,000 for 2007, 2006 and 2005.

5. Related Party Transactions

Fees paid by the Plan for the investment management services amounted to \$5,067, \$4,252 and \$15,750 for the years ended December 31, 2007, 2006 and 2005, respectively.

6. Tax Status

The Internal Revenue Service ("IRS") ruled on October 9, 2003 that the Prototype 401(k) Plan (the prototype plan of the Trustee upon which the Plan is based) is acceptable under Section 401(a) of the IRC. The Plan has not applied for a favorable determination letter from the IRS to confirm its tax-exempt status. Although the Plan has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

7. Amounts Due to Participants

In order to ensure favorable tax treatment of participant accounts and to maintain its qualified status, the Plan may not exceed certain maximums for employee elective contributions and employer matching contributions of highly compensated employees as defined in the IRC. The Plan is required to take appropriate actions and make corrective distribution of excess contributions or make additional contributions to the accounts of non-highly compensated employees if IRC requirements are not met. As of December 31, 2007, 2006 and 2005, the Plan recorded amounts payable due to participants of \$16,051, \$13,034 and \$5,599, respectively, as a result of non-discrimination testing related to the 2007, 2006 and 2005 Plan years.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

9. Assets Transferred out of the Plan and Rollovers into the Plan

In August 2005, the business of Jered was sold to PaR Systems, Inc. ("PaR Systems"). As a result, then active Jered employees were no longer part of the Plan. Account balances of participants totaling \$2,699,308 who became employees of PaR Systems were transferred out of the Plan directly into the 401(k) plan of PaR Systems.

On February 12, 2007, the Company acquired certain of the assets and liabilities relating to the U.S.-based services and operations of E-Mon. As a result of this acquisition, E-Mon joined the Plan as a participating employer. Employees of E-Mon were all provided with the opportunity to rollover their existing 401(k) funds from E-Mon's plan to the Plan and began contributing to the Plan during 2007. Rollovers of approximately \$205,000 were deposited during the year ended December 31, 2007. Employees of E-Mon were given credit under the Plan for eligibility and vesting for their prior service.

Notes to Financial Statements

10. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

11. Late Remittances

During the Plan years ended December 31, 2007, 2006 and 2005, employee withholdings in the amount of \$216,567, \$110,002 and \$52,751, respectively, were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA.

The Company has taken the necessary corrective actions by depositing the employee withholdings, including lost earnings, into the Plan in accordance with DOL guidelines.

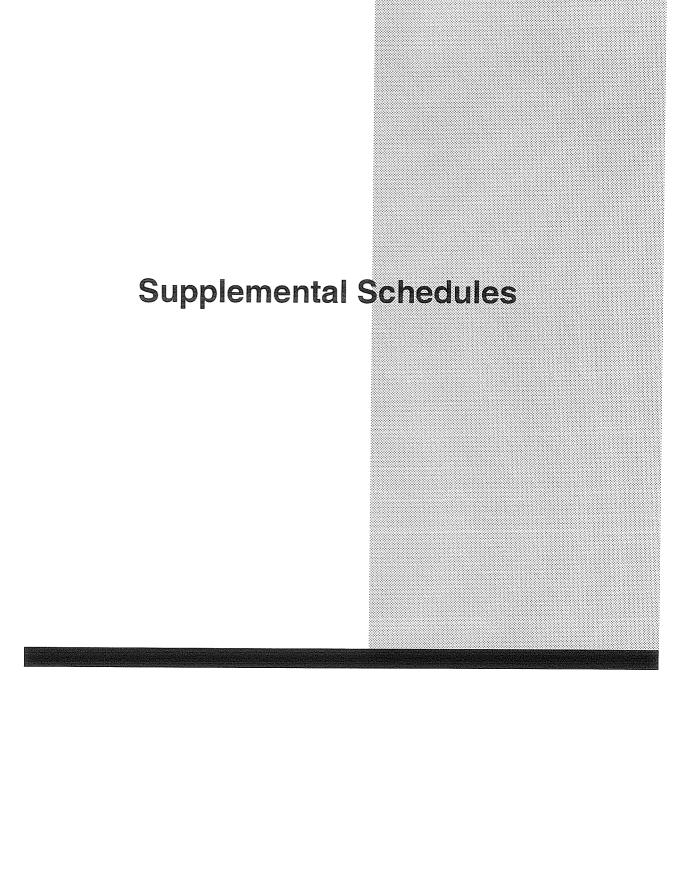

12. Subsequent Events

The Plan administrator has received notices from the Department of Labor ("DOL") that the Plan's Form 5500 filings for the 2006 and 2007 plan years have not been accepted as filed due to the failure to include an accountant's opinion and audited financial statements and accompanying notes. Although the Plan administrator could be subject to IRS and DOL penalties, such penalties, if any, cannot be paid from Plan assets.

On January 1, 2008, the Plan adopted Statement of Financial Account Standards ("SFAS") No. 157, "Fair Value Measurements", which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and expands disclosures about fair value measurements. The adoption of SFAS No. 157 will not have a material impact on the Plan's financial statements.

Notes to Financial Statements

As of January 1, 2008, the Plan was amended to become a "Safe Harbor Plan" under Section 401(k)(12) of the IRC. As a Safe Harbor Plan, Branford, Dreyfus, Washington, Lister, and E-Mon made fully vested safe harbor matching contributions for all eligible participants amounting to 100% of the first 3% of active participant's compensation contributed to the Plan and 50% of the next 2% of the active participant's compensation contributed to the Plan, subject to maximums set by the Department of the Treasury.
