We were engaged to audit the financial statements and supplemental schedule of the SullivanCurtisMonroe 401(k) Plan as of December 31, 2009 and for the period July 1, 2009 through December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and for the period July 1, 2009 through December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SULLIVANCURTISMONROE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2009

1. DESCRIPTION OF PLAN

The following description of the SullivanCurtisMonroe 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of SullivanCurtisMonroe Insurance Services, LLC, J F Monroe & Associates and W R Curtis Corp (collectively referred to as the Company). The Company's adoption of the Plan was effective July 1, 2009. The Plan received a transfer of assets from another plan on July 1, 2009 (see Note 11). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible to participate in the Plan on the first day of each calendar quarter following their date of hire.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 75 percent of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make matching and/or profit sharing contributions as determined each year by resolution of the Company's Board of Directors. For the period July 1, 2009 through December 31, 2009, the Company matched 25 percent of the participant's deferral. Participants must be actively employed on the last day of the Plan year to share in these contributions. For the period July 1, 2009 through December 31, 2009, the Company did not make any discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All account balances not exceeding $1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of a qualifying financial hardship.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions plus actual earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to pay Plan expenses and then reduce future Company contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally carry an interest rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with the provisions of accounting guidance issued by the Financial Accounting Standards Board (the FASB) on fair value measurements (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Company considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Subsequent Events

In May 2009, the FASB issued new guidance which establishes general standards for accounting for and disclosure of events that occur after the date of the financial statements but before financial statements are available to be issued. More specifically, this new guidance sets forth the period after the date of the financial statements during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition in the financial statements, identifies the circumstances under which an entity should recognize events or transactions occurring after the date of its financial statements and the disclosures that should be made about events or transactions that occur after the date of the financial statements. This new guidance provides largely the same framework for the evaluation of subsequent events which previously existed only in auditing literature. The Company has evaluated subsequent events through the date of the audit report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

On July 1, 2009, the Plan adopted the required provisions of accounting guidance issued by the FASB on fair value measurements. The provisions of this guidance defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. The guidance is intended to enable the reader of the financial statements to assess the quality and reliability of the inputs used to develop those measurements by establishing a hierarchy, which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimates about the assumptions market participants would use in pricing the asset or liability based on the best information available under the circumstances.

3. FAIR VALUE MEASUREMENTS – (Continued)

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Defined as quoted market prices in active markets for identical assets and liabilities.
- Level 2 – Defined as observable market-based inputs or unobservable inputs which are corroborated by market data.
- Level 3 – Defined as unobservable inputs that are not corroborated by market data.

The fair value measurement level for an asset or liability, within the fair value hierarchy, is based on the lowest level of input that is significant to the fair value measurement at December 31, 2009. Valuation methods need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used for the Plan's assets to measure fair value at December 31, 2009:

Registered investment companies: These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based upon the market value of the underlying investments and observable inputs. The NAV of the registered investment companies is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Guaranteed investment contracts: The fair value of the guaranteed investment contract (GIC) is determined by multiplying the contract value by a factor which takes into account the remaining number of months until maturity, the composite rate being earned, the declared rate and various pre-established rates of return contractually established by the issuer. The asset is classified within level 3 of the valuation hierarchy because the asset value is not based on a quoted active market and is valued based on unobservable inputs.

Participant loans: Loans to plan participants are valued at amortized cost, which approximates fair value and are classified within level 3 of the valuation hierarchy.

3. FAIR VALUE MEASUREMENTS – (Continued)

Although the methods above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values, the Plan believes its valuation methods are appropriate and consistent with other market participants and that the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy table presents information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2009:

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 18,302,762	$ -	$ 18,302,762	$ -
Guaranteed investment contracts	60,711	-	-	60,711
Participant loans	210,179	-	-	210,179
Total assets at fair value	$ 18,573,652	$ -	$ 18,302,762	$ 270,890

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the period July 1, 2009 through December 31, 2009:

	Participant Loans	Guaranteed Investment Contracts
Balance, beginning of period	$ -	$ -
Transfers	219,189	19,331
Purchases, sales, issuances and settlements, net	(9,010)	41,380
Balance, end of period	$ 210,179	$ 60,711

4. INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009:

Lifestyle Moderate Fund	$ 1,063,320
Lifestyle Balanced Fund	1,423,480
Lifestyle Growth Fund	2,085,105
Stable Value Fund	1,793,670
PIMCO Total Return Fund	2,287,844
PIMCO All Asset Fund	989,150
The Growth Fund of America	1,116,430

For the period July 1, 2009 through December 31, 2009, the Plan's investments in registered investment companies (including investments bought, sold and held during the year) appreciated in value by $2,443,773.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (John Hancock), the custodian of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule as of December 31, 2009 and for the period July 1, 2009 through December 31, 2009.

Registered investment companies	$ 18,302,762
Guaranteed investment contracts	60,711
Cash and cash equivalents	1,976
Net appreciation in fair value of investments	2,443,773
Interest	300

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in investment contracts with John Hancock. John Hancock maintains the contributions in guaranteed investment contracts. These accounts are credited with earnings on the underlying investments and charged with Plan withdrawals. The guaranteed investment contracts are reported at contract value by John Hancock. The guaranteed investment contracts should be reported at fair value as they are non-fully benefit responsive. The difference between fair value and contract value is not material. In 2009, the crediting interest rates ranged from 2.19% to 3.94%. The crediting interest rates are reset upon the maturity of the contracts.

7. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended to include the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. During 2010, the plan administrator became aware of classification errors of contribution types (employee deferral versus employer matching) for certain participants. The plan administrator intends to have these classification errors corrected prior to the 2010 Plan year end. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by John Hancock, the custodian and record-keeper of the Plan. For the period July 1, 2009 through December 31, 2009, the Plan paid administrative expenses totaling $7,552 to John Hancock and the third party administrator of the Plan. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, affected participants become 100 percent vested in their accounts.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. TRANSFERS TO THE PLAN

On July 1, 2009, the Company separated from a multi-employer plan and the participants' assets were transferred to the Plan. The total amount of the transfer was $16,812,476, which is reflected as transfers in to the plan on the statement of changes in net assets available for benefits for the period July 1, 2009 through December 31, 2009. Employees of the Company were immediately eligible to participate in the Plan and have been credited for years of service provided to the Company prior to the transfer.
