Note 1 - Description of Plan

The following description of the Swiss Post Solutions, Inc 401(K) Plan (Plan) provides only general information. Reference should be made to the Plan agreement for a complete description of the provisions.

a) General

The Plan is a defined contribution plan covering eligible employees of Swiss Post Solutions, Inc (employer) who have completed 90 days of service and are not less than age twenty-one as of the entry dates (January 1, April 1, July 1 and October 1). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

b) Contributions

Participants may contribute a percentage of their compensation, as defined, not to exceed Internal Revenue Code (IRC) limits. Participants are automatically enrolled into the Plan for a 3% contribution; they may elect to contribute a different amount (or not to participate). Participants direct the investment of their contributions into various investment options - twenty-one funds are currently offered by the Plan. Participants may contribute distributions received from other qualified plans (rollover contributions). The Plan also allows for employer contributions.

c) Participant Accounts

Each participant's account is credited/charged with his or her a) contributions, b) benefits paid, and an allocation of c) investment results and d) administrative expenses. A participant is entitled to the benefit which may be provided from his or her account.

d) Vesting

Participants are immediately 100% vested in their voluntary contributions (and the earnings thereon), and in certain employer contributions. Participants vest in employer discretionary contributions (100%) after three years of service.

e) Participant Loans

The loans, secured by the balance in the participants' accounts, bear interest at prime plus 1% as of the loan issuance date; rates range from 4.25% to 9.25% and mature through 2015. Loans are limited to the lesser of $50,000 or 50% of their account balance; minimum loan advances are $1,000. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of Plan (Continued)

f) Payment of Benefits

Distributions are available upon termination of service, death, disability, financial hardship or attainment of age 59 ½. Distributions are available from a participant's rollover account at any time. Benefits, payable in a lump-sum, are recognized when paid.

g) Plan Termination

Although it has not expressed the intention, the employer has the right to terminate the Plan subject to provisions of ERISA.

h) Administrative Expenses

Certain administrative expenses are paid by the employer who reserves the right to charge such future expenses to the Plan.

Note 2 - Accounting Policies

a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b) Investment Valuation and Income Recognition

Investment funds are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (Note 5). Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

d) Date of Management's Review

Subsequent events were evaluated through October 13, 2010, which is the date the financial statements were available to be issued.

Note 3 – Investments

The fair value of individual investment funds representing five percent or more of the Plan's net assets are:

	December 31	
	2009	2008
Principal Money Market Sep Acct - R1	**$ 594,034**	$ 628,916
Principal Lifetime 2030 Sep Acct - R1	**164,250**	66,875
Principal Lifetime 2020 Sep Acct - R1	**111,516**	*
Principal Lifetime 2040 Sep Acct - R1	**76,050**	*

* Did not exceed 5% of net assets.

Note 4 - Unaudited Information - Prepared and Certified by Plan Custodian

Principal Life Insurance Company, the custodian, holds the Plan's investment funds and executes investment transactions. Financial information relating to the investment funds and changes therein included in the financial statements and supplemental schedules was provided and certified as complete and accurate by the custodian pursuant to 29 CFR 2520-103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been audited by the independent auditors.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Accounting Standards Codification 820, *Fair Value Measurements*, establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. No Level 1 inputs were available to the Plan, and Level 3 inputs were only used when Level 2 inputs were not available.

Note 5 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments and participant loans at fair value in the accompanying statements of net assets available for benefits:

	Fair Value December 31		Fair Value Measurements Using Significant Other Observable Inputs (Level 2)		Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	
	2009	2008	2009	2008	2009	2008
Investment funds	**$ 1,254,904**	$ 974,943	**$ 1,254,904**	$ 974,943		
Participant loans	**39,701**	37,048			**$ 39,701**	$ 37,048

Note 5 - Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

Investment funds: Consist of pooled separate accounts which invest mainly in asset backed securities, residential and commercial mortgage backed securities, corporate bonds, equities and mutual funds. The Funds' valuation methodology used to measure the fair value of these investments were derived from Level 1 quoted market prices in active markets and Level 2 observable prices for similar assets in active or non-active markets. However, because the pooled separate accounts themselves are not actively traded, they are considered to be Level 2 investments, regardless of whether Level 1 or Level 2 inputs were used to value the underlying assets of the funds.

Level 3 Fair Value Measurements

Participant loans: The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table sets forth a summary of changes in the Plan's fair value of assets based on significant unobservable inputs (Level 3):

	Year Ended December 31	
	2009	2008
Balance - beginning of year	**$ 37,048**	$ 52,310
Net loan issuances, repayments and settlements	**2,653**	(15,262)
Balance - end of year	**$ 39,701**	$ 37,048

Note 6 - Tax Status

The Plan is based on a prototype plan offered by the custodian, and plan management did not elect to obtain an individual determination letter. Although no determination letter has been received, plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to Schedule H of Form 5500:

	December 31	
	2009	2008
Net assets available for benefits - financial statements	**$1,310,740**	$1,066,093
Amounts accrued for:		
Delinquent contributions	**(7,317)**	(45,378)
Lost earnings	**(1,044)**	(1,227)
Participant loan interest		(300)
Other	**(192)**	
Net assets available for benefits - Schedule H of Form 5500	**$1,302,187**	$1,019,188

The following is a reconciliation of the net increase in net assets available for benefits reported on the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

Net increase in net assets available for benefits - financial statements	$ 244,647
Decrease in accruals:	
Delinquent contributions	38,061
Participant loan interest	300
Lost earnings	183
Other	(192)
	$ 282,999

Note 8 - Related Party Transactions

Certain investment funds consist of units of participation in pooled separate accounts managed by Principal (Note 4). Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes may materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Delinquent Contributions

Department of Labor (DOL) regulations require that participant contributions be remitted to the custodian on a timely basis. Contributions remitted beyond the time allowed under the regulations result in a prohibited transaction as defined by DOL. Certain participant contributions approximating $172,000 (2009) and $100,000 (2008) were not remitted timely. As of December 31, 2009, all (including lost earnings) but approximately $10,000 of these contributions have been remitted to the custodian. The employer intends to remit the $10,000 by the end of the 2010 plan year.
