Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN AND TRUST

The AMSTED Industries Employees' Beneficiary Association Trust ("the Trust") was established effective July 1, 1950 and is sponsored by AMSTED Industries Incorporated ("the Company").

Effective January 1, 1989, the various welfare benefit plans funded by the Trust were amended and restated as "Benefit Programs" and consolidated under a single umbrella benefit plan known as the AMSTED Industries Incorporated Welfare Benefits Plan ("the Plan").

The Trust, which funds the Plan, constitutes a Voluntary Employee's Beneficiary Association ("VEBA") within the meaning of Section 501(c)(9) of the Internal Revenue Code. Certain self-insured benefit programs are funded through the Trust. The Trust is the funding medium for the Plan and all of its medical and welfare benefit programs covering employees at various Company divisions. The programs provide medical, dental, vision, pharmacy, and life insurance benefits. Employees of the Company and its divisions are covered under the Plan. Eligibility requirements and coverage may vary by division.

The assets of the benefit programs are commingled for investment purposes and cannot be segregated. Accordingly, the accompanying statements of net assets and of changes in net assets reflect the combined activity of all participating programs of the Plan.

As of September 30, 1998, two trusts were established for the Plan. During the fourth quarter of plan year 1999, these two trusts were further subdivided into five trusts that accounted for plan participants as follows: active bargaining, active nonbargaining, retired bargaining, retired nonbargaining, and retired nonbargaining life. During the 2006 plan year, the five trusts were reorganized into two trusts as follows: one trust to account for the activity of all active participants and one trust to account for the activity of all retired participants. Beginning October 1, 2010, the trust to account for the activity of all retired participants was spun off into a separate plan, known as the Amsted Industries Incorporated Retiree Welfare Benefits Plan (the "Retiree Plan"). The Trust account is funded separately by the Company. Wells Fargo Bank, N.A. (Trustee) is the trustee of the Plan.

The Company has administrative service contracts with Delta Dental, Blue Cross Blue Shield of Illinois, Vision Service Plan Insurance Company, Express Scripts Holdings Co., and Towers Watson under which certain administrative functions are performed for the Plan.

The Company anticipates and believes that the benefit programs will continue without interruption but reserves the right to amend or discontinue the benefit programs. In the event that such discontinuance results in the termination of any program, the Trustee shall make distributions as directed by the plan administrator after reserving a sufficient amount of assets that the Trustee shall deem reasonably necessary to provide for any claims pending but unpaid and any claims incurred but not reported.

The Company sold the Griffin Pipe division including all locations, except for Florence, effective January 31, 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, investment income is recognized when earned, and expenses are recognized when incurred.

As benefits are paid by the Plan, the Plan's obligations are funded through Company and plan participant contributions. The excess of benefit obligations over net assets available for benefits will be funded as necessary by future contributions from employees and the Company.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. See Note 4 for further details. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Contributions: All contributions to the Trust are made by the Company, its divisions, and employees of the Company. Company contributions to the Plan are made from general Company funds. The Company's policy is to contribute money sufficient to fund claims as paid. Employees of the Company contribute to the Plan based on cost-sharing amounts determined on an annual basis by the actuary and are approved by the AMSTED Retirement and Welfare Benefits Committee. Cash held by the Trust is maintained in a short-term interest-bearing fund.

Payment of Benefits: Benefits and insured plan premiums are recorded when paid.

Administrative Expenses: Certain expenses incurred in the administration of the Plan are paid from the assets of the Plan. The Company also pays certain expenses on behalf of the Plan.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Claims Incurred But Not Reported: The estimated plan obligations for benefits associated with claims incurred but not yet reported were calculated by the Plan's management and are based on historical claims experience and assumptions regarding time periods for claims submission and processing.

NOTE 3 - INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits.

	2014	2013
Investments at fair value:		
Wells Fargo Advantage Heritage Money Market Inst Class	$ 1,274,884	$ 394,347
Total investments	$ 1,274,884	$ 394,347

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at September 30, 2014		
	Quoted Prices in Active Markets For Identical Assets Level (1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs Level (3)
Money market mutual funds	$ 1,274,884	$ -	$ -

	Fair Value Measurements at September 30, 2013		
	Quoted Prices in Active Markets For Identical Assets Level (1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs Level (3)
Money market mutual funds	$ 394,347	$ -	$ -

NOTE 5 - TAX STATUS OF THE TRUST

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 11, 1990 that the Trust is designed in accordance with the applicable sections of the Internal Revenue Code Section 501(c)(9). The Trust has been amended since the date of the determination letter. However, the plan administrator believes that the Trust is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 - RISKS AND UNCERTAINTIES

The investments of the Plan consist of shares in money market mutual funds. The investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk of certain investments and the uncertainty related to changes in these investments, it is at least reasonably possible that changes in risks in the near term would materially affect amounts reported in the financial statements. As of September 30, 2014 and 2013, 100% of the Plan's investments were in one money market mutual fund managed by Wells Fargo Bank, N.A.

NOTE 7 - PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invests in shares of a money market mutual fund offered by the Trustee of the Plan. This investment totaled $1,274,884 and $394,347 at September 30, 2014 and 2013, respectively.

The Plan also pays administrative fees to parties-in-interest for claims administration, trustee and actuarial services.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 8, 2015, which is the date the financial statements were available to be issued.
