WAWONA FROZEN FOODS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2014

1. PLAN DESCRIPTION

The following brief description of the Wawona Frozen Foods 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Agreement for more complete information.

General - The Plan was established on January 1, 1991, and covers all employees who have completed one year of service and who are twenty-one years of age or older. The Plan is subject to the Employee Retirement Income Securities Act of 1974 ("ERISA") and is exempt from Federal and California taxes on income under the current provisions of the Internal Revenue Code and the California Revenue and Taxation Code, respectively. There were 391 participants in the Plan as of December 31, 2014. Once eligible to participate, employees can enter the Plan on the first day of January or July.

Administration - The Plan is administered by Wawona Frozen Foods (the "Company"). Professional fees related to the administration of the Plan are paid by the Company.

Contributions - Participant contributions to the Plan are elective deferrals, wholly vested, and are invested in accordance with the participant's instructions. The Company provides a matching contribution up to 3% of the employee's eligible compensation. The matching contribution is provided to active employees only.

Forfeitures - Forfeitures of non-vested participant accounts totaled $3,488 for the year ended December 31, 2014.

Participant Accounts - Each participant's account is credited with their contributions and the Company's matching contributions and actual earnings on investments are allocated exclusively to the electing participant. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

Investing Options - The Plan holds its investment options through John Hancock Life Insurance Company. Upon enrollment in the Plan, a participant may direct contributions between three Guaranteed Interest Accounts and up to forty-nine Mutual Funds.

Vesting - Participants are immediately vested in their elective deferral contributions and actual earnings at all times. Participants are vested in the employer contributions in accordance with the following schedule:

Year	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits - Upon termination of service (retirement, termination of employment, disability or death), a qualified participant's vested account balance will be distributed in installments or one lump sum in accordance with Plan provisions.

Participant Loans - The Plan allows participants to borrow funds from the Plan's assets, up to the lesser of one-half of their elective deferral and/or rollover account balance or $50,000, per Plan participant. Principal and interest must be repaid not less frequently than quarterly over a period not to exceed five (5) years. Loans used to acquire a principal residence shall provide for periodic repayment over a reasonable period of time that may exceed five (5) years. All loans are secured by a minimum of 50% of the participant's vested interest in the Plan. Interest is determined by the Plan administrator and ranges from 4.25% to 7.00%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments - The Plan's investments are stated at fair value, except for guaranteed interest contracts, which are stated at contract value as reported to the Plan by the insurance company. The estimated fair value of the guaranteed interest contract is $594,385. The fair values of the investments are stated at quoted market prices as determined by the custodian, John Hancock Life Insurance Company (Note 3). Participant loans are valued at cost, which approximates fair value.

Purchases and sales securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value of Financial Instruments - The carrying value of the Plan's investments approximates fair value, except for the guaranteed interest contract, because of the short-term maturity of those instruments. The Plan estimates the fair value of their participant loans based on the current rates available to them for loans of the same remaining maturities. The estimated fair values of the Plan's participant loans approximates their recorded values at December 31, 2014.

Payment of Benefits - Benefits are recorded when paid.

3. INVESTMENTS

The Plan has an investment arrangement with John Hancock Life Insurance Company to purchase guaranteed interest contracts and pooled separate accounts. John Hancock Life Insurance Company maintains the contributions in separate allocated accounts. The participant's account is credited with actual earnings on the contracts and funds, and charged for Plan withdrawals. The investments are included in the financial statements at the end of year values reported and certified to the Plan by John Hancock Life Insurance Company as complete and accurate. The investments held with John Hancock Life Insurance Company represent 97% of the Plan's assets as of December 31, 2014 and 2013.

The following represents the fair value of investments at December 31:

	2014	2013
Investments at Fair Value as Determined by Quoted Market Price:		
Pooled separate accounts	$3,250,141	$3,280,534
Participant loans receivable	151,046	192,159
Total	3,401,187	3,472,693
Investments at Contract Value:		
Guaranteed interest accounts	594,385	559,363
Total investments	$3,995,572	$4,032,056

During the year ended December 31, 2014, the Plan's investments (including investments both sold and held during the year) appreciated as follows:

Investments at Fair Value as Determined by Quoted Market Price:	
Pooled separate accounts	$105,419

Investments representing five percent or more of the Plan's net assets are as follows as of December 31, 2014:

John Hancock Life Insurance Company:	
Pooled separate accounts:	
American Balanced Fund	$ 255,716
Money Market Fund	740,855
Mid Cap Stock Fund	256,596
Guaranteed interest accounts	517,377
Davis New York Venture	204,425
	$1,974,969

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

	Fair Value	Fair Value Measurement Using Quoted Prices in Active Markets (Level 1)
Aggressive growth	$ 712,218	$ 712,218
Asset allocation	742,658	742,658
Conservative	740,855	740,855
Growth	386,862	386,862
Growth and income	585,566	585,566
Income	81,982	81,982
Total	$3,250,141	$3,250,141

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service determined and informed the Plan, by a letter dated March 31, 2003, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, amounts credited to participant accounts will continue to be 100% vested and nonforfeitable.

7. ADP/ACP NONDISCRIMINATION TEST

The Plan passed the nondiscrimination test performed by the plan administrator for plan year ended December 31, 2014.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

No events have occurred subsequent to the plan year end, December 31, 2014, through the date of issuance of the financial statements, August 13, 2015, which would require financial statement disclosure.
