THE LIRO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of the Plan

Effective January 1, 1990, The Liro Group 401(K) Plan formerly LIRO Engineers, Inc. (the "Employer") formed a 401 (k) savings plan (the "Plan") for the benefit of all eligible employees. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of the Employer after their completion of one-quarter year of credited service and upon attaining the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan are held by the trustees established under the Plan. The participant has a choice of allocating their account among nineteen investment options.

Participant Contributions
The Plan provides that the employees may contribute up to 18% of their pretax annual compensation, limited to amounts prescribed by the Internal Revenue Service, adjusted annually.

Employer Contributions
The Plan provides that the Employer will make matching contributions of 37.5 percent of the first 4 percent of compensation that a participant contributes to the Plan.

Participants' Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) Employer's contribution, and (b) increases (decreases) in the value of the Invested funds.

Vesting
Participants are immediately vested in their contributions. The company's matching contributions are phased in over time.

Loans
The Plan provides that active employees with at least one year of participation may apply to the Plan or loan administrator for borrowings of up to 50% of their vested interest, not to exceed $50,000. Additional limitations, interest rates and payment term information is outlined in the plan agreement.

NOTE 1 - Description of the Plan, continued

Benefits

Termination Benefits
On termination, a participant shall be entitled to receive a lump-sum distribution of their entire vested interest.

Normal Retirement Benefits
Upon eligibility for retirement, participants shall be 100% vested in their account. The normal retirement date is the first day of the month preceding the date on which the employee attains age 65.

Vested Termination Benefits
A participant's elective contribution is 100% vested. The vesting of the Employer contribution is also 100% vested.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments
Investments are stated at fair value as measured by quoted market prices or estimated market prices.

Income Taxes
The Plan is exempt from Federal income taxes under Section 501 (a) of the Internal Revenue Code.

ACCOUNTANTS' REPORT ON INFORMATION ACCOMPANYING THE BASIC FINANCIAL STATEMENTS

My audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes, loans or fixed income obligations and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
