INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Logix Communications, LP 401(k) Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Logix Communications, LP 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified and provided by Voya Retirement Insurance and Annuity Company, custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Logix Communications, LP 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document. The Plan was formed on May 6, 2002 and was amended and restated effective March 1, 2010. Logix Communications, LP and affiliates (Austin Executive Airport Services, LLC, Houston Executive Airport Services, LLC, Henriksen Foundation, WCF, LLC,) are herein collectively referred to as the "Company", the "Employer", or "Plan Sponsor."

General and Eligibility – The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service with the Company and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Custodian and Administration – Voya Retirement Insurance and Annuity Company ("Voya") serves as custodian and recordkeeper (the "Custodian") of the Plan. Duties of the Custodian include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed. The term "trust fund" refers to all assets of whatever nature held from time to time by the Custodian under the trust without distinction between contributions and income. The Plan Sponsor is also the Plan Administrator.

Contributions – Participants may contribute to the Plan an amount not to exceed 100% of their compensation. The Company may contribute to the Plan a discretionary matching amount to be divided among all eligible participants so that each individual receives the same percentage of taxable wages or salary (without any additional exclusions). Each participant's annual contribution shall not exceed the maximum amount allowed for deferral for federal taxes, which for 2015 was $18,000, plus additional "catch up" contributions of $6,000 for employees over the age of 50 as permitted by the Internal Revenue Code ("IRC"). Additionally, the Company may contribute to the Plan a discretionary non-elective amount. No discretionary matching or discretionary non-elective contributions were made by the Company for 2015.

If a participant makes a contribution during any year in an amount which exceeds the maximum amount allowed under the IRC pertaining to highly compensated employees, the Company's discretionary matching contribution on such additional participant contribution may be forfeited by the participant. Any participant contributions that are ultimately determined to exceed the maximum amount allowed under the IRC pertaining to highly compensated employees will be returned to the participant. The Plan failed the discrimination test for the 2014 Plan year (Note 9).

1. DESCRIPTION OF PLAN (continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching and discretionary non-elective contributions, Plan earnings, and forfeitures of the non-vested portion of terminated participants' accounts. The various participant allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Upon enrollment into the Plan, a participant may direct contributions in any increment to the investment options offered by the Plan. Any Employer contributions are invested in the same percentages as the participant contributions. Participants can change the allocation of their existing funds and future contributions at any time.

Vesting – Participants are immediately vested in their contributions (including rollovers) plus actual earnings thereon. Vesting in the Company's contributions is based on years of service with the Company. Participants vest 20% per year and are 100% vested after five years of credited service. Participants also become fully vested in the entire amounts allocated to their accounts upon reaching 59 ½ years of age or if employment is terminated by reason of total and permanent disability or death.

Forfeitures are first used to reduce the Plan administrative expenses, then to reduce discretionary matching contribution to the Plan for the following year. During 2015 and 2014, the Company had no forfeitures.

Payment of Benefits – A participant whose employment terminates for any reason (except death) is entitled to receive the vested portion of their account in the form of a lump sum payment (with appropriate taxes withheld) or a qualified rollover.

Unless earlier payment is elected by terminated employees, benefit payments do not commence earlier than the last day of the Plan year in which a participant ceases to be an employee or experience a break in service. During this interim period, terminated employees are considered to be Plan participants for reporting purposes and accordingly, benefits due such terminated employees are included in net assets available for benefits.

1. DESCRIPTION OF PLAN (continued)

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may have only one outstanding loan at any time. The loans are secured by the balance in the participant's account and bears interest at a rate of 5.25%, which is commensurate with prevailing market rates. Principal and interest is repaid ratably through payroll deductions. Loan terms are not to exceed five years, unless the loan was obtained to acquire a primary residence.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting − The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates – The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes to the financial statements. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized gains or losses and unrealized appreciation or depreciation on the Plan's investments.

Based upon the market value of the underlying securities as determined by Voya, investments are purchased and sold at the fair value of the underlying investments and receive the interest and dividend earnings of the underlying investments. Fixed accounts, if determined to be fully benefit-responsive, are stated at fair value and adjusted to contract value.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

The Voya Fixed Account invests primarily in asset-backed contracts that are fully benefit-responsive. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of the net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

The average interest rate credited to participants on these accounts, which approximated the average effective yield, was approximately 1.68% during 2015.

All of the asset-backed contracts held by the Voya Fixed Account are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the Voya Fixed Account in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the Voya Fixed Account is unable to meet the terms of the contract.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefits Payable – Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but not yet been paid are not accrued. As of December 31, 2015 and 2014, there were no amounts payable to participants.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Administrative Fees – Expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Expenses that are paid directly by the Employer are excluded from these financial statements. Expenses related to the administration of notes receivable from participants, and other participant-directed expenses, are charged directly to participant's accounts and are included in administrative expenses of the Plan on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Recent Accounting Pronouncements – The FASB recently issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize these investments within the fair value hierarchy and also removes the requirements to make certain disclosures. It is effective for fiscal years beginning after December 15, 2016. Plan Administrator is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan's financial statements.

The FASB recently issued ASU 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This update reduces complexity in employee benefit plan accounting. The amendments in Part I of ASU 2015-12 designate contract values as the only required measure for fully benefit-responsive investment contracts. The amendments in Part II of ASU 2015-12 require that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. The amendment also eliminates the current requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. The amendments in Part III of ASU 2015-12 provides a practical expedient that permits plans to measure investments and investment-related accounts as of a month end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with month end. The amendments in Part I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively for all financial statements presented. The amendments in Part III are effective for fiscal years beginning after December 15, 2015 and should be applied prospectively. Early adoption is permitted for all parts of ASU 2015-12. Plan Administrator elected to early adopt this guidance.

3. INFORMATION CERTIFIED AND PROVIDED BY VOYA

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	DECEMBER 31,	
	2015	2014
INVESTMENTS:		
Mutual funds, at fair value	$ 8,215,311	$ 8,133,093
Fixed account, at contract value	385,826	386,486
	8,601,137	8,519,579
Notes receivable from participants	222,133	207,782
	$ 8,823,270	$ 8,727,361

Voya certified the completeness and accuracy of $177,765 of net depreciation in fair value of mutual funds and $6,477 of interest and dividends related to mutual funds and the fixed account, and $10,536 of interest related to notes receivable from participants for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The Plan follows ASC 820, *Fair Value Measurements and Disclosures,* for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset or liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under the ASC are described below:

4. FAIR VALUE MEASUREMENTS (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value ("NAV") or shares held by the Plan at year end.

There have been no changes in methodologies as of December 31, 2015 and 2014.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as follows:

	INVESTMENTS AT FAIR VALUE AS OF DECEMBER 31, 2015			
	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 8,215,311	$ –	$ –	$ 8,215,311
Total investments at fair value	$ 8,215,311	$ –	$ –	8,215,311
Investments measured at net asset value (NAV)*				385,826
Total investments				$ 8,601,137

	INVESTMENTS AT FAIR VALUE AS OF DECEMBER 31, 2014			
	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 8,133,093	$ –	$ –	$ 8,133,093
Total investments at fair value	$ 8,133,093	$ –	$ –	8,133,093
Investments measured at net asset value (NAV)*				386,486
Total investments				$ 8,519,579

*Change due to ASU 2015-07 for funds that qualify and use NAV as practical expedient only.

There were no significant transfers in and/or out of the fair value categories during 2015 and 2014.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

6. TAX STATUS

On March 1, 2010, the Plan was amended and restated by adopting a Volume Submitter 401(k) Profit Sharing Plan with CODA (Volume Submitter Plan) provided by Nova 401(K) Associates. The Volume Submitter Plan received an opinion letter dated July 1, 2009 from the Internal Revenue Service ("IRS") that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in notes to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Administrator believes it is no longer subject to income tax examinations by federal, state or local authorities for years prior to 2010.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits from the accompanying financial statements to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 8,823,270	$ 8,715,671
Excess contributions payable	–	11,690
Net assets available for benefits per the Form 5500	$ 8,823,270	$ 8,727,361

The following is a reconciliation of a change in net assets available for benefits from the accompanying financial statements to the Form 5500 for the year ended December 31, 2015:

Net change in in net assets available from the accompanying financial statements	$ 107,599
Change in excess contribution payable	(11,690)
Changes in net assets available for benefits per for Form 5500	$ 95,909

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds and a fixed account managed by Voya. Transactions in such investments qualify as parties-in-interest transactions which are exempt from ERISA's prohibited transaction rules. These transactions are identified in the supplemental schedule.

9. EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination tests for the year ended December 31, 2014. As a result, the Plan recorded excess contributions payable of $11,690 as of December 31, 2014 in the accompanying statements of net assets available for benefits. The Plan reimbursed these excess contributions to affected participants before March 15, 2015.

10. SUBSEQUENT EVENT

Subsequent events have been evaluated through August 30, 2016, the date which these financial statements were available to be issued.

On July 7, 2016, the Plan Sponsor was acquired by a third-party private equity group, Astra Capital Management, which resulted in a partial plan termination. This affected affiliate companies Austin Executive Airport Services, LLC, Houston Executive Airport Services, LLC, Henriksen Foundation, and WCF, LLC, and two former members of executive management. Five participants (former CFO, CEO and three members from affiliate groups) are no longer eligible to contribute to the plan, and have taken no distributions from the plan in the current year.
