GOLDEN TOUCH IMPORTS, INC.
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS AT DECEMBER 31, 2015

Note A - Description of Plan

Golden Touch Imports Inc. (the "Company" and "Plan Sponsor") established the Golden Touch Imports, Inc. Profit Sharing Plan (the "Plan") effective as of May 31, 1981.

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

1. *General and Eligibility.* The Plan is a defined-contribution plan covering all full-time employees of the Company and its affiliates. An employee is eligible to participate on the first day of the first month and seventh month following completion of one year of service and attaining the age of twenty one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

2. *Contributions.* Each year participants may contribute an amount up to 100% of pre-tax compensation, as defined in the Plan, subject to limitations set by law. Participants may also contribute amounts representing distributions (rollovers) from other qualified retirement plans. The Company may contribute a discretionary profit sharing contribution, as defined in the Plan. Participants must have completed at least 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year in order to be eligible to receive the employer contribution.

3. *Participant accounts.* Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

5. *Investment options.* Participants may direct the investment of the amount in their account into investment options offered by Principal Life Insurance Company ("Principal Life") and Principal Trust Company ("Principal Trust"). Principal Life offers eleven pooled separate accounts ("PSA"). Principal Trust offers through other investment funds, seven registered investment companies ("RIC" or mutual funds), eleven common collective trust accounts ("CCT"), and one fixed income guarantee option account ("FIGO").

Note A - Description of Plan (Continued)

6. *Notes Receivable from Participants.* Participants may borrow up to three notes at any one time from their account from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The note repayment period cannot exceed five years unless such note is used to acquire the participants' principal residence. The notes are secured by the balance in participant's account and bear interest at rates ranging from 4.25% to 4.75% as at December 31, 2015. Principal and interest is paid through bi-weekly payroll deductions.

7. *Payment of benefits.* On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period, as defined. Normal retirement is the date a participant attains age 65. Participants are able to take a hardship withdrawal from their account as defined by the Internal Revenue Code ("IRC"). For termination of service due to other reasons, participants receive the value of the vested interest in his or her account as a lump-sum distribution.

8. *Forfeited accounts.* As at December 31, 2015 and 2014, forfeited nonvested accounts totaled $30,272 and $29,908, respectively. These accounts may be used to pay administrative expenses of the Plan, reduce the employer contribution to the Plan or be reallocated to the remaining participants in the Plan. During the year ended December 31, 2015, there were additional forfeitures of $9,415 net of investment gains and the Plan utilized $9,050 of the unallocated forfeitures to reduce employer contributions.

Note B - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note B - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fixed income guaranteed option, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ depreciation in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year. For the FIGO, interest income is recorded at the rate in effect the day it is directed into the account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to the Plan's net assets presented as corrective distributions. The Plan distributed the 2015 excess contributions to the applicable participants in February 2016.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

Note C - Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, "Fair Value Measurements and Disclosures" establishes a framework for measuring fair value. The framework provides a hierarchy that prioritizes the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Note C - Fair Value Measurements (Continued)

The hierarchy consists of three broad levels:

Level 1 - Quoted prices in active markets for identical assets. This level has the highest priority.

Level 2 - Quoted prices for similar assets in active markets, quoted prices for identical or similar assets not traded in active markets and other observable inputs.

Level 3 - Prices or valuations that are unobservable. This level has the lowest priority.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): "Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (of Its Equivalent)", which removes the disclosure requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. Prior to the issuance of the standard, investments which use NAV per share as the practical expedient to measure fair value were categorized within the fair value hierarchy using certain specified criteria. The amendments in ASU 2015-07 are effective for non-public business entities for fiscal years beginning after December 15, 2016, with early adoption permitted. The guidance in ASU 2015-07 is applied retrospectively to all periods presented.

The Plan has elected to adopt the guidance in ASU 2015-07 for its December 31, 2015 financial statements to eliminate diversity in practice resulting from the way in which investments measured at NAV per share are classified. The Plans investments in CCT's and PSA's use NAV per share as the practical expedient to measure fair value. The summary of the Plan's investments at fair value within the fair value hierarchy for the year ended December 31, 2014 included in these financial statements has been revised from the summary included in the December 31, 2014 financial statements to conform with the provisions of ASU 2015-07.

In July 2015, the FASB issued ASU No. 2015-12, Defined Contribution Plans (Topic 962), which includes: Part I Fully Benefit-Responsive Investment Contracts ("Part I") and Part II Plan Investment Disclosures ("Part II"). Under the amendments in Part I, fully benefit responsive investment contracts are measured, presented, and disclosed only at contract value. Prior to the issuance of Part I, fully benefit-responsive investment contracts were required to be measured at contract value and include an adjustment to reconcile contract value to fair value, when these measures differ, on the face of the plan financial statements. The amendments in Part II of the ASU eliminate the requirements to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or deprecation for investments by general type. The net appreciation or deprecation for investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. The amendments in ASU 2015-12, Parts I and II, are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The guidance in ASU 2015-12, Parts I and II is applied retrospectively for all financial statements presented.

Note C - Fair Value Measurements (Continued)

The Plan has elected to adopt the guidance in Parts I and II of ASU 2015-12 for its December 31, 2015 financial statements to reduce complexity in the preparation and presentation of its financial statements. The Plan has a fully benefit-responsive investment contract with Principal Trust which is presented in the statements of net assets available for benefits as the Fixed Income Guarantee Option at a contract value of $1,069,470 and $921,639 as at December 31, 2015 and 2014, respectively. The summary of the Plan's investments at fair value within the fair value hierarchy for the year ended December 31, 2014 included in these financial statements has been revised from the summary included in the December 31, 2014 financial statements to conform with the provisions of ASU 2015-12. The statement of changes in net assets available for benefits for the year ended December 31, 2015 presents the net depreciation in the fair value of investments in the aggregate and the disclosure of investments representing 5 percent or more of net assets available for benefits has been eliminated.

The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments at fair value as at December 31, 2015 and 2014:

Note C - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Registered investment companies: Valued at the quoted marked price reported on the active market on which the mutual fund is traded.

Common Collective Trusts and Pooled Separate Accounts are valued at the NAV of the collective trust funds and separate accounts, respectively, which are not publicly traded. The NAV, as provided by Principal Life, serves as a practical expedient to estimate the fair value of a CCT and PSA. The CCTs and PSAs held can be redeemed at NAV as of the measurement date and are redeemable on a daily basis. Unfunded commitments typically are found in private equity funds and therefore are not applicable to CCTs and PSAs. Redemption frequency and notice period is on a daily basis and 1 day notice, respectively. As at December 31, 2015 and 2014, investments in the CCTs and PSAs valued at NAV totaled $9,394,476 and $10,240,960, respectively.

The following tables summarize investments measured at fair market value based on net asset value per share as at:

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 4,100,526	N/A	Daily	1 day
Pooled separate accounts	5,293,950	N/A	Daily	1 day
	$ 9,394,476			

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 4,557,611	N/A	Daily	1 day
Pooled separate accounts	5,683,349	N/A	Daily	1 day
	$ 10,240,960			

Note D - Investment Information Certified by the Plan's Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Life and Principal Trust at December 31, 2015 and 2014 and for the year ended December 31, 2015.

	2015	2014
Investments at fair value:	$ 11,989,362	$ 12,698,613
Investments at contract value:	$ 1,069,470	921,639

Net depreciation in investments at net assets value	$ (337,836)
Interest on fixed income guaranteed option account	$ 13,152
Dividends	$ 23,346

Note E - Fixed Income Guaranteed Option

The Plan's investment in the Fixed Income Guarantee Option with Principal Trust meets the fully benefit-responsive investment contract criteria. Principal Trust maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is based on a composite crediting rate, with a guaranteed minimum interest rate. The composite crediting rate and guaranteed minimum interest rate are calculated based upon the terms of the contract with Principal Trust and are reset on a semiannual basis. The contract provides that the guaranteed minimum interest rate cannot be less than 1% or greater than 3%.

The FIGO is valued at contract value minus early withdrawal charges which is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. As at December 31, 2015 and 2014, the FIGO at contract value amounted to $1,069,470 and $921,639, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The following are the average yield and crediting interest rates as at December 31, 2015 and 2014:

	2015	2014
Based on actual earnings	1.94%	2.00%
Based on interest rate credited to participants	1.94%	2.00%

Note F - Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, that the form of the prototype plan that the Plan Sponsor has adopted as the Plan is acceptable under section 401 of the Internal Revenue Code ("IRC"). The Plan and prototype plan have been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain tax position that will more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note H - Related Party Transactions and Party In Interest Transactions

The Trustee as defined by the Plan has the primary duty and responsibility to administer, manage, and control the assets of the Trust. The Trustee has retained Associated Pension, to act as the administrator of the Plan. Principal Life and Principal Trust were appointed the custodians of the Plan, by the trustee, to hold and maintain all of the assets of the Trust. Principal Trust also acts as the record keeper of the Plan.

Plan investments include PSAs managed by Principal Life and CCTs, RICs and an FIGO managed by Principal Trust. Fees incurred by the plan for the investment management services are included in net appreciation/ depreciation in fair value of investments. These transactions qualify as party-in-interest transactions.

The Company absorbs certain costs of administering the Plan principally consisting of professional fees and limited costs of the Company's personnel involved in administrative matters of the Plan and are excluded from these financial statements.

Note I - Excess Contributions

During the years ended December 31, 2015 and 2014, corrective distributions of $28,684 and $45,817, respectively, were recorded for certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts were also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2015 and 2014, respectively.

Note J - Former Participant Account Balances

At December 31, 2015 account balances of retired and separated participants of the Plan approximated $1,222,323 which represents approximately 9% of net assets available for benefits at that date.
