REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Wiseda Corporation Voluntary Employees
Beneficiary Association Health Care Plan

We have audited the accompanying statements of net assets available for benefits and benefit obligations of the Wiseda Corporation Voluntary Employees Beneficiary Association Health Care Plan (the "Plan") as of June 30, 2009 and 2008, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Wiseda Corporation Voluntary Employees Beneficiary Association Health Care Plan as of June 30, 2009 and 2008, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

WISEDA CORPORATION VOLUNTARY EMPLOYEES BENEFICIARY ASSOCIATION HEALTH CARE PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2009 and 2008

A. Description of the Plan

The following description of the Wiseda Corporation Voluntary Employees Beneficiary Association Health Care Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended, was created under a trust agreement effective August 1, 1997 between Wiseda Corporation and its affiliated organizations (the "Employers") to provide health and other benefits to eligible employees of the Employers. Full-time employees are eligible to participate in the Plan beginning on the first day of the month following completion of three months of full time service.

During June 2008, the Trustees voted to terminate the VEBA trust due to the Employers obtaining medical, prescription drug and vision benefits through a fully insured policy with an insurance carrier. See Note C for further discussion.

Benefits

The Plan provides medical, prescription drug, and vision benefits which are processed by a third-party administrator. Effective July 1, 2008, in addition to the vision benefits, the medical and prescription coverage was fully insured by an insurance carrier. The Plan has contracted for stop-loss insurance for annual claims in excess of $50,000 per participant.

Contributions

The Employers voluntarily fund the Plan for benefits, premiums and administrative expenses to the extent contributions by participants are insufficient to cover Plan obligations. Plan participants make contributions to the Plan through payroll deductions. Participant contributions are based upon the benefits elected and the enrollment of dependents.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Benefit Obligations

Plan obligations for health claims incurred but not reported are estimated based on actual claim payments in the subsequent year for claims incurred prior to the Plan's year end.

Recently Issued Accounting Pronouncement

In June 2009, the Financial Accounting Standards Board ("FASB") issued a standard which established the FASB Accounting Standards Codification ("ASC") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The ASC was effective for financial statements issued for annual periods ending after September 15, 2009, and was adopted by the Plan in the year ended June 30, 2009. Adoption of this standard did not impact the Plan's financial statements.

In September 2006, the Financial Accounting Standards Board issued ASC Topic No. 820-10 ("ASC 820), *Fair Value Measurements*, which is effective for fiscal years beginning after November 15, 2007, with early adoption permitted. ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. The Plan adopted ASC 820 effective July 1, 2008, and such adoption did not have material effect on the financial statements of the Plan.

In October 2008, the FASB issued FASB ASC Topic No. 855 ("ASC 855"), *Subsequent Events*, which requires management to evaluate subsequent events through the date the financial statements are issued, or are available to be issued as defined in the statement. It also requires the Plan to disclose in the financial statements, the date through which subsequent events have been evaluated.

C. VEBA Trust Termination

The Employers have obtained medical, prescription drug and vision benefits through a fully insured policy with an insurance carrier effective July 1, 2008 and the Trustees voted on June 18, 2008 to terminate the VEBA trust effective June 30, 2008. However, management did not close the VEBA trust bank account and continued to process activity through the VEBA trust account through October 2008. The activity processed through the VEBA trust during the year ended June 30, 2009 primarily represented the run out claims for the Plan through October 2008. Therefore, the Plan's 2009 financial statements represent activity for the Plan for the entire Plan year ended June 30, 2009.

D. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500:

Insurance premiums per Form 5500	$ 1,749,213	$ 632,453

E. Tax Status

The Trust established under the Plan to hold the Plan's assets was structured by the Employers to be qualified pursuant to Section 501(c)(9) of the Internal Revenue Code. The Trust has obtained a favorable tax determination letter from the Internal Revenue Service dated November 20, 1997. Accordingly, the Trust's net investment income is exempt from income taxes. The Employers are not aware of any course of action or series of events that have occurred that might adversely affect the Trust's exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

F. Subsequent Events

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through November 12, 2010, the date the financial statements were available for issuance.
