INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mission Internal Medical Group Amended Profit-Sharing 401(k) Plan
Mission Viejo, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mission Internal Medical Group Amended Profit-Sharing 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule, Schedule H, Line 4i-Schedule of Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the Plan's financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Mission Internal Medical Group, Inc. ("Company") Amended Profit-Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees except non-shareholder physicians. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was originally adopted on April 30, 1992. Effective January 1, 2010, the plan was amended in its entirety. Effective September 1, 2011 the Company amended the Plan to add MIMG Medical Management, LLC as a new Adopting Employer to the Plan.

Employees are eligible to participate following the later of the date on which they attain age 21 or on the date on which they have completed one year of service, as defined by the Plan. Eligible employees may enroll in the Plan on either the first day of the plan year or the first day of the plan quarter after they have satisfied eligibility requirements.

Partial Plan Termination

On November 1, 2012, the Company sold its medical practice and administrative services in their entirety, but retained the services of all shareholder physicians. The Plan was also amended to allow only shareholder physicians as participants. All non-physician participants were terminated from the Plan on October 31, 2012.

After the sale, a new defined benefit plan was set up for all remaining shareholder physicians of the Company. This Plan and the defined benefit plan are considered part of a controlled group. The discrimination testing was performed as a combined group plan in order to meet 414(c) requirements.

Contributions

Each year, participants may contribute 100% of their annual compensation, as defined in the Plan, up to the annual Internal Revenue Service dollar limitation. Participants may make after-tax Roth 401(k) elections with respect to some or all of their contributions to the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Contributions (Cont'd)

Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make matching contributions on a discretionary basis. Matching contributions are allocated to participants in the proportion that each participant's elective contributions bear to the total of all participant elective contributions made during the year.

In addition, the Company may make profit sharing contributions in any amount determined by the Company's board of directors. Profit sharing contributions are allocated to participants based upon each participant's allocation group as determined by Plan management. However, the profit sharing contribution for each participant will be the same amount or percentage of compensation as the other participants within the same allocation group.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, and (b) Plan earnings or losses, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, Company non-elective contributions, and earnings thereon.

Due to the partial plan termination described above, all employees terminated on October 31, 2012 became 100% vested in their profit sharing and matching contributions. For all other employees, matching contributions, profit sharing contributions, and earnings thereon vest based on the following schedule:

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Vesting (Cont'd)

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The vesting percentage for a participant who is an employee on or after the date they reach normal retirement age (as defined by the Plan) will be 100% vested in the Company's discretionary contributions.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to $50,000 minus the highest outstanding loan balance in the immediately preceding 12-month period not to exceed 50% of the participant's vested fund balance. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, are required to be repaid within five years and amortized on a level basis. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 2%. Principal and interest payments are made through bi-weekly payroll deductions. Participants may only have three loans outstanding at any time.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship or termination of employment. In-service distributions are also available to those participants who are age 59½ or older. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance.

If upon termination, a participant's vested interest is less than $5,000, it will automatically be distributed in a lump sum as soon as practicable.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Forfeitures

Forfeitures of Company contributions occur when a participant terminates employment before becoming vested in such contributions. Forfeitures can be used by the Company to reduce future employer contributions or to pay Plan expenses. For the year ending December 31, 2015, forfeitures of $3,809 were used to pay Plan expenses, and at December 31, 2015, the Plan did not have any unallocated forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable that are considered to be in default are reclassified as distributions based on the terms of the plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Payments of Benefits

Benefit payments consists of payments to participants (or, if applicable, the beneficiary) at retirement, disability, hardship, death or termination of employment. Benefits are recorded when paid.

Fees and Expenses

For the year ended December 31, 2015, the Plan incurred administrative expenses of $117,613. However, certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financials statements.

Adoption of New Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*

Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Also, for purposes of the fair value measurement disclosures, Part II simplifies the level of disaggregation of investments that are measured using fair value as it requires only disaggregation by type rather than by type and class (nature, characteristics, and risks). Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Upon adoption, Parts I and II are to be applied retrospectively.

The Plan has elected to early adopt ASU 2015-12 for the year ended December 31, 2015, as permitted, and has applied the provisions of ASU 2015-12 retrospectively, as required. Parts I and II are reflected in the statements of assets available for benefits and in the notes to the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Adoption of New Accounting Standards (Cont'd)

Although the adoption of guidance had no effect on the total net assets available for benefits at December 31, 2014, the effects of the retrospective adjustments to the statement of net assets held for benefits on the previously reported amounts are as follows:

- Investments, at fair value decreased by $17,351;
- The adjustment from fair value to contract value of negative $17,351 relating to the fully benefit-responsiveness of the Morley Stable Value Fund held in a common/collective trust has been eliminated.

In addition, certain disclosures related to the 2014 statement of net assets available for benefits that are no longer required have been removed.

In May 2015, FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). This guidance eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient ("NAV"). In addition, under ASU 2015-07, disclosures about investments in certain entities that calculate net asset value per share are limited to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance of ASU 2015-07 is effective beginning after December 15, 2015, but early adoption permitted. The Plan has elected to early adopt ASU 2015-07 as of January 1, 2015, and as required, its guidance has been retrospectively applied to the disclosures related to December 31, 2014.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy under ASC 820.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2015 and 2014. The following is a description of the Plan's investments and valuation methodologies used to measure fair value.

Cash and Cash Equivalents: Short-term money market instruments are reported at fair value based on quoted market prices.

Registered Investment Companies: Fair value of registered Investment companies is based on published market prices, which represent the net asset value of shares held by the Plan at year end. The funds held by the plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Exchange Traded Funds: Fair value of exchanged traded funds is based on the closing price reported in the active market in which the individual securities are traded.

Personal Choice Retirement Accounts: The Plan offers its participants Personal Choice Retirement Accounts ("PCRAs"), which are self-directed brokerage accounts. PCRAs allow participants to invest in a broad range of securities, including stocks, mutual funds, exchange-traded funds, money market funds, unit trusts, among others. For purposes of the fair value measurement disclosures, the Plan applies the disclosures based upon the individual investments held in the PCRAs. The fair values of the underlying individual investments are based on quoted marked prices.

Annuity contract: Fair value of the annuity contract is based upon the fair value the investments purchased through the annuity contract.

Common/collective trusts and Stable Value Fund: The plan offered common/ collective trusts as investment options. The common/ collective trust primarily included target retirement date funds managed by an affiliate of the custodian and the Morley Stable Value Fund ("Stable Value Fund"). During the year ended December 31, 2015, the Plan discontinued offering these investment funds.

The fair value of the common/collective trusts were based upon the NAV of the units of the common/collect trusts. The NAV was used as a practical expedient to estimate fair value, and was generally based on the fair value of the underlying investments held by the CCT less its liabilities.

Corporate stocks, corporate debt instruments and U.S. government securities: The PCRA accounts have investments in corporate stocks, corporate debt instruments and U.S. government securities. The fair value of these securities is generally based upon closing price reported on the active market on which the individual securities are traded.

Limited partnerships: The fair value is based on the closing market price reported on the active market on which the underlying investments are traded and current appraisals.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In regards to the Stable Value and investments in common collective trusts in which the fair value is based upon the NAV, individual participant redemptions were generally permitted without restriction, and the redemption price was generally based upon the closing value per the unit of the fund, which was determined daily.

The following tables set forth by level within the fair value hierarchy, the Plan's investment assets at December 31, 2015 and 2014:

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.1 03-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, respectively, except for: 1) cash and cash equivalents of $87,570 and $8,928, respectively, 2) corporate stocks of $12,029 and $79,016, respectively, 3) and annuity contract of $685,516 and $744,250, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN (CONT'D)

- Investment income (loss) as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2015, except for net appreciation fair value of investments of $62,357.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the entire Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. As described in Note 1, the Company had a partial Plan termination in 2012.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on August 30, 2010, in which the Internal Revenue Service stated that the Plan, as then designed was in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has been amended since receiving the determination letter. However, the Plan's administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is applicable statutes of limitations have not expired; however, there are currently subject to routine audits by taxing jurisdictions for tax years for which the no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants and certain Plan investments are managed by Charles Schwab. Charles Schwab is the custodian and trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions for which there is a statutory exemption.

NOTE 9 – SUBSEQUENT EVENTS

Events subsequent to December 31, 2015 have been evaluated through October 11, 2016, the date financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading.
