Independent Auditors' Report

January 10, 2011

To the Trustees of Gulf Copper & Manufacturing Corporation
Profit Sharing Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of GULF COPPER & MANUFACTURING CORPORATION PROFIT SHARING PLAN AND TRUST as of April 30, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended April 30, 2010, and the supplemental schedules of (1) Schedule H, line 4i-Schedule of Assets Held At End of Year. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as April 30, 2010 and 2009 and for the year ending April 30, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note B, the financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Very truly yours,

Edgar, Kiker & Cross

GULF COPPER & MANUFACTURING CORPORATION
PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of the GULF COPPER & MANUFACTURING CORPORATION ("Company") PROFIT SHARING PLAN AND TRUST ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan Document is at the Company's office.

1. General
The plan is a defined contribution plan covering all full-time employees of the Company who have six months of service. The Plan is a trusteed profit sharing 401(k) salary deferred plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions
Each year, participants may contribute as little as 1 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company, at the discretion of the Company's board of directors, may contribute amounts based on the Participants annual pay. During the year ending April 30, 2010, the company did not contribute to the Plan.

3. Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after seven years of credited service.

5. Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

6. Disposition of Forfeitures
Forfeitures of employer discretionary contributions are reallocated to remaining participants, allocated with employer discretionary contributions, and used to reduce future employer contributions. There were no forfeitures for the year ended April 30, 2010.

7. Costs of the Plan
The Company absorbs significant costs of the plan including record keeping and the independent auditor's fees.

B. SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting
The financial statements of the Plan are prepared under the modified cash basis. That is, the asset amounts are reflected on a cash basis except for the contributions. The contributions are reported on a plan year accrual basis.

2. Use of Estimates
The preparation of financial statements with generally accepted accounting principals requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. The fair market value of the Guaranteed Interest Account is the value paid any time funds are withdrawn prior to their maturity and reflects the surrender charge, if applicable. The value of each Pooled Separate Account is determined at the close of each business day based on market value. The value of the account is expressed in "units". The "unit value" is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the total number of units in the account.

Change in market value from year to year is reported as gains for the Plan's Pooled Separate Accounts.

4. Payment of Benefits
Benefits are recorded when paid.

C. PLAN INVESTMENTS

1. In 1982, the Plan entered into an investment contract with The Principal Life Insurance Company (Principal). Principal maintains contributions in two types of accounts - a General Fund Account and Pooled Separate Accounts.

Within the General Fund Account, the Plan holds a guaranteed investment contract that provides for a guaranteed return on principal over a specified time period. The General Account is invested mostly in private placement bonds, commercial mortgages, and residential mortgages.

The plan also participates in Pooled Separate Accounts. The assets of a pooled separate account plan are assets of the insurance company but are not commingled with insurance company general assets. The Plan's share of each Pooled Separate Account is determined on a participation-unit basis. The Plan's account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal.

2. Investments that represent five percent or more of the Plan's net assets at April 30, 2010 and 2009 are separately identified below:

Description	2010	2009

D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The information included in the financial statements and supplemental schedules accompanying was obtained from data that has been prepared and certified to as complete and accurate by Principal Life Insurance Company.

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

F. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator, and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

G. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services for the year ended April 30, 2010 and 2009 amounted to $26,967 and $17,182 respectively.

H. SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 10, 2011. The date the financial statements were available to be issued.

I. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

J. FAIR VALUE MEASUREMENTS

In accordance with SFAS No. 157, the Plan classifies its investments into Level 1, which refers to securities traded in an active market, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3, which refers to securities not traded in an active market and for which no significant observable market inputs are available. As required by SFAS No. 157, at April 30, 2010, the Plan's portfolio investments were classified as follows, based on fair values:

	Fair Value
Level 1	$ -
Level 2	2,694,248
Level 3	546,473
Total portfolio investments	$ 3,240,721

As required by SFAS No. 157, the following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3):

Balance, May, 1, 2009	$ 619,677
Total gains or losses (realized and unrealized) included in changes in net assets	(30,250.00)
