Independent Auditor's Report

To the Trustees of
TSE Industries, Inc. Profit Sharing/401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TSE Industries, Inc. Profit Sharing/401(k) Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the plan year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by MG Trust Company dba Matrix Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of December 31, 2016, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by MG Trust Company dba Matrix Trust Company, the trustee of the Plan. Their report, dated September 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee , were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: PLAN DESCRIPTION

The following description of the TSE Industries ("TSE") Profit Sharing/401(k) Plan ("Plan") provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

TSE established a profit sharing plan effective January 1, 1980 that covered all full-time employees of TSE. In response to employee requests, TSE amended the Plan and adopted the 401(k) provisions effective January 1, 1996 and merged the profit sharing plan into the 401(k). Effective with the merger, all employees who had profit sharing balances as of December 31, 1995, became fully vested in these profit sharing funds as of January 1, 1996.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Economic Growth and Tax Relief Reconciliation act of 2001 (EGGTRA) and has been restated to comply with both.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. IRS however imposes dollar limits on both the amount of compensation that can be taken into account ($265,000 for 2016 and for 2015) and the maximum deferral amount ($18,000 for 2016 and 2015) that a participant can contribute annually plus limits on additional "catch up" contributions for those over 50 years of age ($6,000 for 2016 and 2015). Participants may also contribute amounts representing distributions rolled over from other qualified employer retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2016 the Plan offered 45 mutual funds and no pooled common & collective funds as investment options for participants. TSE may make discretionary matching contributions based on a percentage of all employees' contributions subject to the IRS dollar limits. The Board of Directors of TSE approved matching contributions of 20% for 2016 and 15% for 2015 of all employees' elective deferral contributions made in the respective years.

Participant Accounts

Each participant's account is credited with the participant's pre–tax contribution, TSE's matching contribution and allocations of plan earnings on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: PLAN DESCRIPTION (Continued)

Vesting

Participants' are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions and earnings thereon is based on a graded percentage for up to 6 years of continuous service.

	Years of Service						
	Less than 1	1	2	3	4	5	6
Percentage vested	0%	0%	20%	40%	60%	80%	100%

Forfeitures

Employer matching contributions credited to participants who terminate and are not yet fully vested are forfeited and retained by the Plan. Accumulated forfeiture funds are to be used by the Plan as follows:

1) Pay Plan expenses such as investment fees, administration fees and audit costs.
2) Reduce employer/sponsor matching contributions.

Funds from the forfeiture account were used to pay $4,850 and $4,068 of Plan expenses during 2016 and 2015, respectively. The balance in the forfeiture account was $8,649 as of December 31, 2016 and $7,825 as of December 31, 2015.

Participant Loans

Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined upon issuance by the Plan administrator. The rates for outstanding loans range between 4.25% and 9.25%. Principal and interest are paid ratably through biweekly payroll deductions. At December 31, 2016 and 2015, participant notes receivable in the amount of $176,428 and $125,514, respectively, were outstanding.

NOTE 1: PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their designated beneficiary receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also receive a distribution in cases of financial hardship and may elect to receive an "in service withdrawal" if employed beyond achieving age 59 1/2.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through September 22, 2017, which is the date that the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Units of collective investment funds are valued at the net asset value of the funds derived from their respective audited financial statements. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) also includes the Plan's realized gains and losses on investments bought and sold.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Participant loan fees and investment expenses are paid by the borrower/participant out of their respective account balances. When forfeitures are insufficient to pay plan expenses the Plan Sponsor pays them.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. TSE pays directly any other fees related to the Plan's operations.

NOTE 3: TAX STATUS

In March 2013, the Plan changed the trustee, investment advisor and record keeper removing Wells Fargo Retirement Services who had previously provided those services. The Plan engaged MG Trust Company, LLC to serve as trustee, Penservco, Inc. as investment advisor, and LPL Financial as investment record keeper. In November 2014, the investment record keeper was changed to Aspire Financial Services following the acquisition of LPL by a third party. Accordingly, the Plan adopted the Penservco, Inc. prototype Plan that has received favorable determination from the IRS on March 31, 2014. Accordingly, the Plan trustee and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5: RISK AND UNCERTAINTIES

The Plan allows participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6: PLAN EXPENSES

In May of 2005 the Plan was amended to allow payment of Plan administration expenses to be paid from accumulated forfeiture funds to the extent available. $28,653 and $21,333 of Plan expenses were paid either from forfeiture funds or from participant income on their Plan assets during 2016 and 2015, respectively.

Due to lack of sufficient funds in the forfeiture account the Plan sponsor paid the independent auditor fees of $9,000 for 2016 and $9,000 for 2015.

NOTE 7: EXCESS DEFERRALS

Amounts deferred and contributed to the plan by certain active employee participants during a plan year, which are deemed by regulatory non-discrimination testing to be in excess of allowed amounts, are repaid to those participants in the following year. The total of such excess deferrals refundable to employee participants is reflected as a liability of the plan on the Statement of Net Assets Available for Benefits and as a reduction of contributions from employee participants on the Statement of Changes in Net Assets Available for Benefits. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

NOTE 8: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation method include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 8: FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Level 1 Fair Value Measurements:
The fair values of mutual funds are based on net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements:
The collective investment funds held through mid-2015 were managed by Wells Fargo Bank. Wells Fargo's collective investment funds are available only to certain employee benefit trusts, including TSE Industries Profit Sharing/401(k) Plan. Each fund is a customized portfolio of publicly traded securities, bonds, US treasuries, insurance investment contracts and wrapper contracts, and cash funds. Investments in the funds are stated at estimated fair values, based on quoted market prices, or if quoted market prices are not available; then the fair value is based upon management estimates under various methods, using observable market data where available. Short–term securities and temporary investments are stated at cost, which approximates fair value. On the valuation date, the fair value of each fund is divided by the number of units then outstanding in order to determine the fair value of each unit of each fund. The funds are audited by an independent certified public accounting firm.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016 and 2015:

		Fair Value Measurements Using: Quoted Prices
	Total	Level 1
December 31, 2016		
Mutual Funds and ETF's	$ 4,783,646	$ 4,783,646
December 31, 2015		
Mutual Funds	$ 4,348,232	$ 4,348,232

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. No such transfers were recorded for the years ending December 31, 2016 and 2015.

NOTE 9: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	December 31	
	2016	**2015**
Investments at fair value	$ 4,783,646	$ 4,348,232
Net appreciation (depreciation) in fair value of investments	$ 125,394	$ (177,552)
Interest and dividends	$ 110,031	$ 66,481

NOTE 10: PARTICIPANT MUTUAL FUND FEES RECEIVABLE

In August 2016 the Plan received a $ 5,642 refund of Mutual Fund Advisory Fees charged in excess of the amounts agreed upon from the Navigator Funds Advisor. These refunded fees charged to participants prior to the end of 2015 were credited back to the individual participant's accounts by the Plan record keeper.
