To the Trustees of TSE Industries
Profit Sharing/401(k) Plan

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of net assets available for the benefits of TSE Industries Profit Sharing/401(k) Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of TSE Industries Profit Sharing/401(k) Plan as of December 31, 2009 and 208, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TSE INDUSTRIES
PROFIT SHARING/401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

1. Plan Description

The following description of the TSE Industries ("TSE") Profit Sharing/401(k) Plan ("Plan") provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The TSE Industries Profit Sharing/401(k) Plan is the product of the merger of the former TSE Profit Sharing Plan and a 401(k) prototype plan sponsored by Prudential Mutual Fund Services, Inc. TSE established a profit sharing plan effective January 1, 1980 that covered all full-time employees of TSE. In response to employee requests, TSE adopted the Prudential 401(k) Plan effective January 1, 1996 and merged the profit sharing plan into the 401(k). Effective with the merger, all employees who had profit sharing balances as of December 31, 1995, became fully vested in these profit sharing funds as of January 1, 1996.

The Profit Sharing/401(k) Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Economic Growth and Tax Relief Reconciliation act of 2001 (EGGTRA) and has been restated to comply with both.

Contributions – Each year participants may contribute at least 1% up to 15% of pretax annual compensation, as defined in the Plan. IRS imposes limits on both the amount of compensation that can be taken into account ($245,000 for 2009 and $230,000 for 2008) and the maximum amount ($16,500 for 2009 and $15,500 for 2008) that a participant can contribute annually plus additional "catch up" contributions for those over 50 years of age ($5,500 for 2009 and $5,000 for 2008). Participants may also contribute amounts representing distributions rolled over from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2009 the Plan offered 32 investment options for participants consisting of mutual funds and collective investment funds. TSE may make discretionary matching contributions based on a percentage of all employees' contributions, but not to exceed 15% of the participant's compensation. The Board of Directors of TSE approved matching contributions of 10% for 2009 and 2008 of all employees' elective deferral contributions made in the respective years.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company matching contribution and allocations of plan earnings on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

1. **Plan Description (Continued)**

Vesting – Participant's are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions and earnings thereon is based on a graded percentage for up to 6 years of continuous service.

	Years of Service					
Less than	1	2	3	4	5	6
Percentage vested	0%	20%	40%	60%	80%	100%

Forfeitures – Prior to May 1, 2005 amounts not vested and forfeited by terminated employee/ participants' were allocated to the remaining participants once a five-year break in service had passed. In 2005 the Plan was amended to reorder the allowable disposition of accumulated forfeitures funds as follows:

1) Pay Plan expenses such as investment fees, administration fees and audit costs..
2) Reduce employer/sponsor matching contributions.
3) Allocate to eligible participants.

The balance in the forfeiture account was and $1,892 as of December 31, 2009 and $ 8,850 at December 31, 2008.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined upon issuance by the Plan administrator. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or their designated beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over amortized periods. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also receive a distribution in cases of financial hardship and may elect to receive an "in service withdrawal" if employed beyond achieving age 591/2.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The financial statements have been prepared on the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review - Subsequent events were evaluated through August 23, 2010, which is the date the financial statements were available to be issued.

2. **Summary of Significant Accounting Policies (Continued)**

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Units of collective investment funds are valued at the net asset value of the funds derived from their respective audited financial statements. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) also includes the Plan's realized gains and losses on investments bought and sold.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – In 2005 the plan was amended to allow forfeiture funds to be used to pay Plan expense commencing in 2006. Participant loan fees and investment expenses are paid by the borrower/participant out of their respective account balances. When forfeitures are insufficient to pay plan expenses the Sponsor pays them.

3. **Investments**

The following presents aggregate value of investments that represent 5% or more of the Plan's net assets at the respective year end.

Fund Family	Investment - Fund Name	12-31-2009	% of Total
Wachovia/Wells Fargo	Wachovia Diversified Stable Value A	$ 1,359,963	27.2%

Fund Family	Investment - Fund Name	12-31-2008	% of Total
Wachovia/ Wells Fargo	Wachovia Diversified Stable Value A	$1,461,574	33%
Oakmark Funds	Oakmark Equity and Income Fund (II)	$537,535	12%
Calvert Funds	Calvert Income A	$536,341	12%
Columbia Funds	Columbia Acorn Fund (Class A)	$268,340	6%
MFS Funds	MFS Utilities R3	$247,704	6%
Thornburg Funds	Thornburg Intl Value R4	$219,265	5%

The plan's investments in mutual funds (including investments bought, sold and held during the year) experienced capital gains and net appreciation (depreciation) in value in 2009 and 2008 as follows:

	2009	2008
Mutual Funds	$ 712,022	$ (1,633,207)
Collective Investment Funds	55,000	(24,552)
	$ 767,022	$ (1,657,759)

4. Tax Status

The Company adopted the Prudential Retirement Services (PRS) Prototype Plan which received favorable determination on June 20, 2002 that the Plan and Trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).In May 2008 the Company changed Plan record keepers from PRS and engaged Wachovia Retirement Services (WRS) as record keepers and Trustees of the Plan. Accordingly the Company adopted the WRS prototype Plan which has received favorable determination. Accordingly the Plan trustee and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risk and Uncertainties

The Plan allows Participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Plan Expenses

In May of 2005 the Plan was amended to allow payment of Plan expenses to be paid from accumulated forfeiture funds. The following Plan expenses were paid from forfeiture funds accumulated in the Plan:

	2009	2008
Investment fees and expenses	$ 17,572	$ 11,223
Independent Auditor Fees	---	8,560
Record keeper and trustee fees	13,270	8,137
Total Expenses	$ 30,842	$ 27,920

Due to lack of sufficient funds in the forfeiture account the Plan sponsor paid the 2008 independent Auditor fees of $7,300 in 2009

8. Excess Deferrals

Amounts deferred and contributed to the plan by certain active employee participants during a plan year, which are deemed by regulatory non-discrimination testing to be in excess of allowed amounts, are repaid to participants in the following year. The total of such excess deferrals refundable to employee participants is reflected as a liability of the plan on the Statement of Net Assets Available for Benefits and as a reduction of contributions from employee participants on the Statement of Changes in Net Assets Available for Benefits.

9. Advance Deposit 2009 Deferrals and Loan Payments

On December 31, 2008 a deposit was transmitted by the Company to the record keeper for a payroll to be paid on January 2, 2009 representing employee payroll deductions for 2009 401k deferrals and loan payments. The record keeper invested the funds before the close of business on December 31, 2008 and those amounts are included in the investment balances of the Plan on that date. Since this amount represents 2009 payroll deductions it is being reflected as a deferred receipt for funds received and invested in advance as of December 31, 2008.

10. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure the fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual Funds	$ 3,455,481	$ 3,455,481	$ -	$ -
Collective Investment Funds	1,552,923	-	1,552,923	
Participant loans	119,758	-	-	119,758
	$ 5,128,162	$ 3,455,481	$ 1,552,923	$ 119,758
December 31, 2008				
Mutual Funds	$ 2,832,519	$ 2,832,519	$ -	$ -
Collective Investment Funds	1,614,478	-	1,614,478	
Participant loans	57,911	-	-	57,911
	$ 4,504,908	$ 2,832,519	$ 1,614,478	$ 57,911

10. **Fair Value Measurements (continued)**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3, which consists of unobservable inputs, have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on the closing price reported in the active market where the individual funds are traded.

Level 2 Fair Value Measurements

The collective investment funds are managed by Wachovia Bank, a division of Wells Fargo Bank. Wachovia's collective investment funds are available only to certain employee benefit trusts, including TSE Industries Profit Sharing/401(k) Plan. Each fund is a customized portfolio of publicly traded securities, bonds, US treasuries, insurance investment contracts and wrapper contracts, and cash funds. Investments in the funds are stated at estimated fair values, based on quoted market prices, or if quoted market prices are not available, then the fair value is based upon management estimates under various methods, using observable market data where available. Short–term securities and temporary investments are stated at cost, which approximates fair value. On the valuation date, the fair value of each fund is divided by the number of units then outstanding in order to determine the fair value of each unit of each fund. The funds are audited by an independent certified public accounting firm.

Level 3 Fair Value Measurements

The fair value of participant loans approximates amortized costs of loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Participant Loans
December 31, 2009	
Beginning balance	$ 57,911
Issuances and settlements (net)	61,875
Ending balance	$ 119,786
December 31, 2008
