INDEPENDENT AUDITOR'S REPORT

Plan Administrator of
Ultra Stores, Inc. 401(k) Savings Plan and Trust

We have audited the accompanying statements of net assets available for benefits of Ultra Stores, Inc. 401(k) Savings Plan and Trust as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2009. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of Ultra Stores, Inc. 401(k) Savings Plan and Trust as of December 31, 2008, and in our report dated September 2, 2009, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of Ultra Stores, Inc. 401(k) Savings Plan and Trust as of December 31, 2008, in conformity with accounting principles generally accepted in the United states.

ULTRA STORES, INC. 401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

General. Effective January 1, 1995 Ultra Stores, Inc. (the "Employer" or "Plan Administrator") adopted the Ultra Stores, Inc. 401(k) Savings Plan and Trust (the "Plan"). The Plan was amended and restated effective January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan with a 401(k) provision. The Plan covers all employees of the Employer who are at least 21 years old and have at least 1,000 hours of service within a 12-month period ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions and Vesting. All eligible employees are immediately enrolled in the Plan with a 3% deferral rate ("Deferral Rate") upon completing 1 year of service ("Anniversary Date"). Employees have 30 days from the Anniversary Date to change their Deferral Rate or opt out of the Plan. Participants may elect to defer eligible annual compensation ("Compensation"), as defined in the Plan, subject to maximum amounts established by the Internal Revenue Code. Participants' contribution elections may be changed as defined in the Plan document. Participants are always 100% vested in their elective deferrals, plus actual earnings thereon. Employer discretionary contributions, as defined, vest 20% after two years of service increasing ratably up to 100% after six years of service. The Employer has elected not to make contributions for the years ended December 31, 2009 and 2008.

Participants' Accounts. Each participant's self-directed account is credited with the participant's contribution and, when applicable, the Employer matching contribution. Earnings are based on the performance of specific mutual funds chosen by each participant.

Loans. Participants may borrow (subject to certain restrictions) from their Plan accounts up to $50,000 or 50% of their vested balance, whichever is less. A loan is secured by the balance in the participant's account and bears interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined periodically by the Plan Administrator.

Forfeited Accounts. There were forfeited nonvested account balances of $14,362 and $5,135 as of December 31, 2009 and 2008, respectively. Forfeitures shall be applied to offset administrative expenses of the Plan. If forfeitures exceed these expenses, the forfeitures shall be applied to reduce the Employer contribution for the Plan year. The Employer contribution and/or the Plan's administrative expenses were reduced by forfeited nonvested accounts of approximately $-0- and $26,000 for the years ended December 31, 2009 and 2008, respectively.

Party-In-Interest Transactions. Certain expenses pertaining to the operation of the Plan are paid by the Employer. Additionally, various administrative, legal, and accounting services are performed by Employer personnel on behalf of the Plan for which no charges are made to the Plan. Investment expenses, however, are charged against the Plan's investment income. Certain Plan investments are shares of mutual funds managed by a related party to the custodian of the Plan. Therefore these transactions qualify as party-in-interest transactions.

Payments of Benefits. On termination of services, a participant (or their beneficiary) may receive a lump-sum amount equal to the vested value of his or her account or as defined in the Plan document. Upon death, retirement, or disability a participant's account balance becomes fully vested and distributed, as defined.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value approximated fair value as of December 31, 2009 and 2008.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Concentration of Credit Risk. The custodian of the Plan holds the Plan's investments and executes all investment transactions, as certified by Reliance Trust Company (the "Trustee").

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2009.
- Dividend and interest income and net appreciation in value of investments, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2009.
- The schedule of assets held for investment purposes at end of year as of December 31, 2009, as shown on Form 5500, Schedule H, Part IV, Line 4i.
- Note 4, Note 5, and Note 10: All investment balances and investment information in the notes.

DFA Invest Grp US Small Cap Val Port	$ 196,120	

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009 and 2008.

Mutual Funds. Valued at the net asset value of shares held by the Plan at year end.

Common Collective Trusts. Valued at net asset value of units held by the Plan at year-end (Note 10).

Participant Loans. Valued at amortized cost, which approximates fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,422,995	$ -	$ -	$ 4,422,995
Common collective trusts	-	150,056	-	150,056
Participant loans	-	-	226,038	226,038
Total investment assets at fair value	$ 4,422,995	$ 150,056	$ 226,038	$ 4,799,089

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,536,299	$ -	$ -	$ 3,536,299
Common collective trusts	-	142,359	-	142,359
Participant loans	-	-	183,922	183,922
Total investment assets at fair value	$ 3,536,299	$ 142,359	$ 183,922	$ 3,862,580

The following table sets forth a summary of the changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

	Participant Loans
Beginning balance	$ 183,922
Purchases, sales, issuances, and settlements, net	42,116
Ending balance	$ 226,038

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated July 7, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

NOTE 8 – EXCESS CONTRIBUTIONS PAYABLE

During 2009 and 2008, certain participants deferred compensation ("Excess Deferrals") in excess of limits allowable by the IRC in the amount of $4,270 and $6,283, respectively. A liability for excess deferrals totaling $12,681 and $6,283 has been recorded on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, respectively.

NOTE 9 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2009	2008
Net assets available for benefits per the financial statements	$ 4,785,095	$ 3,846,645
Plus: Excess contributions payable at the end of the Plan year	4,270	6,283
Net assets available for benefits per Form 5500	$ 4,789,365	$ 3,852,928

The following is a reconciliation of Participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2009:

Participant contributions per the financial statements	$ 672,132
Plus: Excess contribution payable at the end of the Plan year	4,270
Less: Excess contributions payable at the beginning the Plan year	(6,283)
Participant contributions per Form 5500	$ 670,119

NOTE 10 – STABLE VALUE FUND

The Plan's investment options include a stable value fund with the MetLife ("Stable Value Fund"), which is a benefit-responsive investment contract, held in a common collective trust fund. The Stable Value Fund allows for earnings stability regardless of the volatility of the financial markets. The Stable Value Fund invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents.

As described in Note 2, because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the collective investment trust. Contract value represents contributions made into the collective investment trust, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Fair value represents quoted market prices for synthetic GICs, while the fair value of conventional GICs is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of December 31, 2009 and 2008. The crediting interest rate for participants investing the Stable Value Fund averaged 3.28%, and the average yield was 12.33% during the year ended December 31, 2009. The crediting interest rate for participants investing the Stable Value Fund averaged 4.48%, and the average yield was 5.88% during the year ended December 31, 2008.

ULTRA STORES, INC. 401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS
(Concluded)

NOTE 10 – STABLE VALUE FUND (Concluded)

Certain events limit the ability of the Plan to transact at contract value with the issuer of the guaranteed investment contract and stable value fund. Such events include but are not limited to the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 12 – SUBSEQUENT EVENTS

The Company's management has evaluated all known subsequent events from December 31, 2009 through September 13, 2010, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
