REPORT OF INDEPENDENT AUDITORS

To the Administrator
USG SelectBenefits Program

We have audited the accompanying statement of net assets available for benefits and of program benefit obligations of the USG SelectBenefits Program (the "Program") as of December 31, 2008 and the related statement of changes in net assets available for benefits and changes in benefit obligations for the year then ended. These financial statements are the responsibility of the Program's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements for the year ended December 31, 2007, were audited by other auditors whose report dated October 14, 2008 expressed an unqualified opinion on those statements, prior to restatement.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Program as of December 31, 2008 and the changes in its financial status for the year then ended, in conformity with accounting principles generally accepted in the United States.

We also audited the adjustment described in Note 8 that was applied to restate the 2007 financial statements. In our opinion, the adjustments have been applied appropriately.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at end of year at December 31, 2008, and delinquent contributions and reportable transactions for the year then ended are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Program's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 DESCRIPTION OF THE PROGRAM

The following description of the USG SelectBenefits Program (the "Program") provides only general information. Participants should refer to the Program agreement for a complete description of the Program's provisions.

General

The USG SelectBenefits Program was originally adopted by USG Corporation and its affiliates (the "Corporation") on July 1, 1986, and restated effective January 1, 1989, and subsequently restated effective January 1, 1996. The Program operated as a cafeteria plan under Internal Revenue Code (the "IRC" or the Code) Section 125, and offered to eligible participants a Health Care Account under Section 105 of the Code and a Dependent/Day Care Plan under Section 129 of the Code. The Program was established to provide eligible employees of the Corporation and the eligible employees of its subsidiaries and affiliates that adopted the Program with its consent, the opportunity to select from certain taxable and nontaxable welfare and other benefits or receive additional cash compensation. The Program covers all eligible salaried and hourly paid employees of the Corporation who work at least 20 hours per week on a regular basis. The Corporation has appointed its Human Resources Department or its designated representative as Administrator of the Program.

Effective January 1, 1999, the Second Restatement amended and restated the Program, documented under the Employee Retirement Income Security Act of 1974 ("ERISA"), as a consolidated welfare benefits program with a flexible benefits feature for active eligible employees under IRC Section 125 and incorporated the USG Retiree Medical and Life Plans.

The Program adopted Supplement O effective April 14, 2003, to set forth rules regarding disclosure of health information to comply with the privacy rules of the Health Insurance and Portability and Accountability Act ("HIPAA").

Under the current restated Program, the following benefits are provided to eligible participants:

Health Care Select Account (Supplement A)

Dependent Care Select Account (Supplement B)

NOTE 1 DESCRIPTION OF THE PROGRAM *(continued)*

In addition to the Health Care and Dependent Care SelectAccounts, the following ERISA health and welfare benefit plans are incorporated by reference in their entirety as "participating plans" in the Program:

USG Medical Plan (Supplement C)

USG Dental Plan (Supplement D)

USG Vision Plan (Supplement E)

USG Long-Term Disability Plan for Salaried Employees (Supplement F)

USG Long-Term Disability Plan for Hourly Employees (Supplement G)

USG Short-Term Disability Plan (Supplement H)

USG Employee and Dependent Life Insurance Plans (including accidental death and dismemberment coverage for employees) *(Supplement I)*

USG Business Travel Accident Plan (Supplement J)

USG Vacation Buy & Sell Options (offered to eligible employees under the Program's IRC Section 125 SelectBenefits feature) *(Supplement K)*

USG Retiree Medical Plan (Supplement L)

USG Retiree Life Insurance Plan (Supplement M)

USG Employee Assistance Plan (Supplement N)

Health Care and Dependent Care Select Account Benefits

The Health Care Select Account is a self-insured medical care reimbursement plan under Section 105 of the IRC. Participants may allocate up to $3,500 in each Program year for reimbursement of eligible medical expenses incurred during the Program year and the first two and one-half months following the Program year.

NOTE 1 DESCRIPTION OF THE PROGRAM *(continued)*

The Dependent Care SelectAccount is a dependent care assistance program under Section 129 of the IRC, whereby participants may allocate up to $5,000 in a Program year for reimbursement of eligible dependent care expenses which the employees' family units incurred during that Program year.

Employees are allowed to change their welfare and other benefits elected under the Program annually during the specified enrollment period prior to the start of each Program year.

The participants must make pre-tax contributions to the Program by electing to have their compensation reduced by an amount equal to the participant's SelectBenefits costs for a Program year. In some instances, depending upon the welfare and other benefits selected, the participant may receive credits in the form of additional cash compensation for that Program year.

Participants are entitled to reimbursement from the Health Care Select Account for eligible medical care expenses incurred during the Program year and the first two and one-half months following the Program year or from their Dependent Care Select Account for eligible dependent care expenses incurred during the Program year and the first two and one-half months following the Program year up to each participant's elected allocation for the Program year. In order to receive such reimbursement, participants must submit a Request for Reimbursement claim form, together with paid invoices, to the Program Administrator during the Program year or four months subsequent to the Program's year end. These reimbursements are excluded from the participants' income for purposes of income and payroll taxes. Any amounts remaining in a participant's Select Accounts after the allowable reimbursement period will be forfeited.

Retirees are not eligible to participate in the Program's flexible benefit feature.

Medical Benefits

The USG Medical Plan was established on January 1, 1961, to provide life and welfare benefits to eligible employees (and their dependents) of the USG Corporation and its eligible subsidiaries.

NOTE 1 DESCRIPTION OF THE PROGRAM *(continued)*

The Medical Plan provides medical benefits to eligible active employees and eligible dependents. Retirees who receive benefits paid from the Corporation-sponsored retirement plan are eligible to participate with their eligible dependents in the medical benefit program and are enrolled for life insurance. Effective January 1, 2002, newly hired employees will not be eligible for medical benefits upon retirement.

The Corporation provides group insurance coverage for life and accident benefits for its participants. Eligible hourly employees are covered for $25,000 in life and accident benefits insurance, respectively. Eligible salaried employees receive basic life and accident coverage equal to the participant's basic annual salary for each respective type of coverage.

The Corporation pays the entire cost of basic life and basic accident coverage. Participants' contributions are used to pay for supplemental life and supplemental accident coverage.

Hourly employees who are disabled due to injury, sickness, or pregnancy receive short-term disability income benefits weekly. The benefit is 50% of the employee's weekly wage up to a maximum benefit of $425, but not less than $50. The benefit will be paid to eligible participants for a maximum of 13 weeks if they have completed less than three years of service and 26 weeks if they have completed more than three years of service.

Effective January 1, 2005, the Point of Service ("POS") and Indemnity Plans offered to salaried and hourly employees were replaced with a Consumer Directed Health Plan ("CDHP") and Preferred Provider Organization ("PPO") medical plan. The CDHP offers the standard features of a PPO, combined with a Corporation-funded Health Reimbursement Account ("HRA"). Each year the Corporation records an addition to each HRA account ($750 for an employee-only account, $1,500 for an employee with one or more dependents) to provide for payment of covered expenses up to the account maximum. The HRA accounts are only funded by the Coporation on a pay-as-you-go basis when claims are received and paid out of the accounts. If the entire account fund is not used during the year the remaining amount is added to the next year's fund. Any fund amounts over the maximum (2 times the annual amount) are transferred to a Retirement Reimbursement Account ("RRA") that can be used to pay for covered medical expenses or health care premiums during retirement. The total HRA and RRA balances amounted to $5,807,286 and $5,175,413 in 2008 and 2007, respectively.

NOTE 1 DESCRIPTION OF THE PROGRAM *(continued)*

The CDHP and PPO are managed-care options that encourage the use of in-network providers by using reduced co-insurance charges for participants receiving in-network benefits. Both options pay 80% of the covered expenses. Participants pay the remaining 20% of such expenses, up to a total maximum out-of-pocket limit. The use of out-of-network providers results in increased costs to the participant through higher co-insurance charges.

The comprehensive medical benefits pay the costs of covered hospital, surgical, and laboratory tests and other medical services to the participants. Participants in the PPO have a $500 cash deductible (single or employee plus one dependent) or $1,000 (family) per calendar year. Participants in the CDHP have deductibles of $750 and $1,500, respectively, should their HRA fund be exhausted. The family deductible is met when the combined covered expenses for all family members meets the deductible. However, there is a provision in the Plan which limits a participant's covered out-of-pocket expenses to no more than $1,500 or $3,000, depending on the coverage level.

Participants can convert their term life coverages to individual life policies from the Metropolitan Life Insurance Company when their coverage ceases because they are no longer eligible employees/dependents as defined in the Plan.

Funding of Benefits

The Medical Plan is funded by both the Corporation and the participants, with the Corporation paying the major portion of the Plan costs. The Corporation pays the entire cost of the Basic Life Insurance Plan, the Short Term Disability Plan, the Business Travel Accident Plan, and the Employee Assistance Program. Eligible employees may elect to purchase certain welfare benefits on a pre-tax basis from the Medical Plan, Dental Plan, Vision Plan, and Long-Term Disability Plan. The Health Care and Dependent Care Select Accounts are funded solely through employee pre-tax contributions. The Vacation Buy & Sell Plan requires employee pre-tax contribution elections in order to purchase additional vacation days.

Retiree contributions are required for Retiree Medical Plan coverage. The Retiree Life Insurance Plan is paid by the Corporation. Retiree contribution amounts are set at a minimum 20% to a maximum 100% of total cost for participants under age 65 and a minimum 40% to a maximum 100% of total cost for participants over age 65. Total costs for under age 65 and over age 65 are calculated separately.

NOTE 1 DESCRIPTION OF THE PROGRAM *(continued)*

The Corporation may change and impose employee or retiree contribution requirements under any participating Plan at any time and for any reason. The Health Care and Dependent Care Select Accounts, and certain Long-Term Disability benefits, are funded through the USG Employee Benefit Trust (the "Trust"), an IRC Section 501(c)(9) tax-exempt trust; the Northern Trust Company serves as trustee of the Trust.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Program are prepared in accordance with accounting principles generally accepted in the United States.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

SelectAccounts Payable

SelectAccounts payable consist of claims reimbursements submitted under the flexible spending feature of the Program at year-end that remain unpaid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Program administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein; claims incurred but not reported; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Postretirement Benefits

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributable to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service.

Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claim costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a 7.95% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2008; the rate was assumed to decrease gradually to 5.25% in 2013 and to remain at that level thereafter. These trend rate assumption is 1.34% lower than the one used to measure the benefit obligation at December 31, 2007.

The following were other significant assumptions used in the valuations as of December 31, 2008 and 2007:

Weighted-average discount rate:	6.65% - 2008, 5.95% - 2007
Average retirement age:	62
Mortality:	2008 - RP-2000 Blended Annuitant/Nonannuitant Mortality Table
	2007 - 1994 Unisured Pensioner Mortality Table

The foregoing assumptions are based on the presumption that the Program will continue. If the Program were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Accounting for Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 as the Plan is not directly entitled to the Medicare subsidy. The Corporation has included the effects of the Medicare subsidy in measuring its postretirement benefit obligation when the Medicare subsidies are received by the Corporation; therefore, the Plan's postretirement benefit obligation differs from that of the Corporation.

Other Program Benefits

Program obligations at December 31 include health claims incurred and reported but not paid and health claims incurred by active participants but not reported, which are estimated by the Program's management based on claims lag reports from insurance companies.

Reclassifications

Certain amounts were reclassified to conform to the current year's presentation.

NOTE 3 ADMINISTRATIVE SERVICES CONTRACT

The Medical Plan has an agreement with Aetna to provide certain administrative services to the Plan. Generally, Aetna handles the processing of claims, prepares drafts for benefit payments, and provides various data processing services to aid in Plan administration. Dental, short- and long-term disability, and life insurance coverages are provided by Metropolitan Life Insurance Company.

NOTE 4 BENEFIT OBLIGATIONS

The Program's deficiency of net assets over benefit obligations at December 31, 2008 and 2007, relates primarily to the postretirement benefit obligations, the funding of which is not covered by the current Corporation and participant contributions.

The weighted-average health care cost-trend rate assumption (see Note 2) has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, the obligations as of December 31, 2008 and 2007, would increase by $62,852,694 and $67,282,065, respectively.

NOTE 5 PROGRAM TERMINATION

Presently, there is no intention on the part of tthe Corporation to terminate the Program. However, the Program may be terminated by the Corporation at any time. Upon termination of the Program, any amounts payable under the Program prior to termination shall be paid to participants in accordance with the terms of the Program document.

NOTE 6 TAX STATUS

The Trust established under the Program to hold a portion of the Program's net assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code. Accordingly, the Trust's net investment income is exempt from income taxes. The Program's sponsor has obtained a favorable tax determination letter from the Internal Revenue Service and believes that the Trust continues to qualify for tax exemption and to operate as designed.

NOTE 7 FAIR VALUE MEASUREMENTS

On January 1, 2008, the Program adopted FASB Statement No. 157, *Fair Value Measurements*, ("SFAS 157") and certain subsequent related staff positions. Adoption of SFAS 157 did not have a material impact on the Program's financial statements.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

NOTE 7 FAIR VALUE MEASUREMENTS *(continued)*

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active marketsQuoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

The Program held common/collective trust funds (CCTs) at the end of the year. The CCTs were valued at the net asset value of shares held by the Program at year end.

The following table provides information by FAS 157 level (as defined above) on the fair value of the Program's investments:

		Fair Value Measurement Using		
	Total	**Level 1**	**Level 2**	**Level 3**
Investments				
Common collective trust funds	$814,742	$ -	$814,742	$ -
Total investments	$814,742	$ -	$814,742	$ -

NOTE 8 RESTATEMENT

The Program restated its 2007 employer contribution and reserves receivable and HRA rollover fund liability balances to eliminate HRA accounts that should not have been recognized in the financial statements of the Program. There was no effect on net asset balances.

The Program restated its 2007 employer and participant contribution and premiums paid to insurance companies' accounts. These accounts were understated because premium payments and contributions from the employer and participants to cover such payments were not previously recorded. There was no effect on net asset balances.

	As prreviously reported	Adjustment	As restated
Statement of net assets available for benefits as of December 31, 2007			
Employer contributions and reserves receivable	$ 5,175,413	$ (5,175,413)	$ -
HRA rollover fund (liability)	$ 5,175,413	$ (5,175,413)	$ -
Statement of changes in net assets available for benefits for the year ended December 31, 2007			
Employer contributions	$ 64,825,364	$ 10,593,940	$ 75,419,304
Participant contributions	$ 25,611,209	$ 3,671,053	$ 29,282,262
Medicare Part D*	$ 1,662,571	$ (1,662,571)	$ -
Premiums paid to insurance companies	$ 4,439,077	$ 12,602,422	$ 17,041,499

**Medicare Part D amounts were reclassified as employer contributions in 2007 to conform to the presentation of amounts in 2008 financial statements.*

NOTE 9 RISKS AND UNCERTAINTIES

The Program invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10 RELATED-PARTY TRANSACTIONS

The Program holds units of a common/collective trust fund managed by the Northern Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 11 ADMINISTRATIVE EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party administrators, the trustee and actuary. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses such as professional fees are paid by the Corporation on behalf of the Plan.

NOTE 12 DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2008, the Corporation was untimely in remitting certain participant contributions totalling $227,562. Late remittances of participant contributions constitute a prohibited transaction under ERISA Section 406, regardless of materiality. The delinquent participant contributions amounted to $227,562, $111,491 of which was remitted to the Trustee during 2008 and $116,071 of which was remitted to the Trustee by October 30, 2009. The Corporation remitted lost earnings to the Plan on December 30, 2010. The Corporation filed Form 5330, *Return of Excise Taxes Related to Employee Benefit Plans* on March 16, 2011.

NOTE 13 RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31 2008
Net assets available for benefits per the financial statements	$ 1,439,695
Less:	
Claims payable and claims incurred but not reported	(7,971,905)
Net assets (deficit) available for benefits per the Form 5500	$ (6,532,210)

NOTE 13 RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500 *(continued)*

Claims that have been processed and approved for payment by the Plan at year end and claims incurred but not reported are not considered liabilities under generally accepted accounting principles. Therefore, they are not presented as liabilities or claims paid in the accompanying financial statements, but are recorded on the Form 5500 as benefit claims payable.

The following is a reconciliation of claims paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2008:

	2008
Claims and premiums paid per the financial statements	$104,235,261
Add: Amounts currently payable at December 31, 2008	7,971,905
Claims and premiums paid per the Form 5500	$112,207,166

NOTE 14 SUBSEQUENT EVENTS

Effective January 1, 2011, the Third Restatement amended and restated the Program to comply with changes in applicable law.
