INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of the
Fry Reglet Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Fry Reglet Corporation 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company U.S.A., the custodian of the Plan, except for comparing this information with the related information included in the 2017 financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter- Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter- 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 20, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN AND CONTRIBUTIONS

The following description of Fry Reglet Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Fry Reglet Corporation (the "Company", "Plan Sponsor", or "Plan Administrator"). The Plan is a defined contribution plan established for the benefit of all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. John Hancock Life Insurance Company U.S.A ("John Hancock") serves as the record-keeper and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees, except members of a collective bargaining unit and nonresident aliens, who have reached the age of 18 and completed six months of service are eligible for participation in the Plan. Employees are automatically enrolled in the Plan upon meeting eligibility requirements at three percent of the participant's eligible compensation unless the participant elects to withhold a different percentage or to not withhold at all.

Participant Contributions

Participants may voluntarily contribute to the Plan an amount up to 100% of eligible earnings on a pre-tax basis, subject to limitations of the IRC, as defined by the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions

The Plan provides that the Plan Sponsor may elect to make discretionary matching contributions based on a percentage of amounts contributed by the participants. During the year ended December 31, 2017, the Plan Sponsor elected to make matching contributions equal to 50% of the first 6% of the participant's base compensation. Matching contributions are determined each payroll period. All employer contributions are invested in the same manner in which the participant directs his or her investments. Under the provisions of the Plan, the Plan Sponsor may also make discretionary profit sharing contributions to the Plan, although no such contributions were made by the Company during the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, if any, and allocations of (a) the Company's profit sharing contributions, if any, and (b) Plan earnings and is charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN AND CONTRIBUTIONS (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on the number of years of continuous service. A participant is 100 percent vested after six years of credited service. Any amount not vested upon a participant's separation from service is forfeited.

Participants will also become fully vested upon their death, becoming permanently disabled or reaching normal retirement age.

Notes Receivable from Participants

The Plan allows loans to participants up to 50% of their vested account balance, up to a maximum of $50,000. The minimum loan amount is $1,000. Loan repayments are made through payroll deductions and must generally be repaid within five years. Loans to acquire a principal residence may be repaid in excess of five years. Loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate two percentage points higher than the prime lending rate as posted in the Wall Street Journal at the time the loan is made. Interest rates range from 5.25% to 6.29% and mature through April 2027 for outstanding loans at December 31, 2017. Principal and interest on outstanding loans is paid ratably through payroll deductions.

Distribution of Benefits to Participants

Upon termination of employment, a participant may withdraw his or her accumulated balances in the Plan. If a participant has reached the normal retirement age, distributions may be made, at the participant's election, from any account which are 100% vested without requiring the participant to terminate employment. Only lump sum cash distributions, installments and annuities for minimum distributions are permitted. Hardship withdrawals are allowed from the participant's elective account only.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce employer contributions or pay for Plan expenses, in accordance with the terms of the Plan agreement. During the year ended December 31, 2017, $14,450 in forfeitures was used to reduce employer matching contributions. As of December 31, 2017 and 2016, there were no Plan assets from unallocated forfeitures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the Unites States of America ("GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation for comparative purposes.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan are deducted from income earned on a daily basis or presented as administrative expenses in the statement of changes in net assets available for benefits.

Plan Administrative Expenses

Administrative expenses related to the direct management of the Plan's investments and benefit payments are paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments. Professional fees incurred in connection with the Plan's annual compliance with ERISA are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Corrective Distributions

Corrective distributions required to comply with IRC nondiscrimination requirements are recorded as corrective distributions payable in the accompanying statements of net assets available for benefits and as a corresponding reduction of contributions. The Plan distributed the 2017 and 2016 corrective distributions of $17,067 and $9,504, respectively, to the applicable participants during 2018 and 2017, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued***.***

3. INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and the Plan trustee has been informed by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if issues were found by the IRS that resulted in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would become 100% vested and would receive distributions of their account balances. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by John Hancock except for comparing such information to information included in the Plan's financial statements and supplemental schedule:

a) Total investments as shown in the accompanying statements of net assets available for benefits of $4,767,270 and $4,247,037 as of December 31, 2017 and 2016, respectively.

b) Net appreciation in the fair value of investments of $734,470 and interest income of $144 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

c) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $130,706 and $94,293 as of December 31, 2017 and 2016, respectively.

d) Interest income on notes receivable from participants and other income as shown on the accompanying statement of changes in net assets available for benefits of $5,320 and $4,384, respectively, for the year ended of December 31, 2017.

e) All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets; x Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

6. FAIR VALUE MEASUREMENTS (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Pooled separate accounts held by the Plan represent investments in participation units held in pooled separate accounts through sub-accounts of John Hancock Life Insurance Company. For pooled separate accounts the fair value is based on reported net asset value ("NAV") of the underlying funds, which represents the values at which each sub-account can redeem its investments. The NAV, as provided by the investment custodian, is used as a practical expedient of fair value.

Guaranteed interest accounts: Valued based on contract provisions of underlying group fixed annuity contract, which approximates fair value. As there are significant unobservable inputs used in determining the fair value of the guaranteed interest accounts, these investments are classified in Level 3 of the fair value investment hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets measured at fair value by level within the valuation hierarchy as of December 31, 2017 and 2016:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2017
Guaranteed interest accounts	$ –	$ –	$ 79,973	$ 79,973
Total assets in the fair value hierarchy	–	–	79,973	79,973
Pooled separate accounts measured at net asset value[1]	–	–	–	4,687,297
Total investments	$ –	$ –	$ 79,973	$ 4,767,270

6. FAIR VALUE MEASUREMENTS (continued)

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2016
Guaranteed interest accounts	$ –	$ –	$ 70,817	$ 70,817
Total assets in the fair value hierarchy	–	–	70,817	70,817
Pooled separate accounts measured at net asset value[1]	–	–	–	4,176,220
Total investments	$ –	$ –	$ 70,817	$ 4,247,037

[1]In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using Net Asset Value per Share as Practical Expedient

The following tables set forth additional disclosures of the Plan's investments whose fair value is measured using net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2017			
Instrument	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,687,297	N/A	Daily	1-Day

	December 31, 2016:			
Instrument	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,176,220	N/A	Daily	1-Day

6. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth a summary of changes in the fair value of the Plan's investments classified within level 3 for the year ended December 31, 2017:

	Guaranteed Investment Contracts
Balance, beginning of year	$ 70,817
Purchases	11,989
Settlements	(2,833)
Balance, end of year	$ 79,973

Quantitative Information about Significant Unobservable Inputs used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2017 and 2016:

December 31, 2017				
Instrument	**Fair Value**	**Principal Valuation Technique**	**Significant Unobservable Inputs**	**Range of Significant Input Values**
John Hancock Guaranteed Interest Accounts	$ 79,973	Market value adjustment	Composite guaranteed rate	0.05% - 1.28%
			Current rate	0.55% - 0.95%

December 31, 2016				
Instrument	**Fair Value**	**Principal Valuation Technique**	**Significant Unobservable Inputs**	**Range of Significant Input Values**
John Hancock Guaranteed Interest Accounts	$ 70,817	Market value adjustment	Composite guaranteed rate	0.05% - 2.39%
			Current rate	0.05% - 0.75%

7. GUARANTEED INTEREST ACCOUNTS

The Plan is a party to guaranteed interest accounts with John Hancock. John Hancock maintains contributions to such contracts in a general account. These accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest accounts provide a guaranteed interest over a defined three, five, or ten-year term, provided all contributions remain in the account until the end of the guarantee period. The rate credited is the rate in effect on the day when each deposit is directed to the accounts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at fair value. However, there is a possible market value adjustment when funds are withdrawn prior to their maturity, and thus, the guaranteed investment accounts are not considered to be fully benefit responsive. The guaranteed interest accounts are included in the accompanying financial statements at fair value which, per John Hancock, approximates contract value.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reset annually. On an annual basis, John Hancock calculates a composite rate which is applied to those funds until maturity. The actual average yield and crediting interest rate were approximately 1.14% for the year ended December 31, 2017. There is no guaranteed rate of return on investments upon future resets.

8. EXEMPT PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled investment and guaranteed investment contracts offered by John Hancock. John Hancock is the custodian of the Plan's assets and provides certain administrative services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock by the Plan for administrative expenses amounted to $556 for the year ended December 31, 2017.

Revenues received by John Hancock from certain of the Plan's investment fund providers are credited to the Plan and allocated to the accounts of the participants. During 2017, the Plan received $4,384 in such revenue, which is included as other income in the accompanying statement of changes in net assets available for benefits.

During the year ended December 31, 2017, the Plan also paid fees in the amount of $6,080 to the Plan's third-party administrator, and therefore, such payments qualify as party-in-interest transactions.

9. RISK AND UNCERTAINTIES

The Plan provides for various investment options in funds which participants can invest in a combination of investment securities. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years December 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per the financial statements	$ 4,880,909	$ 4,331,826
Add: current year excess contributions payable	17,067	9,504
Net assets available for benefits per the Form 5500	$ 4,897,976	$ 4,341,330

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2017:

Net increase in net assets available for benefits per the financial statements	$ 549,083
Less: 2016 excess contributions payable	(9,504)
Add: 2017 excess contributions payable	17,067
Net increase of net assets available for benefits per Form 5500	$ 556,646

11. SUBSEQUENT EVENTS

The Plan has evaluated events occurring after the date of the accompanying statement of net assets available for benefits through October 12, 2018 the date the financial statements are available for issuance. The Plan did not identify any material subsequent events requiring adjustment to or disclosure in the accompanying financial statements.
