INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Benihana 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of the Benihana 401(k) Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company and Nationwide Financial Services, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Nationwide Financial Services held the plan's investment assets and executed investment transactions from July 15, 2009 to December 31, 2009, and that AXA Equitable Life Insurance Company held the plan's investment assets and executed investment transactions as of December 31, 2008, and for the period from January 1, 2009 to July 14, 2009. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following brief description of the Benihana 401(k) Plan is provided for general information purposes only. Participants should refer to the Benihana 401(k) Plan (the "Plan") agreement for more complete information.

General - The Plan is a defined contribution plan available to substantially all employees of Benihana National Corp. or Rudy's Restaurant Group (the "Employer") who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendment – Effective July 15, 2009, the Plan was amended and restated and a new trustee, administrator and custodian of the Plan was appointed. As a result of the transfer, a "blackout period" existed from July 8, 2009 to August 10, 2009. During the "blackout period", participants were unable to direct or diversify investments or obtain distributions.

Contributions – If an eligible employee does not indicate otherwise, they are automatically enrolled in the plan with a 3% contribution rate, with a 90 day grace period to opt out. Participants have the option of contributing a percentage of their eligible compensation up to the applicable Internal Revenue Service compensation limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer may contribute a discretionary matching contribution. For the year ended December 31, 2009, the Employer did not make a matching contribution. For the year ended December 31, 2008, the employer contributed 25 percent of the first 4 percent of eligible compensation that a participant contributed to the Plan. This matching contribution was funded to the Plan between April 2009 and June 2009.

The Employer may also make additional non-matching contributions to participants' accounts at its discretion. A participant will share in a non-matching contribution only if completed at least 1,000 hours of service during the plan year and is employed on the last day of the plan year. A non-matching contribution was not provided for in fiscal 2009 or 2008.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms

range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant (or their beneficiaries) will receive a lump-sum amount equal to the value of the participant's account balance. For termination of service due to other reasons, a participant is entitled to receive only the vested percentage of their account balance.

Plan Termination - Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeitures – Forfeited nonvested accounts will be used to offset plan expenses or may be used to reduce future employer contributions. As of December 31, 2009 and 2008, forfeited nonvested accounts totaled $1,359 and $0, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared using the accrual basis of accounting.

Investments Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through September 20, 2010, the date the financial statements were available to be issued.

3. FINANCIAL INFORMATION CERTIFIED BY CUSTODIAN

All investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2009 and 2008 and net appreciation in fair value of investments, interest and investment expenses for the year ended December 31, 2009, were obtained or derived from information certified as complete and accurate by Nationwide Financial Services and AXA Equitable, the trustees of the Plan. Nationwide Financial Services held the Plan's investment assets and executed investment transactions from July 15, 2009 to December 31, 2009 and AXA Equitable Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2008 and for the period January 1, 2009 to July 14, 2009. The following table presents investments as of December 31, 2009 and 2008:

*Investment represents 5% or more of the Plan's net assets as of December 31, 2009 or 2008.

The Plan's net appreciation in the fair value of investments for the year ended December 31, 2009 is as follows:

Registered investment companies	$ 258,340
Pooled separate accounts	82,529
	$ 340,869

4. FAIR VALUE MEASURMENTS

Financial Accounting Standards Board Statement (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Valuations are based on quoted market prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Valuations are based on quoted prices for similar assets in active markets, or quoted prices in markets that are not active for which significant inputs are observable, either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs reflect the reporting entity's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**

Total assets at fair value	$ 2,200,447	$ -	$ 44,023	$ 2,244,470

	Assets at Fair Value as of December 31, 2008			
	Level 1	**Level 2**	**Level 3**	**Total**
Guaranteed Interest Accounts	$ -	$ -	$ 10,736	$ 10,736
Pooled separate accounts	-	575,794	-	575,794
Total assets at fair value	$ -	$ 575,794	$ 10,736	$ 586,530

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled separate accounts: Valuation based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account.

Registered investment companies: Valued at the net asset value of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The table below sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2009.

	Guaranteed Investment Contracts-AXA Equitable	**Guaranteed Investment Contracts-Nationwide**	**Participant Loans**
Balance, beginning of year	$ 10,736	$ -	$ -
Unrealized gains relating to instruments still held at the reporting date			
Purchases, sales, issuances and settlements (net)	(10,736)	38,952	5,071
Balance, end of year	$ -	$ 38,952	$ 5,071

Gains and losses (realized and unrealized) included changes in net assets for the preceding period are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

5. TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED PARTY TRANSACTIONS

Plan investments are managed by the trustees of the Plan, Nationwide Financial Services as of December 31, 2009 and for the period July 15, 2009 through December 31, 2009 and by AXA Equitable Life Insurance Company as of December 31, 2008 and for the period January 1, 2009 through July 14, 2009. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately $20,000 for the year ended December 31, 2009. Fees paid by the Employer on behalf of the Plan approximated $11,000 for the year ended December 31, 2009.

7. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionaly, the fair value methods described in Note 4, Fair Value Measurements, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
