401(k) Plan

April 14, 2008

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Reproductive Biology Associates 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering employees of Reproductive Biology Associates upon completion of three months of employment, and attainment of age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation not to exceed $15,500 for 2008 and 2007, as defined in the Plan. The plan currently offers a variety of mutual fund investments. Participants should refer to the Plan agreement for the itemized list of investment options. Eligible participants may receive a contribution matching their salary deferrals based on a discretionary formula announced by the employer each year. In some years, the employer may elect not to make a matching contribution. Additional profit sharing amounts may be contributed at the discretion of the employer. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, and an allocation of Plan earnings and, if applicable, the Company's contribution is charged with an allocation of administrative expenses. Allocations of Plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's matching contributions plus actual earnings thereon, based upon years of service. A participant is 100% vested after six years of service.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Investment options

Funds are invested with a number of fund managers or sub-advisers. Upon enrollment in the Plan, a participant may direct employee contributions into any of the following fund categories:

Aggressive Growth
Funds are invested to seek long-term growth of capital.

Growth
Funds are invested to seek capital appreciation.

Growth & Income
Funds are invested to achieve intermediate and long-term growth through capital appreciation with income as a secondary consideration.

Income
Funds are invested to seek income and growth of capital.

Conservative
Funds are invested to seek stable rates of return and preservation of capital.

Payment of benefits

The Plan permits a participant, upon termination of service, to receive payment of vested accrued benefits as soon as administratively possible in the Plan year following separation from service.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following are significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of investments

Plan investments are stated at fair value based on quoted market prices. Mutual funds are valued by the trustee based on the current market values of the underlying assets of the fund.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – INVESTMENTS

The plan's investments are held in a Life Insurance Company administered trust fund. The following table presents investments at April 14, 2008 and December 31, 2007. Investments that represent 5% or more of the Plan's net assets are separately identified.

Investments at Fair Value as determined by quoted Market Price:	2008	2007
Lifestyle Balanced	$ -	$ 506,353
Lifestyle Growth	-	795,203
Lifestyle Aggressive	-	411,910
Money Market Fund	-	400,466
Other	-	1,504,245
	$ -	$ 3,618,177

NOTE 4 – PLAN MERGER

On March 20, 2008 the Trustees of Reproductive Biology Associates 401(k) Plan approved the merger of this Plan into the Adams Keegan Retirement Savings Plan effective April 14, 2008. As a result, all investments were transferred from the Plan into the Savings Plan on that date.

NOTE 5 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate sections of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – INFORMATION CERTIFIED BY TRUSTEE

All information included in the accompanying statement of net assets available for plan benefits as of April 14, 2008 and December 31, 2007, and the related statements of changes in net assets available for plan benefits for the period ended April 14, 2008 and year ended December 31, 2007 was certified to the Plan Administrator by John Hancock U.S.A. in its capacity of trustee for the Plan.
