Independent Auditors' Report

To the Trustees of
Friedman's Home Improvement 401(k) Profit Sharing Plan
Santa Rosa, California

Report on the Financial Statements
We were engaged to audit the accompany financial statements of Friedman's Home Improvement 401(k) Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by John Hancock Trust Company LLC, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule of Assets Held for Investment Purposes at End of Year – Schedule H, line 4i as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A. Description of Plan

The following description of the Friedman's Home Improvement 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a single employer defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – Employees of Friedman's Home Improvement (the "Company") are generally eligible to participate in the Plan after one year of service providing they work at least 1,000 hours during such year and have attained age eighteen. The Plan was amended on November 1, 2017, to allow participation in the Plan after 500 hours of service within the six-month time period following the employee's commencement date.

Plan Amendments – Effective January 1, 2016, the Plan was amended and restated in its entirety to conform to the requirements of the current IRS amendment cycle. One discretionary change was made in conjunction with the restatement to exclude annual bonuses from the definition of compensation for which employee deferrals may be made. Neither the restatement, in general, nor any of the discretionary amendments will have a significant impact on the Plan's financial statements.

Contributions – A participant may make salary reduction contributions to the Plan during any year, in any amount with no maximum limitation other than as provided in the Internal Revenue Code. Each year, the Company at the discretion of the Board of Directors, may make matching contributions on behalf of those participants who made salary reduction contributions during the year. During 2018, the Company made matching contributions on a dollar for dollar basis equal to the participant's salary reduction contributions, but not greater than 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. In addition, each year, the Company at the discretion of the Board of Directors, may make nonelective contributions. The Plan's nonelective contribution formula is one which employs permitted disparity by recognizing contributions made to social security. For the year ended December 31, 2018, there were no nonelective contributions.

Participant Accounts – Participant's salary reduction contributions are credited to his or her salary reduction account and matching contributions made on a participant's behalf are credited to his or her matching contribution account. All such amounts are held in individual, participant directed accounts at the John Hancock Trust Company LLC ("John Hancock") and each such account receives its investment results. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting – A participant is always fully vested in his or her salary reduction account. Vesting in the employer contribution portion of the participant's account is based on years of service. A participant is 100% vested after six years of credited service. This vesting schedule applies to participants who did not complete one or more hours of service after December 31, 1993 and participants whose plan entry date was on or after January 1, 2004; all other participants are 100 percent vested.

Note A. Description of Plan (continued)

Payment of Benefits – The benefit to which a participant is entitled is that which can be provided from the participant's account. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, or the value of the vested portion of his or her account payable in periodic installments over a period not to exceed his or her life expectancy.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account or other security which the advisory committee accepts. Loans, which qualify as home loans, bear interest at the prime rate in effect on the day the loan is funded, and all other loans bear interest at the prime rate in effect on the day the loan is funded plus two percent. The interest rates on participant loans range from 3.25% to 8.25%, with various maturities through December 2033.

Forfeited Accounts – At December 31, 2018 and 2017, forfeited non-vested accounts totaled $104,634 and $37,644. These accounts will be used as a discretionary match contribution. In 2018, no discretionary matching contributions were from forfeited non-vested accounts.

Note B. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Risks and Uncertainties – The Plan utilizes various investment instruments, including mutual funds and common/collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses – The Plan sponsor absorbs substantially all of the Plan's administrative costs, other than investment costs and fees charged by John Hancock. Costs and fees paid to John Hancock are netted from participant's accounts.

Note B. Summary of Accounting Policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Plan and the IRS are recorded as a liability with a corresponding reduction to contributions.

Reclassification – Certain prior year amounts have been reclassified to conform to current year presentation. There was no effect on previously reported changes in net assets available for benefits.

New Accounting Pronouncements – In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. ASU 2018-13 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-13 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurement of the investments.

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*. ASU 2018-09 provides amendments to a wide variety of topics in the FASB's ASC. Specific to employee benefit plans, this ASU includes an amendment to Subtopic 962-325, *Plan Accounting—Defined Contribution Pension Plans—Investments—Other.* This amendment updates the consideration for whether a certain type of investment should be considered to be eligible to use the net asset value per share practical expedient when there is actually a readily determinable fair value. Investments that have a readily determinable fair value are precluded from using the net asset value per share practical expedient and should be included in the fair value hierarchy disclosure. ASU 2018-09 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-09 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurements of the investments.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities.* ASU 2016-01 modifies certain aspects of recognition, measurement, presentation and disclosure guidance of financial instruments. The provisions of ASU 2016-01 will be effective for the Plan beginning with the year ended December 31, 2019 and amendments will be applied through a cumulative effect adjustment to the opening balance sheet in the year of adoption. The provisions of ASU 2016-01 are not expected to have a material impact on the Plan's financial statements.

Note C. Fair Value Measurements

The Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017. In the prior year financial statements, certain investments were presented as mutual funds and exchange traded funds in error. These funds were actually common/collective trust funds. The funds have been reclassified in these financial statements to reflect their proper treatment. There was no effect on the previously reported net assets available for benefits.

Mutual funds – Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds – Valued at the net asset value of units of a bank collective trust or its equivalent. The net asset value as provided by the trust is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note C. Fair Value Measurements (continued)

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value are as follows:

December 31. 2018	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 1,634,818	$ -	$ -	$ 1,634,818
	1,634,818	-	-	1,634,818
Investments measured at NAV:				
Common/collective trust fund (a)				15,249,446
Total investments				$ 16,884,264

December 31. 2017	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 1,063,386	$ -	$ -	$ 1,063,386
	1,063,386	-	-	1,063,386
Investments measured at NAV:				
Common/collective trust fund (a)				18,017,338
Total investments				$ 19,080,724

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table for December 31, 2018 and 2017 sets forth a summary of the Plan's investments reported at NAV.

(a) The investment objective of these funds is to seek the highest total return consistent with each fund's asset mix. These funds are designed for retirement plan participants who will reach retirement age at or near the target year or who have a risk tolerance consistent with each fund's asset allocation. As the target year approaches, each fund's asset mix will become more conservative by decreasing the allocation to stocks and increasing the allocation to bonds and cash. By the time each fund reaches its target year, the asset allocation will become fixed and match that of the American Century In Retirement Trust.

(b) The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses of the MSCI EAFE Index. BlackRock uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities of the Index in approximately the same proportions as the Index.

(c) The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P 500 Index. BlackRock uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities of the Index in approximately the same proportions as the Index.

(d) The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P Mid Cap 400 Index. BlackRock uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities of the Index in approximately the same proportions as the Index.

(e) The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Russell 2000® Index. BlackRock uses a representative sampling indexing strategy to manage the underlying fund by investing in substantially all of the securities of the Index in approximately the same proportions as the Index.

Note D. Related Party Transactions

The Plan's investment options, include certain mutual funds of John Hancock affiliates. John Hancock Trust Company LLC is the custodian and recordkeeper of the Plan assets and, therefore, participant investments in mutual funds within John Hancock qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing. The Company pays directly substantially all other fees related to the Plan's operations.

Note E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note F. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the Internal Revenue Code (IRC), and, accordingly, the trust's net income is exempt from income taxes. The Plan has not applied for a determination letter from the Internal Revenue Service (IRS) to determine if the Plan is designed in accordance with applicable sections of the IRC. However, the Plan document is based upon a prototype profit sharing plan submitted to the IRS which received an IRS advisory letter dated March 31, 2015, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

Note G. Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company LLC, the custodian of the Plan has certified the completeness and accuracy of:

- Participant directed investments and notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017,
- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018, and
- Investments reflected on the schedule of assets (held at end of year).

Note H. Subsequent Events

The Plan has evaluated subsequent events that have occurred after the financial statement date of December 31, 2018, through the date the financial statements were available to be issued, October 15, 2019. There were no subsequent events that required recognition or additional disclosure in these financial statements.
