Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Electrosonic, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company and Principal Life Insurance Company, the Custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodians as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H Part IV, Item 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

1. Description of Plan

The following brief description of the Electrosonic, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on April 1, 1987. Electrosonic, Inc. (the "Company"), an audio-visual company with extensive experience in designing, project managing, engineering, and supporting audio-visual systems with headquarters in Orlando Florida, is the Plan Sponsor and Administrator. Management fees and investment transaction fees are paid by the Plan. Other Plan expenses are paid by the Company. Prior to 2019, all employees, as defined in the Plan document, who have reached twenty-one and have completed three months of service with more than 157 hours of service each month or a total of 501 hours of service for the period were eligible to participate in the Plan. Beginning January 1, 2019, all employees, as defined in the restated Plan document, who have reached age twenty-one, have completed three months of service, and are regularly scheduled to work more than 1,000 hours of service during the Plan year are eligible to participate in the Plan.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act.

Contributions

The 401(k) feature allows participants to contribute a portion of their compensation to the Plan on a pretax basis. Participants may contribute up to 100% of pretax annual compensation. Through April 2020, the Company made a matching contribution for eligible participants of 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes to the Plan. Due to the COVID-19 pandemic, this match was suspended for the rest of 2020. Participant and Company matching contributions are subject to certain limitations set forth by the Internal Revenue Code. Participants age 50 or older are allowed to make catch-up contributions as set forth by the Internal Revenue Code.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions, and Company matching contributions. Participants may direct the investment of their accounts and the contributions thereto. Earnings are allocated based on participants’ account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon. Participants are immediately vested in employer matching and discretionary contributions and earnings thereon.

Forfeited Accounts

Forfeitures of matching and additional discretionary contributions are used to reduce plan expenses and discretionary contributions, respectively. There were no unallocated forfeitures at December 31, 2020 and 2019, and there were no forfeitures used to reduce plan expenses for the year ended December 31, 2020.

1. Description of Plan (Continued)

Notes Receivable From Participants

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates were 3.25% - 5.50% at December 31, 2020 and December 31, 2019. Principal and interest are paid ratably through regular payroll deductions. Upon termination of service, outstanding loans are reclassified and reported as benefits paid to participants.

Pursuant to the CARES Act, as amended in the Plan, Plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020. As part of the amendment, the Plan also allowed for loans to be borrowed up to the lesser of $100,000 or 100% of an impacted participant's vested balance for 180 days, which began on March 27, 2020.

Investment Allocation

Upon enrollment in the Plan, a participant may direct employee and employer contributions and account balances to a variety of investment options through Principal Trust Company and Principal Life Insurance Company (the "Custodians"). All investments are participant directed. Participants may change their investment allocation daily.

Payment of Benefits

Distributions will be made as soon as administratively feasible following termination, retirement, disability, death, or hardship. Distributions are made in a lump-sum payment. For terminated employees, vested accounts less than $1,000 may be subject to a mandatory distribution through a lump sum payment. Vested accounts of terminated employees with balances greater than $1,000 but less than $5,000 may be subject to a mandatory distribution through a rollover into an individual retirement account or distributions through a lump sum payment.

Pursuant to the CARES Act, as amended in the Plan, Plan participants were permitted to take coronavirus-related distributions in an amount up to $100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and the differences could be significant.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the stable value fund, which is reported at contract value as of December 31, 2020. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

Fully Benefit-Responsive Investment Contracts

In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through collective trusts. As required by the Financial Accounting Standards Board Accounting Standards Codification, the statement of net assets available for benefits presents the fair value of the investments in the collective trusts as well as the adjustment of the investments in the collective trusts from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Inputs are inputs other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs are unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Custodial fees are primarily paid by the Company or through the application of forfeited funds. Administration fees and investment transaction fees are paid by the Plan.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 8, 2021, the date which the financial statements were available to be issued.

In 2021, the Plan switched providers with Fidelity becoming the custodian of the Plan.

3. Investments and Limitation on Scope

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by the Custodians, except for comparing the information with the related information included in the financial statements and the supplemental schedule. The information certified includes total investments of $24,986,053 and $24,232,376 and notes receivable from participants of $147,195 and $176,852 at December 31, 2020 and 2019, respectively, and net investment appreciation of $2,696,686, dividends and capital gains of $29,778, guaranteed interest income of $1,087, and interest income from participant notes receivable of $7,843 for 2020.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

4. Fair Value Measurements (Continued)

The reconciliation of the beginning and ending balances for assets and liabilities measured at fair value using significant unobservable inputs (Level 3) is as follows at December 31:

	2020	2019
Guaranteed Investment Contracts		
Beginning Balance - January 1	$ 198,266	$ 464,470

Total gains included in changes in net assets available for benefits relating to assets held at the end of the reporting period	$ 1,685	$ 6,122

The following tables provide further details of this Level 3 fair value measurement.

	Quantitative Information about Level 3 Fair Value Measurements		
December 31, 2020	**Valuation Techniques**	**Unobservable Input**	**Range**
Guaranteed interest contracts	Adjustment of contract value to fair value based on market interest rates	Market interest rates	.97% to $1.20%

	Quantitative Information about Level 3 Fair Value Measurements		
December 31, 2019	**Valuation Techniques**	**Unobservable Input**	**Range**
Guaranteed interest contracts	Adjustment of contract value to fair value based on market interest rates	Market interest rates	.64% to 1.40%

Pooled separate accounts are valued at net asset value as determined by the Custodians based on the fair value of the underlying investments of each pooled separate account. The valuation of the underlying investments of each pooled separate account depends on the types of investments held by the pooled separate account and may be based on unobservable inputs. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. Guaranteed interest contracts are valued at fair value as determined by the Custodian using the contract value of the investment adjusted to fair value based on current market interest rates to the extent these rates exceed the contract's crediting rates. the Fair value of stable value funds are determined by the Custodian based on the fair value of the underlying investment contracts of each fund.

5. Guaranteed Interest Contracts

The Plan entered into an investment contract that is not fully benefit-responsive with the Custodians. The Custodians maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value, using the contract value of the investment adjusted to fair value based on current market rates to the extent these rates exceed the contract's crediting rates. Participants may ordinarily withdraw or transfer all or a portion of their investment value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates ranged from .97% to 1.20% in 2020 and .64% to 1.40% in 2019. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

6. Party-In-Interest

The Plan's investment funds are primarily managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Custodian for the administrative service amounted to approximately $54,000 for the year ended December 31, 2020.

7. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

8. Income Tax Status

The Internal Revenue Service determined and informed the Plan Sponsor by letter dated November 25, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is no longer subject to income tax examinations for years before 2017.

9. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. In addition, on January 30, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will continue to occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 at December 31:

		2020
