We were engaged to audit the financial statements of the Retirement Plan for Employees of Tri-County Mental Health & Counseling Services, Inc. (the Plan) as of December 31, 2009 and 2008 and for the years then ended, and the supplemental schedule as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN:

The following description of the Retirement Plan for Employees of Tri-County Mental Health & Counseling Services, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Tri-County Mental Health & Counseling Services, Inc. (the Employer) who meet the eligibility requirements, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is considered a "safe harbor" plan within the meaning of the Internal Revenue Code (IRC).

Eligibility

Employees who are scheduled to work at least 1,000 hours of service during the year may enter the plan after 30 days of service. Participants must complete one year of service to receive employer matching and discretionary contributions.

Contributions

Employee contributions – Each year, participants may elect to defer up to 100% of eligible compensation not to exceed the maximum allowed by the IRC. Participants may also contribute rollover contributions which represent distributions from other qualified defined benefit or contribution plans. Participants who reach age 50 may elect to make catch-up contributions.

Employer matching contributions –The Employer matches 100% of the first 4% of compensation deferred by the participant as a safe harbor matching contribution.

Employer discretionary contributions - The Employer may make discretionary profit sharing contributions annually at the discretion of the Board of Trustees. A participant must have worked at least 1,000 hours during the year and be employed on the last day of the plan year to receive the discretionary profit sharing contribution. For the years ended December 31, 2009 and 2008, there were no discretionary profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's elective contributions, employer contributions, and earnings and losses thereon. The Plan's investments are participant-directed.

Vesting

All participants are 100% vested in elective deferrals and rollover contributions made to the Plan and Employer safe harbor matching contributions. Participants become vested in the Employer discretionary contributions as follows:

- 10% after one year of service;
- 20% after two years of service;
- 40% after three years of service;
- 60% after four years of service;
- 80% after five years of service; and
- 100% after six years of service .

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid by the Employer.

Participant loans
Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions. Upon default (as defined), the Plan administrator treats the default as a distribution and offsets the outstanding balance of the loan against the participants' vested account balance.

Payment of benefits
On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested interest in the Plan or annual installments over a fixed period. Normal retirement is age 65; however, the Plan also provides for early payment of benefits after reaching age 59 ½. The nonvested portion of the account is treated as a forfeiture. Hardship withdrawals are permitted in accordance with the Internal Revenue Service (IRS) guidelines.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:
The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting and income recognition
The financial statements are prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recognized when paid.

Risks and uncertainties
The Plan provides certain investment options in pooled separate accounts and guaranteed interest accounts. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Subsequent events
The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through September 29, 2010, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2009 and 2008 was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

Investments
Net appreciation (depreciation) in fair value of investments
Interest and dividend income
Assets held at the end of year

4. GUARANTEED INTEREST ACCOUNTS:

Participants have the option to invest in John Hancock Life Insurance Company (U.S.A.) (John Hancock) guaranteed interest accounts which are backed by the general assets of John Hancock. The principal is guaranteed as long as the contract is in effect. The account is credited with actual earnings on underlying investments (principally high-quality fixed income investments) and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value (See Note 11). The guaranteed interest accounts are not considered fully benefit responsive.

5. POOLED SEPARATE ACCOUNTS:

The Plan has investments in pooled separate accounts that hold primarily mutual funds. The account is credited with earnings on the underlying investments and charged for Plan withdrawals. The accounts are included in the accompanying financial statements at fair market value (See Note 11), as reported to the Plan by John Hancock.

6. FORFEITED ACCOUNTS:

Accumulated forfeited non-vested accounts totaled $408 and $6,942, respectively, for the years ended December 31, 2009 and 2008. These amounts relate to forfeited Employer contributions. Forfeited nonvested accounts will be used to first pay administrative expenses of the Plan and then to reduce future Employer contributions. During 2009 and 2008, administrative expenses of $9,977, and $7,790, respectively, were reduced by forfeited nonvested accounts.

7. RELATED PARTY TRANSACATIONS:

Certain Plan investments are units of guaranteed interest accounts and pooled separate accounts managed by John Hancock, the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. INCOME TAX STATUS:

The Plan has elected to adopt a prototype plan document which obtained its' latest opinion letter on March 31, 2008. In that letter, the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

10. INVESTMENTS:

The following investments represent 5% or more of net assets available for benefits at December 31, 2009 and 2008:

	2009	2008
John Hancock Lifestyle Balanced Fund	$ 1,272,351	$ 1,014,477
John Hancock Lifestyle Growth Fund	823,819	576,117
John Hancock Lifestyle Aggressive Fund	327,973	N/A
John Hancock Lifestyle Moderate Fund	442,624	325,730
John Hancock PIMCO Total Return Fund	345,651	289,343

During the year ended December 31, 2009, the Plan's investments (including bought, sold, and held during the year) in pooled separate accounts appreciated in value by $1,142,882. During the year ended December 31, 2008, the Plan's investments (including bought, sold, and held during the year) in pooled separate accounts depreciated in value by $1,821,507 and the guaranteed interest accounts appreciated in value by $6,426.

11. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board's *Fair Value Measurements and Disclosures* provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). In 2009, the Plan adopted disclosure guidance which requires greater disaggregation of the categories of debt and equity securities held as of December 31, 2009. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008.

- Pooled separate accounts: Valued based on the fair value of the underlying investments within the fund, which represents the net asset value of the shares held by the Plan at year end. The fund manager's objective is preservation of revenue or to provide long and short-term capital growth by investing primarily in equity securities, fixed income, bond and money market funds. There are no unfunded commitments related to the pooled separate accounts and units are redeemable at net asset value.

- Guaranteed interest accounts: The fair value is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.
- Participant loans: Participant loans are valued at the outstanding balances, which approximate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

		Level 1	Level 2	Level 3	Total
