Attachment to 2010 Schedule SB of Form 5500

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions

Mortality: The Prescribed IRS 2010 Combined Static Mortality Table has been used.

Interest Rate for Target Funding Liability purposes: Prescribed segment rates (4.60% for the first 5 years, 6.65% for the next 15 years, and 6.76% for the rest of the period) have been used.

Salary Increases: None assumed.

Withdrawal Rates: None assumed.

Disability Rates: None assumed.

Retirement Rates: 100% retirement assumed at age 65.

Loading for Expenses: None. We have assumed that the trust's investment income (and appreciation) will cover expenses and, in addition, will yield the interest rates above.

Recognition of IRC Section 415 Limitations: The benefit limitations under IRC Section 415(b) have been reflected in the determination of plan costs.

Asset Valuation Method

The actuarial value of assets is equal to market value of assets as of the first day of the plan year, plus any appropriate receivable employer contributions made for the prior plan year.

Valuation Procedures

No actuarial accrued liability is included for participants who terminated non-vested prior to the valuation date, if any.

The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.

Schedule SB, Part V – Summary of Plan Provisions

Effective Date of Plan and Plan Year
The plan provisions used were based on the provisions of the plan as originally effective January 1, 2003. The plan year is the calendar year. The latest amendment is effective April 30, 2009.

Sponsoring Employer
Pathologists Bio-Medical Laboratories.

Participation Requirements
Each employee of the plan sponsor is eligible to participate in the plan, provided that he or she is not an excluded employee, on the January 1 or July 1 coinciding with or next following the date after having attained age 21 and having worked at least 1,000 hours during the first 12 months of employment (or any subsequent calendar year). Excluded employees include those currently participating in the plan sponsor's profit-sharing plan.

Type of Plan
Self-administered, trusteed defined benefit pension plan.

Contributions to the Plan
Employer contributions to the trust will be made in such amounts and at such times as are required to maintain the plan and trust in compliance with ERISA and IRC Section 412. Employee contributions are not required or permitted.

Credited Service
Total years of service, measured in each plan year in which an employee completes at least 1,000 hours of service. No credited service is allowed in the plan after the plan freeze date of April 30, 2009.

Vesting Service
Vesting service is the period of employment used in determining eligibility for benefits. A year of vesting service is granted for each year in which an employee works 1,000 hours. A participant is granted partial vesting based on 20% after two years, with an additional 20% added each year, until reaching 100% vesting after six years. For vesting purposes, years of vesting service with Baylor Pathology Associates will be counted.

Plan Compensation
Amounts actually paid by the employer for services rendered, subject to federal income tax withholding (W-2, Box 1) plus deferrals made pursuant to the company's 401(k) plan, 125 cafeteria plan, etc. Plan compensation is capped at the IRC Section 401(a)(17) pay limit (i.e. $245,000 for 2009). No compensation is used in the accrual of plan benefits after the plan freeze date of April 30, 2009.

Average Compensation
Average monthly compensation is the result obtained by dividing the total compensation paid during a considered period by 12 times the number of years in the considered period. The considered period is the 3 consecutive calendar years of employment within the participant's entire period of employment prior to the employee's retirement which yield the highest average.

Normal Retirement Benefit
Eligibility is the first day of the month coincident with or next following attainment of age 65, or the 5th anniversary of the commencement of participation in the plan, if later. The monthly benefit is equal to 100% of average compensation, divided by 12. A participant's benefit shall be reduced on a pro-rata basis for each year of credited service less than 10 that the participant is credited with at normal retirement date. Please note that there is no further benefit accruals in the plan after the plan freeze date of April 30, 2009.

Plan: Pathologists Bio-Medical Laboratories Defined Benefit Pension Plan
EIN/PN: 75-1049190 / 002
Attachment to 2010 Schedule SB of Form 5500

Late Retirement Benefit
The benefit is determined considering service and compensation up to actual retirement and shall be the greater of continued accruals or actuarial equivalent of the accrued benefit. Payments begin at actual retirement. In no event will this late retirement benefit be less than the actuarial equivalent of the normal retirement benefit.

Early Retirement Benefit
None.

Termination Benefit
At any age, provided the employee has completed at least 2 years of vesting service at termination date. See the vesting service section for the partial vesting schedule. The monthly benefit is equal to the benefit as computed for normal retirement, considering service and compensation at termination date, or as of the plan freeze date of April 30, 2009, if earlier. Distributions from the plan will commence as soon as administratively feasible in the plan year coincident with or next following separation from service.

Disability Benefit
Participants who become disabled under the plan and are eligible for a social security benefit are eligible for a disability benefit. Prior to normal retirement, the amount of the benefit is equal to actuarial equivalent of the participant's vested accrued benefit as of his disability retirement date.

Pre-Retirement In-Service Death Benefit
If a vested participant dies, his surviving spouse or designated beneficiary is eligible for the pre-retirement survivor annuity equal to 100% of the participant's interest in the plan, with payments commencing within a reasonable period after the participant's death. Another optional form of payment may be elected under certain circumstances. If the spouse does not so direct, payment of such benefit will commence at the time the participant would have attained normal retirement age. The monthly benefit is equal to the actuarial equivalent of the present value of the vested accrued benefit under the plan.

Optional Forms of Benefits
Automatic--If the participant is married on his benefit commencement date, a joint and 50% survivor annuity option will be payable. If the participant is not married on his benefit commencement date, a lifetime only annuity will be payable. Actuarial equivalence is based on a 7% interest rate and the 1984 Unisex Pensioners Mortality Table.

Optional forms available include:

- A lifetime only annuity,
- A certain and life annuity (i.e., 5, 10, 15, or 20 years), and
- A joint and survivor annuity (i.e., 50%, 66-2/3%, 75%, or 100%).

Automatic Cash Out
Upon termination of service, if the lump sum value of the accrued benefit is less than $5,000, the lump sum amount is paid as soon as practical after termination.

Expenses
Paid by the trust if not paid by the employer.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
