As permitted by 29 CRF 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements Using:	
	Fair Value	Level 1	Level 3

John Hancock Pooled Separate Accounts	$1,349,440	$1,349,440	$ -

Financial Accounting Standards Board ASC 820-10, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of pooled separate accounts is based on quoted net asset values of the mutual fund or bank collective investment trust shares held by the sub-account at year end.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

Note 5 Income Tax Status

The Plan has adopted The Retirement Advantage, Inc. Non-standardized 401(k) Profit Sharing Plan which is a defined contribution plan. The Plan obtained its determination letter dated March 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination, The Retirement Advantage, Inc. and the administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 Plan Termination

Although the Employer intends the Plan to be permanent and continuing, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, accrued benefits, to the extent funded or required to be funded, must be distributed to the participants.

Note 7 Party-in-Interest Transaction

Record keeping, plan consulting, and investment services are provided by The Retirement Advantage, Inc. and John Hancock Insurance Company (U.S.A.). The plan paid $ 19,870 for those services during the year ended December 31, 2009.

Substantially all plan investments are mutual funds managed by John Hancock Insurance Company.

Note 8 Subsequent Event

The Company filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in Barnkuptcy Court in the State of Florida. In March 2010, the Company received court approval on filed motions that will allow it to conduct business in the ordinary course without interruption in the near term.
