INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
WH School Employees 401(k) Profit Sharing Plan:

We were engaged to audit the financial statements of WH School Employees 401(k) Profit Sharing Plan as of December 31, 2009 and 2008 and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Sponsor that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Sponsor has obtained a certification from the trustee as of and for the years ended December 31, 2009, and 2008, that the information provided to the Plan Sponsor by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. **Plan Description:**

The following description of the WH School Employees 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established October 1, 2004 as a defined contribution plan, and covers substantially all full-time employees of WHLS of Michigan, LLC and WHLS of Florida, LLC, who have at least 30 days of service with the Company and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The employees may make contributions to the Plan according to their elected salary reduction percentages, not to exceed limits imposed by IRS Code Section 402(g). An employer matching contribution equal to 50% of the first 10% of the participant's withholding is contributed to the Plan on behalf of all participants. Each participant's account is credited with the participant's contribution and the employers' matching contribution.

Participants' Accounts – Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant and Company contributions, investment income, and the net appreciation in the fair value of investments. Account balances are decreased by participant distributions, administrative expenses and net depreciation in the fair value of investments.

Vesting – Participants are immediately vested in their voluntary contributions and the related earnings thereon.

Vesting of employer matching contributions plus related earnings is based on years of service as identified by the Plan. Participants become 100 percent vested after six years of service or upon death, permanent and total disability, or attaining the retirement age of 65.

Minimum vesting under the Plan occurs in accordance with the following schedule:

Years of Service	Vested Amount
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Withdrawals – Withdrawals are not permitted before age 65 except in the event of death, disability, or termination of employment.

1. **Plan Description, Continued:**

Payment of Benefits – Upon termination of service due to death, disability, retirement or other reasons, participants with a vested interest in their accounts of $5,000 or more may elect to receive a lump-sum distribution, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their accounts of less than $5,000 automatically receive lump-sum distributions.

Forfeited Accounts – Forfeited non-vested accounts totaled $28,259 in 2009 and $24,170 in 2008 and will be used to reduce the future years' employer contributions. Forfeitures totaling $82,984 were used to reduce employer contributions in 2009. No forfeitures were used to reduce contributions in 2008.

Plan Termination – Although they have not expressed any intent to do so, the Plan Sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Subsequent to December 31, 2009, the Plan had a partial plan termination as more than 20% of Plan participants were terminated by the plan sponsor. As of the partial plan termination date, all participants terminated during 2010 as a result of the closing of various schools became 100% vested in employer contributions.

2. **Summary of Accounting Policies:**

Method of Accounting – The Plan's policy is to prepare its financial statements and supplemental schedule under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation – The Plan's investments are held in pooled separate accounts and are stated at fair value as determined by John Hancock Life Insurance Company, the custodian. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. The custodian is unable to report interest and dividend income separate from net appreciation (depreciation) in fair value of investments.

Administrative Costs – The Plan generally pays all costs of administering the Plan and any expenses of the trustee including normal brokerage charges included in transactions involving securities.

2. Summary of Accounting Policies, Continued:

Risks and Uncertainties – The Plan provides for various investment options in a combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, the plan administrator does not expect those differences to be significant to the financial statements.

Subsequent Events – During 2009, the Plan adopted the new subsequent events accounting pronouncement. The new accounting pronouncement does not change the existing guidance on recognition and disclosure of subsequent events, but requires additional disclosure of the date through which the Plan has evaluated subsequent events. Management of the Plan has evaluated subsequent events through September 21, 2010 the date the financial statements were available to be issued.

3. Trustee Certification:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of and for the year ended December 31, 2009 and 2008.

	2009	2008
Cash	$ 9,465	$ 64,164
Investments, at fair value	1,144,558	753,240
Net appreciation (depreciation) in fair value of investments	198,494	(238,546)

4. Investments:

The following presents investments held with John Hancock Life Insurance Company at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	2009		2008	
	Number of Shares	Fair Value	Number of Shares	Fair Value
John Hancock Stable Value	240,537	$ 295,108	176,182	$ 212,662
John Hancock Venture Series Equity Income Fund	3,230	92,267	2,756	62,609
John Hancock Lifestyle Balanced	372	75,164	403	61,049
John Hancock Lifestyle Moderate	414	66,491	-	-
John Hancock Lifestyle Growth	272	76,404	-	-
John Hancock Lifestyle Aggressive	239	68,511	-	-

5. Fair Value Measurements:

The Plan measures its assets in accordance with *fair value standards*. That standard provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. **Fair Value Measurements, Continued:**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Separate Investment Accounts: Unit value calculated based on the observable net asset value (NAV) of the underlying investment.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 2
Separate investment accounts:	
Balanced funds	$ 224,127
Growth funds	408,885
Fixed income funds	368,781
Other funds	142,765
Total separate investment accounts	$ 1,144,558

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 2
Separate investment accounts:	
Balanced funds	$ 109,478
Growth funds	268,031
Fixed income funds	266,869
Other funds	108,862
Total separate investment accounts	$ 753,240

6. Tax Status:

The Plan uses a prototype plan document sponsored by an unrelated third party. The prototype plan received an opinion letter from the Internal Revenue Service dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the Internal Revenue Service. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business tax. Therefore, no provision for income tax has been included in the Plan's financial statements.
