Hedrick Brothers Construction Co., Inc.
Thrift and Profit Sharing Plan
Notes to Financial Statements
As of and for the years ended October 31, 2010 and 2009

1. DESCRIPTION OF PLAN

The following description of the Hedrick Brothers Construction Co., Inc. Thrift and Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Thrift and Profit Sharing Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hedrick Brothers Construction Co., Inc. (the "Company") who have completed 90 days of eligible service as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted November 1, 1997 and restated as of November 1, 2009. Nationwide Financial Services, Inc. ("Nationwide") was the asset custodian through April 21, 2010. The Plan transferred all assets to Charles Schwab Trust Company on April 22, 2010. Retirement Alliance, Inc. is the Plan's trustee and record keeper. The Company is the Plan administrator and fiduciary. The Company's Board of Directors appoints employees to regulate the administration of the Plan. The purpose of the Plan is to provide retirement benefits for the Company's employees.

The Plan was adopted also as a profit sharing plan covering substantially all employees of the Company who had one year of service, were employed by the Company on the last day of the Plan year, and had attained the age of eighteen.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code ("Code"). Under 401(k) of the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or plan earnings until such time as they are partially or completely withdrawn from the Plan. The Plan was amended to adopt the provisions of Code Section 402A, as enacted by the Economic Growth and Tax Relief Reconciliation Act of 2001, to permit Roth elective deferrals ("Roth"). Under 402A of the Code, participants are liable for federal income taxes on employee Roth contributions. Participants are not liable for federal income taxes on withdrawals of Roth contributions and earnings, thereon, if the distribution meets certain holding requirements.

1. DESCRIPTION OF PLAN (CONTINUED):

Contributions

Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement up to 75% of annual compensation, subject to maximum dollar limitations established by the Internal Revenue Service ("IRS"). In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions subject to IRS limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct investment of their contributions into various investment options offered by the Plan.

The Company, at its discretion, may make matching contributions to be applied to participants' deferrals. The limit on the percent of compensation that will be matched, and the percentage that the Company will contribute is determined annually by the Company. The Company's discretionary matching contribution for the year ended October 31, 2010 and 2009 was 25% up to the first 6% of a participant's contribution, or 1.5% of eligible compensation for participants' deferrals over 6%, which is deferred as an elective deferral. The Company may also make other contributions to the Plan, which are called Non-Elective Contributions. These contributions are discretionary, including the discretion to forego a contribution for one or more plan years. The Company contributed $263,170 and $169,255 in non-elective contributions on behalf of all eligible participants for the years ended October 31, 2010 and 2009, respectively.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the Company's contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' nonvested accounts can be used to reduce employer contributions, to pay for administrative expenses, and/or allocated to remaining eligible Plan participants.

Vesting

Participants are immediately vested in their salary deferred contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest at 20% per year after two years of credited service, after meeting eligibility requirements. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED):

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in various investment options offered by the Plan. Participants may change their investment options effective at anytime during the Plan year.

The Plan offers a personal choice retirement account as one of the investment options in which participants can make investment changes in their retirement account using a self-directed brokerage account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In the event the terminated participant's vested accrued benefit is less than $5,000, the Plan administrator may make a single lump-sum payment without the election or request of the participant.

Participant Loans

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%. Principal and interest is paid ratably through payroll deductions over 0 to 60 months, with the exception of loans for the purchase of a residence, which can be repaid over 360 months. Participants may only have one outstanding loan at any given time. An outstanding loan balance becomes due upon termination, or when a loan becomes in default. Any unpaid balance becomes taxable income to the participant.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4.

The amounts invested in registered investment companies and the participant directed-personal choice brokerage accounts are stated at the quoted market value of the underlying securities.

Common collective investment trust accounts are recorded at values reported by Charles Schwab Trust Company, which are based on the underlying securities.

Participant loans are reported at amortized cost which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED):

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 11, 2011, the date which the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments, at fair value, that represent five percent or more of the Plan's net assets available for benefits.

Certified by Charles Schwab Trust Company at October 31, 2010:

Facets Target Retirement 2015	$1,320,786
Facets Target Retirement 2025	$1,979,852
Facets Target Retirement 2035	$ 635,757

Certified by Nationwide Financial Services, Inc. at October 31, 2009:

American Funds American Balanced Fund	$ 190,502
American Funds Capital World Growth & Income	$ 271,412
NW Investment Designated Moderate Aggressive	$ 341,754
NW Money Market	$ 564,968
Oppenheimer Value Fund A	$ 188,145

4. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles (GAAP) with respect to *Fair Value Measurements* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use the observable inputs and minimum the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (CONTINUED):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2010.

Registered Investment Companies (i.e., mutual funds)	Valued at the closing price reported on the active market on which the individual securities are traded.
Common Collective Trusts	Valued at the underlying security's quoted prices of shares held by the Plan.
Participant Directed - Personal Choice Brokerage Accounts:	Invested assets are valued at the closing price reported on the active market on which the individual securities are traded.
Participant Loans:	Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (CONTINUED):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2010 and 2009:

	Assets at Fair Value as of October 31, 2010

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ -0-

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts including employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. TAX STATUS:

The Plan operates under the prototype standardized profit sharing plan provisions established by Retirement Alliance, Inc., the Plan's trustee and record keeper. The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2008, accepting the form of the prototype plan. The IRS considers employers who adopt and adhere to the terms and provisions of the prototype plan as meeting the requirements for qualification in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan's trustee and the Company's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in these financial statements. See Note 12.

7. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED):

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate, by the Plan's asset custodians, Charles Schwab Trust Company and Nationwide Financial Services, Inc., except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

For the period from April 22, 2010 to October 31, 2010, the investments of the Plan included registered investment company and common collective trust accounts that are managed by the custodian, Charles Schwab and Trust Company, and, therefore, qualify as party-in-interest transactions. See Note 8.

At October 31, 2009, and for the period from November 1, 2009 to April 21, 2010, the investments of the Plan included mutual funds that were managed by an affiliate of the custodian, Nationwide Financial Services, Inc., and, therefore, qualify as party-in-interest transactions.

The Plan allows participants to take out loans against their vested account balances; which qualify as party-in-interest transactions.

12. SELF-CORRECTION PROGRAM:

Subsequent to October 31, 2010, incorrect employee demographic information was identified. These errors are believed to be the result of the change in the Plan's third-party administrator, which occurred during the Plan year. The errors resulted in incorrect employer discretionary match to two participants and incorrect non-elective employer contribution allocated to two participants totaling $395 and $2,055, respectively, excluding any earnings adjustment; and, three employees were incorrectly excluded from participation in the Plan. Corrective contributions of $3,043 for these three employees, excluding lost earnings, have been identified by the Company and a net amount of $593 is included in the employer's contribution receivable on the accompanying Statement of Net Assets Available for Benefits at October 31, 2010, and in employer's contribution on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended October 31, 2010.

12. SELF-CORRECTION PROGRAM (CONTINUED):

The Company, through the advice of legal counsel, is in the process of correcting these demographic errors with the Plan's third-party administrator under the Internal Revenue Service's Self-Correction Program that is set forth in Revenue Procedure 2008-50 ("Rev. Proc."). These corrections will be remitted by the Company and adjusted or credited, as applicable, to the affected participants' accounts as soon as administratively possible and will include the required earnings and lost earnings adjustments as required by the Rev. Proc.

None of these corrections had a material effect on the Plan's assets available for benefits. In addition, no provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the Company, through the advice of legal counsel, believes that the Plan continues to be qualified, and the tax status of the related trust continue to be tax exempt.

13. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
