INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
OPM Services, Inc.
401(k) Profit Sharing Plan
Azusa, California

I have audited the accompanying financial statements of OPM Services, Inc. 401(k) Profit Sharing Plan ("the Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009 as listed in the accompanying index. These financial statements are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audits.

Except as discussed in the following paragraph, I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

In my opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had I performed procedures with respect to the information summarized in note 3, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of OPM Services, Inc. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

My audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, listed in the accompanying index is presented for the purpose of additional analysis and is not a required part of the basic financial statements but as supplementary schedule required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, except for the effects on the Schedule I - Investments of such adjustments, if any, as might have been determined to be necessary had I performed procedures with respect to the information summarized in note 3 as described in the second preceding paragraph, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2009 and 2008

NOTE 1 - DESCRIPTION OF PLAN

The following description of OPM Services, Inc. ("the Employer") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2001 under the provision of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers all eligible employees of the Employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants' contributions shall not exceed the lesser of (a) $40,000, as adjusted for increases in the cost of living or (b) 100% of pretax annual compensation up to a maximum of $16,500 or $22,000 if age 50 or older, as defined in the Plan. In addition, participants who are projected to attain age 50 before the end of a calendar year shall be eligible to make catch-up contributions as of January 1st of that calendar year. Participants may also contribute amounts rolled over from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. Participants may make changes to the percentage or amount deferred at any time.

The Employer may make a contribution on behalf of each participant based on a discretionary amount deemed appropriate by the Employer. The Employer contributions shall be made in cash or in such property as is acceptable to the trustee.

Participant Accounts

An account is maintained for each participant. The participant's account is credited with the participant's contribution and allocation of (a) employer contribution, and (b) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Employer's contribution portion is based on years of service in accordance with the following schedule:

Years of Vesting Service	Percentage
1 year	34%
2 years	67%
3 years	100%

NOTE 1 - DESCRIPTION OF PLAN (*continued*)

Participants vesting in the Employer's discretionary profit sharing contribution plus earning thereon, is based on years of service in accordance with the following schedule:

Years of Vesting Service	Percentage
1 year	34%
2 years	67%
3 years	100%

Participants' Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. All loans are required to be paid within five years unless the purpose of the loan is to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through monthly payroll deductions.

At December 31, 2009 and 2008 loan balances totaled $13,170, and $21,876, respectively.

Payment of Benefits

A participant eligible for distribution may elect to have the amount paid in cash in one lump-sum. Any distribution to a participant who has a benefit which exceeds $5,000, shall require such participant's written (or in such other form as permitted by the Internal Revenue Service) consent if such distribution occurs prior to the time the benefit is "immediately distributable." A benefit is "immediately distributable" if any part of the benefit could be distributed to the participant (or surviving spouse) before the participant attains (or would have attained if not deceased) the later of the participant's normal retirement age or age 62.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $262 and $3,930, respectively. Forfeited accounts are used either to reduce future employer contributions or to reduce administrative expenses relating to the maintenance of the Plan. Forfeited accounts in the amount of $3,668 were used to reduce administrative expenses relating to the maintenance of the Plan for the year ended December 31, 2009.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in percentage increments to investments offered by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"). Options include fixed rate guaranteed investment contracts and a variety of mutual funds to match the participant's investment profile.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value except for its benefits responsive investment contract, which is valued at contract value (note 4). Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Operating Expenses

All expenses of maintaining the Plan are paid by the Plan unless paid by the Employer.

NOTE 3 - INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

NOTE 3 - INVESTMENTS (*continued*)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Investments - Debt and Equity Securities" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

Participants' loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participants' loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

December 31, 2009	Participants' Loans
Beginning balance	$ 21,876
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	0
Purchases, sales, issuances, and settlements (net)	(8,706)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in the net appreciation in fair value of investments.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE ENTITY

In 2008, the Plan entered into a benefit-responsive investment contract with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was approximately 27% for the year ended December 31, 2009.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Schedule H of Form 5500:

	December 31,	
	2009	2008
Net assets available for benefits per the financial statements	$ 1,075,917	$ 740,665

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2009 to schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 69,172
Less: Amounts allocated to excessive contributions at December 31, 2009	14,440
BENEFITS PAID TO PARTICIPANTS PER SCHEDULE H OF FORM 5500	$ 54,732

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefits claims that have been processed and approved for payment prior to December 31, 2009 but not yet paid as of that date.

NOTE 7 - TAX STATUS

The Plan has not requested or received a determination letter from the Internal Revenue Service ("IRS") indicating that the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC"). The Plan has adopted a Volume Submitter program and opined in a letter dated March 31, 2008, that it is acceptable under Section 401(a) of the IRC. The Plan administrator believes that the Plan is currently being operated in accordance with the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
