INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
SelecTransportation Resources, LLC Retirement Savings Plan

We were engaged to audit the financial statements of SelecTransportation Resources, LLC Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by The Hartford Life Insurance Company (custodian of the plan from January 1, 2010 to November 30, 2010) and The Fidelity Management Trust Company (custodian of the plan from December 1, 2010 to December 31, 2010), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the Plan

The following description of the SelecTransportation Resources, LLC Retirement Savings Plan, formerly Houston Freightliner Retirement Savings Plan and Trust, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective September 1, 2002 to change the name of the Plan, and to change the Plan sponsor from Houston Freightliner, Inc. to SelecTransportation Resources, LLC Retirement Savings Plan. Other significant changes are indicated below.

The Plan is a defined contribution plan covering all employees of SelecTransportation Resources, LLC and affiliates (the "Company") except those who are covered by a collective bargaining agreement and nonresident aliens. Employees are eligible to participate after 90 days of service. Year end employment, twelve consecutive months of service, and 1,000 hours are required to be eligible for a profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants may elect to make salary deferral contributions of up to 50 percent of their annual compensation. The Company may make a discretionary employer matching contribution. For 2010 and 2009, the Employer elected to match 30 percent of all deferrals limited to 5 percent of compensation, up to the first $100,000 wages earned. The Company may also contribute a yearly profit sharing contribution to eligible participants. Profit sharing contributions are to be allocated to participants based on their eligible compensation in relation to total eligible compensation. The Plan is participant-directed and participants may change their contribution rates monthly and change investment options at any time.

ERISA and the Code provide that plans such as the Company's cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive refunds in the year following the year of contributions made in that year in excess of the Code Section 401(k) limit and all earnings attributable to such contributions. For the years ended December 31, 2010 and 2009, refunds in the amounts of $9,314 and $11,258, respectively, were necessary.

Forfeitures are available for the payment of plan expenses and any remaining balance may be applied to reduce employer contributions. For the 2010 and 2009 Plan years, forfeitures of $4,937 and $52,038, respectively, were used to reduce employer contributions. The forfeiture balance as of December 31, 2010 and 2009 was $0 and $1,291, respectively.

Note A – Description of the Plan (Continued)

Each participant's contributions and allocated earnings thereon are fully vested and non-forfeitable. Participants acquire a vested interest in their employer contribution and profit sharing account based upon completed years of continuous service as follows:

Years of Vesting Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant shall become immediately vested upon death, retirement, or disability. Normal retirement age under the Plan is 65. Upon a participant's termination or retirement, the funds in the participant's account may only be distributed in a lump sum payment.

Plan participants may borrow Plan assets up to a maximum of the lesser of $50,000 less the highest outstanding loan balance in the preceding 12 months or 50% of their vested account balance in the Plan. Effective October 12, 2009 the Plan was amended to allow participants to have two outstanding loans at any given time from the previous limit of one. Loans are repaid in level installments through weekly payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The loans bear interest at prime plus one and are secured by the participant's account to the extent of the principal amount of the loan plus accrued interest.

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. Upon termination, participants would receive benefits based on their account balance accumulated to the date of termination of the Plan.

Note B – Significant Accounting Policies

Basis of Accounting
The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Administrative Expenses
Administrative expenses of the plan are paid by the Company or the Plan.

Note B – Significant Accounting Policies (Continued)

Payment of Benefits
Benefit payments to participants are recorded upon distribution. The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Federal Income taxes
The Company has adopted a volume submitter plan, which obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates. Significant estimates used in preparing these financial statements include those assumed in the profit sharing contribution to be received, as explained in Note A. It is at least reasonably possible that such estimates will change within the next year. These estimates resulted in differences of $163,955 and $201,841 related to the 2009 and 2008 profit sharing contribution actually received in 2010 and 2009 compared to the estimated amount recorded at December 31, 2009 and 2008, respectively. See note E for a reconciliation of employer contributions per the financials compared to the Form 5500.

Fully Benefit-responsive Investment Contracts
The Plan reports investment contracts at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the Plan's investments in the fund as well as the adjustment of the investment in the fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Note B – Significant Accounting Policies (Continued)

Recent Accounting Pronouncements
The Plan has adopted all recently issued accounting pronouncements that were effective as of the date of these financial statements. The adoption of any accounting pronouncements not yet effective is not anticipated to have a material effect on the financial position or results of operations of the Plan. The Plan has not elected early implementation of any pronouncements.

Custodian and Record Keeper
The Hartford Life Insurance Company ("Hartford") was the plan custodian for the period until November 15, 2010. Effective November 16, 2010, Fidelity Management Trust Company ("Fidelity") became the plan custodian. Among other duties, the custodian receives contributions, holds and invests the fund assets in accordance with the directions of the participants, and makes disbursements as directed by the plan administrator. The Hartford Life Insurance Company and Fidelity Trust Management Company are also responsible for the record keeping, including maintaining complete and accurate account records for all plan participants, allocating employee contributions and investment earnings, posting distributions and forfeiture information to participant accounts and preparing participant statements and reports.

Codification of Accounting Standards
On September 30, 2009, the Plan adopted changes issued by the Financial Accounting Standards Board (FASB) to the authoritative hierarchy of GAAP. These changes establish the FASB Accounting Standards Codification (The Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The FASB will no longer issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts; instead the FASB will issue Accounting Standards Updates. Accounting Standards Updates will not be authoritative in their own right as they will only serve to update the Codification. These changes and the Codification itself do not change GAAP. Other than the manner in which new accounting guidance is referenced, the adoption of these changes had no impact on the Financial Statements.

Reclassifications
Certain amounts for the year ended December 31, 2009 have been reclassified in the comparative financial statements to be comparable to the presentation for the year ended December 31, 2010. These reclassifications have no effect on net income.

Note C – Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan has categorized all investments recorded at fair value based upon the level of judgment associated with

Note C – Fair Value Measurements (Continued)

the inputs used to measure their fair value. Hierarchical levels, directly related to the amount of subjectivity associated with the inputs to fair valuation of these assets and liabilities, are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities that the organization has the ability to access at the reporting date.
Level 2: Inputs other than quoted prices included in Level 1, which are either observable or that can be derived from or corroborated by observable data as of the reporting date.
Level 3: Inputs include those that are significant to the fair value of the asset or liability and are generally less observable from objective resources and reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability.

Assets measured at fair value as of December 31, 2010 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,665,251	$ -	$ -	$ 6,665,251
Participant loans	-	807,694	-	807,694
Fixed account	-	2,994,402	-	2,994,402
Total assets measured at fair value	$ 6,665,251	$ 3,802,096	$ -	$ 10,467,347

Assets measured at fair value as of December 31, 2009 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,227,856	$ -	$ -	$ 5,227,856
Participant loans	-	753,564	-	753,564
Fixed account	-	2,803,052	-	2,803,052
Total assets measured at fair value	$ 5,227,856	$ 3,556,616	$ -	$ 8,784,472

Note D – Investments

The custodian invests the assets of the Plan in registered investment companies and guaranteed investment contracts pursuant to the directions of the participants and in accordance with the Plan provisions. The Hartford Life Insurance Company and The Fidelity Management Trust Company calculate the fair value of each account at the close of each business day. Accounts are expressed in units. The value of a participant's account on any date is determined by multiplying the number of units by the fair value on that date.

Note D – Investments (continued)

The Plan entered into guaranteed investment contracts with The Hartford Life Insurance Company ("Hartford"). These investments comprise the Fixed Income Account. These contracts provide a guaranteed interest rate. The guaranteed interest rate as of December 31, 2009 and 2010 was approximately 3.0%. Hartford will provide the Plan with a written notice of the guaranteed rate that shall apply to the contract when there are changes to the rate. Contributions under these contracts are recorded into the Fixed Income Account, which is part of Hartford's general account. The Plan also enters into investment contracts with Fidelity Management Trust Company ("Fidelity"). These investments comprise the Wells Fargo Stable Return Fund and had a rate of return after expenses of 2.5% for the year ended December 31, 2010.

The accounts are credited with contributions and actual earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Hartford and Fidelity. The contracts are recorded at fair value because they are fully benefit responsive. Participant loans are valued at cost, which approximates fair value.

Investments that represent 5 percent or more of Plan's net assets at December 31, 2010 and 2009 are separately identified below:

	2010 Fidelity
Wells Fargo Stable Return Fund	2,994,402
MFS Massachusetts Investors Trust Fund Class R3	988,585
Heartland Value Plus Fund	901,583
Ridge Worth Mid-Cap Value Equity Fund Class	832,767
Thornburg International Value Fund Class R5	795,132
Morgan Stanley Institutional Mid Cap Growth Fund Class P	655,183

	2009 Hartford
Fixed Income Account, at contract value	$ 2,713,814
Loan Fund	753,564
AIM European Growth	689,605
Hartford Mid Cap HLS	456,158

Note D – Investments (continued)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009 and the Schedule H, Line 4i – schedule of assets (held at the end of year) as of December 31, 2010, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010, were certified as complete and accurate by The Hartford Life Insurance Company and the Fidelity Management Trust Company, the custodian as of December 31, 2010 and 2009, respectively.

Note E – Reconciliation of Financial Statements to Form 5500

Due to the significant estimates used in the calculation of the profit sharing accrual, the differences have resulted in material changes in the reported amounts in comparison the Form 5500. The following is a reconciliation for the years ended December 31, 2010 and 2009:

	2010	2009
Employer contribution per financial statements	$ 618,856	$ (4,718)
Reversal of prior year profit sharing accrual	135,171	471,800
Less: current year profit sharing accrual	(344,631)	(135,171)
Employer contributions per 5500	$ 409,396	$ 331,911

	2010	2009
Employee deferral per financial statements	$ 606,233	$ 633,997
Reversal of prior year profit sharing accrual	-	-
Less: current year accrual	(8,865)	-
Employee contributions per 5500	$ 597,368	$ 633,997

Note E – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	$ 10,756,383	$ 8,830,405
Employer contribution receivable and fair value adjustment	(289,036)	(135,171)
Net assets available for benefits per Form 5500	$ 10,467,347	$ 8,695,234

Note F – Party-In-Interest

Plan investments at December 31, 2010 and 2009 are in pooled separate accounts and contract accounts managed by The Hartford Life Insurance Company and The Fidelity Management Trust Company, for the respective dates. The Hartford Life Insurance Company and The Fidelity Trust Management Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services amounted to $3,929 and $5,318 for the years ended December 31, 2010 and 2009, respectively.

Note G – Risks and Uncertainties

The Plan provides for various investments. In general, such investments are exposed to various risk such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note H – Subsequent Events

Management performed an evaluation of the Plan's activity through September 9, 2011, the date the financial statements were available to be issued, noting no subsequent events required to be recognized or disclosed in the financial statements.
