Independent Auditors' Report

To the Trustees and Participants of the
Murphco of Florida 401(k) Savings Plan

We were engaged to audit the statements of net assets available for plan benefits – modified cash basis – of Murphco of Florida 401(k) Savings Plan at December 31, 2010 and 2009, and the related statements of changes in net assets available for plan benefits – modified cash basis – for the years then ended and the supplemental schedule as of and for the 2010 year then ended as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the existing trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the respective trustees is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2010 and 2009

NOTE 1: DESCRIPTION OF PLAN

The following description of the Murphco of Florida 401(k) Savings Plan (the Plan) provides only general information. Interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Murphco of Florida, Inc. (the Company) established the Plan effective as of January 1, 1999. The Plan operates as a defined contribution plan. It is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended. Employees are generally eligible to participate in the Plan after one year of service and attainment of age twenty-one. Phillip Murphey is the Plan's Trustee.

The Custodian of the Plan is Reliance Trust Company (the Custodian). As of December 31, 2010 and 2009, the assets of the Plan are held by the Custodian in individual accounts directed by individual participants. The Custodian has been given the authority and power to, among other things, make investment decisions, borrow funds and take any other action it believes to be beneficial to the Plan so long as its authority does not exceed or restrict the primary authority of the individual participants/investors.

Each year the participants may contribute up to 40% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers eighteen options for participants. The Company may make discretionary matching contributions in a percentage determined entirely by the Company. Presently, the Company is not contributing any matching contributions to the Plan.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan reports its income and expenses on the modified cash basis of accounting. The Plan does not record employee or employer contributions or individual participant earnings until received and participant payments until the disbursement has occurred.

Investment Options

Upon enrollment in the Plan, a participant may direct employer contributions into eighteen separate accounts, which include money market, stock, bond and blended accounts. These accounts are held by the Custodian. Contributions are directed by each individual participant and may be changed at his or her discretion daily. Participants assume risks associated with the respective investments which they hold in their individual investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution(s) plus Plan earnings or account escalations or devaluations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participants are always vested 100% in their elective contributions and the related account earnings on these elective contributions. Non – elective contributions and any related earnings are vested over 6 years, starting after year 2 with 20% and increasing in 20% increments until fully vested after 6 years.

Investment Valuation and Income Recognition

Investments are recorded at fair value as determined by quoted market prices of the securities held in the funds. Pooled separate accounts are classified as level one inputs for fair value measurement purposes as required by FASB Codification 820-10. Level one inputs are those that are observable for the asset or liability through quoted prices on active markets.

The unrealized appreciation or decline of the investments, based upon these level one inputs of values at December 31, 2010 and 2009, applied on a consistent basis, are recorded as an increase or decrease in net assets available for plan benefits. Appreciation (depreciation) of all level one assets is $ 35,102 and $ 63,087 for the years ended December 31, 2010 and 2009.

Purchases and sales of investments are recorded on a trade-date basis.

Contributions and Allocations

Contributions are recorded when received. Employee contributions (elective portion) are transferred to the Plan by ADP (the Company's payroll processor) as part of their bi-weekly payroll processing routine.

Participants are limited to annual elective contributions in the amount of $ 16,500 for 2010 and 2009. These limits are increased for any participants who are age 50 or older by the end of the respective Plan Year and wish to make a "catch up" contribution. The limits are increased by $ 5,500 for 2010 and 2009 for such "catch up contributions".

Participant Loans

Participants may borrow up to 50% of their account balance, limited to a minimum of $ 500 or a maximum of $ 50,000. The loans are secured by the balance in the participant's account and bear interest at the currently published Wall Street Journal rate plus 2%. Principal and interest is paid ratably through payroll deductions. Repayment of any loan is required within 60 months unless the proceeds are used to purchase a primary residence. Loan balances were $ 857 and $ 3,124 at December 31, 2010 and 2009, respectively.

Payment of Benefits

Benefits are recorded when paid. Benefits are payable after leaving the company due to retirement, termination, disability or death. Payment options include lump sum settlement, rollover to another qualified plan or deferral until attainment of retirement age. Benefits are payable prior to leaving the company if the participant is over 59½ or in event of specific financial hardship.

Benefit payments are subject to administrative requirements and tax withholdings, depending upon the participant's account balance, marital status and other circumstances.

Forfeitures

The forfeiture provisions do not apply to elective contributions, which are always 100% vested in participant accounts. The company has made no non-elective contributions; therefore, forfeiture provisions do not presently apply.

Expenses of the Plan

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Income Taxes

The Plan has received a favorable determination from the Internal Revenue Service and is therefore exempt from federal income tax under Internal Revenue Code Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates

The preparation of financial statements in conformity with Other Comprehensive Basis of Accounting (OCBOA) in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Vesting

Vesting of employer contributions in the participants' accounts is based on whole years of continuous service using the following schedule:

(Years) Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of death or total and permanent disability while under the Company's employment, all amounts credited to the participants as of the subsequent Plan anniversary date are considered fully vested.

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2011, the date of the independent auditors' report.

NOTE 3: FINANCIAL INSTRUMENTS

Certain financial instruments potentially subject the Plan to concentrations of credit risk. These financial instruments consist of mutual funds. The Plan limits its credit risk by monitoring its accounts with what management believes to be high quality financial institutions.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEES OF THE PLAN

The investments included in the statements of net assets available for plan benefits as of December 31, 2010 and 2009 and the net appreciation (depreciation) in the fair value of investments included in the statements of changes in net assets available for plan benefits for the years ended December 31, 2010 and 2009 have been derived from information certified as complete and accurate by the Custodian in accordance with ERISA requirements.

	2010	2009
Reliance Trust Company investments at fair value; see details included in the Statements of Net Assets Available for Plan Benefits	$ 531,604	$ 427,113
Net Increase (Decrease) in Assets; see details in Statements of Changes in Net Assets Available for Plan Benefits	$ 104,491	$ 112,930

NOTE 5: DEFERRED PAYMENTS

As of December 31, 2010 and 2009, there are 3 and 2 participants, respectively, that have separated from service and are not presently active Plan participants. These former participants have vested account balances totaling approximately $ 16,953 and $ 14,155 as of December 31, 2010 and 2009. The Plan will pay out these amounts at the direction of the former participants.

NOTE 6: RELATED PARTY TRANSACTIONS

For the years ended December 31, 2010 and 2009, the Company provided certain accounting and administrative services to the Plan for which no fees were charged.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

NOTE 8: CHANGES IN FINANCIAL PRESENTATION

Certain prior year amounts may have been reclassified to conform to the current year presentation or to reflect more clearly a comparison between the two years. Such changes do not affect the balances reflected in the statement of net assets available for plan benefits (modified cash basis) or the statement of changes in net assets available for plan benefits (modified cash basis),

NOTE 9: INVESTMENTS

The following presents the investments that represent the Plan's net assets. The investments that account for 5% or more of the Plan's net assets are noted at the top:

NOTE 10: CHANGE IN CUSTODIAN

As of November 19, 2010, the Plan's Trustee and Custodian, J.P. Morgan Chase Bank NA decided to no longer provide such services. The Plan chose to convert those services to Reliance Trust Company at that time, and continues to utilize their services.

NOTE 11: SUBSQUENT EVENT – OWNERSHIP PARTICIPATION IN PLAN

The Plan was amended as of January 1, 2011, to allow key employees as defined by the Internal Revenue Service Code to participate in the Company's 401(k) Plan. A key employee is defined as either an officer earning more than $ 130,000 in compensation, an employee that owns more than 5% of the business, or an employee that owns more than 1% of the business and earns $ 150,000 in compensation. Previously, key employees were not allowed to make contributions to the Plan.

Independent Auditors' Report

To the Trustees and Participants of the
Murphco of Florida 401(k) Savings Plan

We were engaged to audit the statements of net assets available for plan benefits – modified cash basis – of Murphco of Florida 401(k) Savings Plan at December 31, 2010 and 2009, and the related statements of changes in net assets available for plan benefits – modified cash basis – for the years then ended and the supplemental schedule as of and for the 2010 year then ended as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the existing trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the respective trustees is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Murphco of Florida 401(k) Savings Plan
Notes to Financial Statements
December 31, 2010 and 2009

NOTE 1: DESCRIPTION OF PLAN

The following description of the Murphco of Florida 401(k) Savings Plan (the Plan) provides only general information. Interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Murphco of Florida, Inc. (the Company) established the Plan effective as of January 1, 1999. The Plan operates as a defined contribution plan. It is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended. Employees are generally eligible to participate in the Plan after one year of service and attainment of age twenty-one. Phillip Murphey is the Plan's Trustee.

The Custodian of the Plan is Reliance Trust Company (the Custodian). As of December 31, 2010 and 2009, the assets of the Plan are held by the Custodian in individual accounts directed by individual participants. The Custodian has been given the authority and power to, among other things, make investment decisions, borrow funds and take any other action it believes to be beneficial to the Plan so long as its authority does not exceed or restrict the primary authority of the individual participants/investors.

Each year the participants may contribute up to 40% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers eighteen options for participants. The Company may make discretionary matching contributions in a percentage determined entirely by the Company. Presently, the Company is not contributing any matching contributions to the Plan.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan reports its income and expenses on the modified cash basis of accounting. The Plan does not record employee or employer contributions or individual participant earnings until received and participant payments until the disbursement has occurred.

Investment Options

Upon enrollment in the Plan, a participant may direct employer contributions into eighteen separate accounts, which include money market, stock, bond and blended accounts. These accounts are held by the Custodian. Contributions are directed by each individual participant and may be changed at his or her discretion daily. Participants assume risks associated with the respective investments which they hold in their individual investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution(s) plus Plan earnings or account escalations or devaluations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participants are always vested 100% in their elective contributions and the related account earnings on these elective contributions. Non – elective contributions and any related earnings are vested over 6 years, starting after year 2 with 20% and increasing in 20% increments until fully vested after 6 years.

Investment Valuation and Income Recognition

Investments are recorded at fair value as determined by quoted market prices of the securities held in the funds. Pooled separate accounts are classified as level one inputs for fair value measurement purposes as required by FASB Codification 820-10. Level one inputs are those that are observable for the asset or liability through quoted prices on active markets.

The unrealized appreciation or decline of the investments, based upon these level one inputs of values at December 31, 2010 and 2009, applied on a consistent basis, are recorded as an increase or decrease in net assets available for plan benefits. Appreciation (depreciation) of all level one assets is $ 35,102 and $ 63,087 for the years ended December 31, 2010 and 2009.

Purchases and sales of investments are recorded on a trade-date basis.

Contributions and Allocations

Contributions are recorded when received. Employee contributions (elective portion) are transferred to the Plan by ADP (the Company's payroll processor) as part of their bi-weekly payroll processing routine.

Participants are limited to annual elective contributions in the amount of $ 16,500 for 2010 and 2009. These limits are increased for any participants who are age 50 or older by the end of the respective Plan Year and wish to make a "catch up" contribution. The limits are increased by $ 5,500 for 2010 and 2009 for such "catch up contributions".

Participant Loans

Participants may borrow up to 50% of their account balance, limited to a minimum of $ 500 or a maximum of $ 50,000. The loans are secured by the balance in the participant's account and bear interest at the currently published Wall Street Journal rate plus 2%. Principal and interest is paid ratably through payroll deductions. Repayment of any loan is required within 60 months unless the proceeds are used to purchase a primary residence. Loan balances were $ 857 and $ 3,124 at December 31, 2010 and 2009, respectively.

Payment of Benefits

Benefits are recorded when paid. Benefits are payable after leaving the company due to retirement, termination, disability or death. Payment options include lump sum settlement, rollover to another qualified plan or deferral until attainment of retirement age. Benefits are payable prior to leaving the company if the participant is over 59½ or in event of specific financial hardship.

Benefit payments are subject to administrative requirements and tax withholdings, depending upon the participant's account balance, marital status and other circumstances.

Forfeitures

The forfeiture provisions do not apply to elective contributions, which are always 100% vested in participant accounts. The company has made no non-elective contributions; therefore, forfeiture provisions do not presently apply.

Expenses of the Plan

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Income Taxes

The Plan has received a favorable determination from the Internal Revenue Service and is therefore exempt from federal income tax under Internal Revenue Code Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates

The preparation of financial statements in conformity with Other Comprehensive Basis of Accounting (OCBOA) in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Vesting

Vesting of employer contributions in the participants' accounts is based on whole years of continuous service using the following schedule:

(Years) Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of death or total and permanent disability while under the Company's employment, all amounts credited to the participants as of the subsequent Plan anniversary date are considered fully vested.

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2011, the date of the independent auditors' report.

NOTE 3: FINANCIAL INSTRUMENTS

Certain financial instruments potentially subject the Plan to concentrations of credit risk. These financial instruments consist of mutual funds. The Plan limits its credit risk by monitoring its accounts with what management believes to be high quality financial institutions.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEES OF THE PLAN

The investments included in the statements of net assets available for plan benefits as of December 31, 2010 and 2009 and the net appreciation (depreciation) in the fair value of investments included in the statements of changes in net assets available for plan benefits for the years ended December 31, 2010 and 2009 have been derived from information certified as complete and accurate by the Custodian in accordance with ERISA requirements.

	2010	2009
Reliance Trust Company investments at fair value; see details included in the Statements of Net Assets Available for Plan Benefits	$ 531,604	$ 427,113
Net Increase (Decrease) in Assets; see details in Statements of Changes in Net Assets Available for Plan Benefits	$ 104,491	$ 112,930

NOTE 5: DEFERRED PAYMENTS

As of December 31, 2010 and 2009, there are 3 and 2 participants, respectively, that have separated from service and are not presently active Plan participants. These former participants have vested account balances totaling approximately $ 16,953 and $ 14,155 as of December 31, 2010 and 2009. The Plan will pay out these amounts at the direction of the former participants.

NOTE 6: RELATED PARTY TRANSACTIONS

For the years ended December 31, 2010 and 2009, the Company provided certain accounting and administrative services to the Plan for which no fees were charged.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

NOTE 8: CHANGES IN FINANCIAL PRESENTATION

Certain prior year amounts may have been reclassified to conform to the current year presentation or to reflect more clearly a comparison between the two years. Such changes do not affect the balances reflected in the statement of net assets available for plan benefits (modified cash basis) or the statement of changes in net assets available for plan benefits (modified cash basis),

NOTE 9: INVESTMENTS

The following presents the investments that represent the Plan's net assets. The investments that account for 5% or more of the Plan's net assets are noted at the top:

NOTE 10: CHANGE IN CUSTODIAN

As of November 19, 2010, the Plan's Trustee and Custodian, J.P. Morgan Chase Bank NA decided to no longer provide such services. The Plan chose to convert those services to Reliance Trust Company at that time, and continues to utilize their services.

NOTE 11: SUBSQUENT EVENT – OWNERSHIP PARTICIPATION IN PLAN

The Plan was amended as of January 1, 2011, to allow key employees as defined by the Internal Revenue Service Code to participate in the Company's 401(k) Plan. A key employee is defined as either an officer earning more than $ 130,000 in compensation, an employee that owns more than 5% of the business, or an employee that owns more than 1% of the business and earns $ 150,000 in compensation. Previously, key employees were not allowed to make contributions to the Plan.
