Report of Independent Public Accountants

To the Participants and Administrator of the
Monschein Industries, Inc. 401(k) Profit Sharing Plan:

I have audited the accompanying financial statements of Monschein Industries, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards as generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial status of Monschein Industries, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in its financial status for the years ended December 31, 2010 and 2009, in conformity with accounting principles generally accepted in the United States of America.

My audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the accompanying index are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Note 1. Description of Plan:

The following brief description of Monschein Industries, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits for all eligible employees of Monschein Industries, Inc. (the Company). All employees of the Company who work 1,000 hours or more per year, have been employees with the Company for at least one year, and have attained the age of twenty-one are eligible to participate. All eligible employees are offered the opportunity to participate in the Plan on December 1, or June 1, coinciding with or following the date on which the employee satisfies the eligibility requirements. The Plan became effective January 1, 1998. The Plan was restated on December 1, 2009 per IRS regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Contributions

Participants may contribute up to the maximum allowed by law of their eligible compensation in any one-year through payroll deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds as investment options for the participants. The Company may, at its discretion contribute additional amounts. The Company has elected not to contribute to the plan for the years ended December 31, 2010 and 2009.

Participant Accounts

Each Participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Note 1. (continued)
Participants are entitled to their interest in Company contributions in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0
1-2	20%
2 - 3	40%
3-4	60%
4 - 5	80%
5 - 6	100%
7 or more	100%

Forfeitures related to the accounts of employees who terminated before becoming fully vested are reallocated to remaining participants' accounts.

Benefits and Withdrawals

The Plan provides for the payment of benefits to the participant or the participant's beneficiary at retirement, death, disability or termination of employment with the Company. Partial withdrawals are permitted under circumstances specifically identified in the Plan. Benefits paid for reasons other than retirement are paid in the form of lump sum distributions. Retirement benefits may be paid, at the option of the participant, as either a lump sum distribution or in periodic installments.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer contributions. For the years ended December 31, 2010 and 2009 there were no forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies:

Date of Management's Review

Subsequent events were evaluated through October 6, 2011, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note 2. (continued)

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis. The assets held are stated at market value and quoted market prices are used to value investments. Investments in the funds managed by Capital Bank and Trust are valued on December 31, 2010 and 2009, as reported by American Funds Retirement Resources.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market and participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Investment and administrative expenses

Investment management fees are charged to participants based on their investment elections.

The Company pays certain administrative fees including a base rate per plan, a charge per participant, service fees and audit fees. The Company paid $5,000 and $6,470 for the years ended December 31, 2010 and 2009.

Note 3. Fair Value of Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value of Measurements (continued)

		Fair Value Measurement Using:	
December 31, 2010	**Fair Value**	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 4)**
Mutual Funds	$ 386,709	$ 386,709	$ -
Total	$ 386,709	$ 386,709	$ -
December 31, 2009			
Mutual Funds	$ 397,343	$ 397,343	$ -
Total	$ 397,343	$ 397,343	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of the Money Market account was based on the closing balance at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2010 and 2009 are reported in net appreciation in fair value of investments.

Note 4. INVESTMENTS:

The following presents investments at December 31, 2010 and 2009 that represents five percent (5%) or more of the Plan's net assets.

	2010	2009
Mutual Funds	$ 22,833	$ 49,451
	$ 22,833	$ 49,451

See accountant's report.

Note 5. Amendment and Termination

The Plan may be amended from time to time so long as the Plan remains for the exclusive benefit of the participants and no amendment can operate to deprive any participant of any rights or benefits previously accrued prior to the amendment. While it is the Company's intention to continue the Plan in operation indefinitely, the right is expressly reserved to terminate the Plan, in whole or in part. Upon termination of the Plan, all participants become fully vested with respect to Company contributions.

Note 6. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated March 31, 2008 for the specimen document adopted by Monschein Industries, Inc. on January 1, 2009. Once qualified the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirement of the Code and, therefore, believes that the Plan, as restated, is qualified and the related trust is tax exempt.

Note 7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
