Smart City Holdings, LLC 401(k) Plan

We were engaged to audit the financial statements of the Smart City Holdings, LLC 401(k) Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental information as of December 31, 2009, as listed in the table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by DWS Trust Company (JP Morgan Chase Bank through October 31, 2009), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying 2009 and 2008 financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SMART CITY HOLDINGS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1: DESCRIPTION OF PLAN:

The following description of the Smart City Holdings, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of Smart City Holdings, LLC and its affiliates (collectively, the "Company" or "Plan Sponsor"), other than those who are covered by a collective bargaining agreement, become eligible to participate upon completing two months of service and attainment of age 21.

Contributions
An eligible employee may make contributions to the Plan, through payroll deductions, of any whole percentage from 1% to 75% of his or her annual compensation, up to the maximum contribution allowed by the Internal Revenue Code. Through January 31, 2009, the Company made matching contributions of 75% of the contributions made by an employee, on the first 6% of annual compensation contributed to the Plan. Beginning February 1, 2009, the Company makes matching contributions of 50% of the employee contributions, on the first 6% of annual compensation contributed to the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Withdrawals and Loans Receivable
During employment, a participant may withdraw amounts applicable to employee and employer contributions and income thereon, subject to certain restrictions. Further, participants may borrow a minimum of $500 and a maximum of $50,000 or one-half of the participant's individual account balance. The loan must bear a reasonable rate of interest, determined at the time the loan is made.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The vesting of the balance in a participant's account is based on years of service. A participant becomes 100% vested after three years of service. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Investment Options
Upon enrollment in the Plan, participants may direct contributions among any of the investment options listed on the Statements of Net Assets Available for Plan Benefits. Participants may change their investment options at any time.

Payment of Benefits
On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, a distribution in the form of an annuity, or a combination of both. Distributions are subject to the applicable provisions of the Plan agreement.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED):

Administrative Expenses
Transactional charges incurred for an investment fund are charged to the account of the participant directing the investment. All other Plan expenses (administrative, trustee) are paid by the Plan Sponsor.

Forfeitures
Forfeitures are used to reduce employer contributions. Forfeitures in the amounts of $43,678 and $10,269 reduced employer obligations in 2009 and 2008, respectively.

Transfer
On March 24, 2008, the Board of Directors of Smart City Holdings, LLC resolved to accept transfer contributions from the plan of its recently-acquired subsidiary, Convention Communication Provisioners, Inc. 401(k) Plan (CCPI). As a result, all the mutual fund investments in CCPI's plan were converted to cash and transferred, along with participant loans, to the Smart City Plan. The transfer from the CCPI Plan occurred on May 1, 2008.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of Management's Review
Management has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued, and determined that there were no events that would require adjustment to or disclosure in these financial statements.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments
The Plan's investments are stated at fair value as reported on the last business day of the Plan year. Purchases and sales of securities are recorded on a trade-date basis.

Benefit Payments
Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

NOTE 3: FAIR VALUE:

The fair market measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant observable inputs other than quoted prices for identical assets, and Level 3 inputs consists of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

NOTE 3: FAIR VALUE (CONTINUED):

Level 1 Fair Value Measurements
The fair value of Registered Investment Companies (mutual funds) and Money Market Funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements
Common/collective funds are valued at the fund's net asset value reflecting all investments at fair value, as reported by the fund manager, on the last day of the Program year.

Level 3 Fair Value Measurements
The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements			
December 31, 2009	Level 1	Level 2	Level 3	Total

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: RELATED PARTY TRANSACTIONS:

The Plan incurs expenses related to general administration and record keeping. The cost of collecting and distributing amounts to and from participants, and of keeping the individual records for all investment fund options, are paid by the Plan. The Plan sponsor incurred certain accounting and auditing fees relating to the Plan.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

NOTE 9: INCOME TAX STATUS:

The Plan obtained its latest determination letter on May 3, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 10: RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
