NIPPON LIFE INSURANCE GROUP 401(K) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Nippon Life Insurance Group 401(k) Pension Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Nippon Life Insurance Company of America, NLI Properties East, Inc., NLI Properties West, Inc., NLI Properties Central, Inc. and NLI International, Inc. ("Company") who have three months of service. The custodian of the Plan has been the Principal Life Insurance Company since April 1, 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

For 2009, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. The Company matches 100% of each employee's contribution up to 5% of the employee's salary; additional amounts may be contributed at the discretion of the Company's board of directors. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution, if any, and (b) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN – (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Forfeited balances of terminated participants are used to reduce future Company contributions. Participants vest in employer contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the then local prevailing rates, ranging from 7.0% to 11.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits start on a participant's normal retirement date if the participant is no longer an employee and has a vested account under the Plan. The participant may choose to have benefits paid on this date even if the participant is still an employee.

Normal retirement means the first day of the month on or after the participant reaches age 65. Late retirement date means the first day of the month on or after the date that the participant stops working if that participant has continued to work past normal retirement.

Benefits may start by April 1 following the calendar year in which the participant reaches age 70½, even if still working. If the participant is a 5% or more owner of the Company, benefits must start by April 1 following the calendar year in which the participant reaches age 70½, even if still working.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex dividend date.

Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan's Sponsor, as provided in the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when they are paid.

NOTE 3 – INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008:

During 2009, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,449,861.

NOTE 4 – RELATED PARTY TRANSACTIONS

Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, the transactions qualify as party-in-interest transactions.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan sponsor adopted a non-standardized prototype plan which received a favorable Internal Revenue Service opinion letter dated August 7, 2001. The Plan Administrator believes that the Plan is currently designed in accordance with applicable sections of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009 included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by the Principal Life Insurance Company, the custodian of the Plan.
