TREFETHEN PROFIT SHARING & 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of Plan

The following description of the Trefethen Profit Sharing & 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General

Trefethen Profit Sharing & 401(k) Savings Plan is a defined contribution plan covering all employees of the Company who have been employed for one year, as defined by the Plan. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute 1 to 90 percent of pretax annual compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a contribution for each participant who has elected to make elective deferral contributions equal to 50 percent of each participant's contributions which do not exceed 3 percent of such participant's compensation.

The Company may also elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of non-vested accounts of terminated employees are used to cover administrative expenses.

Vesting

Participants are fully and immediately vested in the non-elective and matching contributions made by the Company when the contribution is made. Participants are vested fully and immediately in their contributions.

Loans to Participants

Participants may borrow from their accounts a minimum of $ 500 up to a maximum equal to the lesser of $ 50,000 or 50 percent of their vested account balance. Loans are secured by 50 percent of the balance of the participant's account and bear fixed, reasonable rates of interest as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE 1: Description of Plan (Continued)

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, a partial withdrawal, or annual installments over a period of time not to exceed the life expectancy of the participant.

Forfeitures

Forfeitures reduce employer contributions. There were no forfeitures for the years ended December 31, 2010 and 2009.

NOTE 2: Summary of Significant Accounting Policies

A. The books and records of Trefethen Profit Sharing & 401(k) Savings Plan are maintained and these statements have been prepared on the accrual basis of accounting.

B. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: Investments

The following presents investments that individually represent 5% or more of the Plan's net assets:

RS S&P 500 Index - K	$ 506,022	$ 474,518

NOTE 4: Fair Value Measurement

Generally accepted accounting principles defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the Fair Value Measurements Topic of the Financial Accounting Standards Board (FASB) Accounting Standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The Plan uses appropriate evaluation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010:

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted market prices, when available.

Level 2 Fair Value Measurement

Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds, based on the fair value of the underlying investments.

NOTE 4: Fair Value Measurement (Continued)

Level 3 Fair Value Measurement

The fair value of participant loans is equal to the amortized cost of the loans as the loans are secured by 50 percent of each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Gains and losses (realized and unrealized) included in Changes in Net Assets Available for Benefits for the years ended December 31, 2010 and 2009, are reported in net appreciation (depreciation) in fair value of investments.

As of December 31, 2010	Mutual Funds	Participant Loans
Quoted Prices in Active Markets for Identical Assets (Level 1)	$ 4,514,833	$ -0-
Significant Unobservable Inputs (Level 3)	-0-	98,610
Total Fair Value	$ 4,514,833	$ 98,610

As of December 31, 2009	Mutual Funds	Participant Loans
Quoted Prices in Active Markets for Identical Assets (Level 1)	$ 3,879,172	$ -0-
Significant Unobservable Inputs (Level 3)	-0-	115,318
Total Fair Value	$ 3,879,172	$ 115,318

NOTE 4: Fair Value Measurement (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2010 and 2009:

As of December 31	2010	2009
Participant Loans		
Beginning Balance	$ 115,318	$ 113,743
Purchases, Sales, Issuances,. Settlements, (Net)	(16,708)	1,575
Ending Balance	$ 98,610	$ 115,318

NOTE 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible that, given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 6: Information Certified by the Plan's Trustee

The Company has elected the method of annual reporting compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the financial statements and supplemental schedules is complete and accurate.

As of December 31	2010
Investments	
Registered Investment Companies (At Fair Value)	$ 4,514,833

Year Ended December 31	2010
Investment Income	
Net Appreciation in Fair Value of Investments	$ 409,670
Interest and Dividends	95,378
Net Investment Gain	$ 505,048

NOTE 6: Information Certified by the Plan's Trustee (Continued)

The Plan's independent auditors did not perform any procedures with respect to this information, except for comparing such information to the related information in the financial statements and supplemental schedules.

NOTE 7: Tax Status

The Internal Revenue Service has determined and informed Trefethen Profit Sharing & 401(k) Savings Plan by a letter dated January 13, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8: Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by MG Trust. MG Trust is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9: Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to participants' accounts become fully vested.

NOTE 10: Excess Contribution Payable

Contributions received from participants for 2010 and 2009 are net of accrued payments of $ 4,358 and $ 2,875 made in 2010 and 2009, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's Statement of Net Assets Available for Benefits as excess contributions payable at December 31, 2010 and 2009.

NOTE 11: Administrative Fees

Substantially all administrative fees to maintain the Plan are paid by Trefethen Vineyards Winery, Inc.

NOTE 12: Recently Adopted Accounting Pronouncements

The Fair Value Measurement Topic of the FASB Accounting Standards defines fair value, establishes guidelines for measuring fair value, and expands disclosures regarding fair value measurements. The Topic does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements and is effective for fiscal years beginning after November 15, 2007. Effective January 1, 2008 the Plan adopted the Fair Value Measurements Topic of the FASB Accounting Standards which did not have a material impact on the Statement of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits. See Note 4 for information and related disclosures regarding fair value measurements.

NOTE 13: Subsequent Events

In accordance with the Subsequent Event Topic of the FASB Accounting Standards Codification, the Company has evaluated subsequent events through October 11, 2011, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2010, have been incorporated into these financial statements.
