CENTURY MORTGAGE COMPANY 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Century Mortgage Company 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution profit sharing plan covering substantially all employees of Century Mortgage Company (Company) who have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS – Participants are allowed to contribute from 1% up to 75% of their total salary on a pre-tax basis up to the dollar amount set by law ($16,500 for 2010). Participants who will reach age 50 during a calendar year may make catch up contributions of up to $5,500. The Company matching contribution percentage equals 25% on the first 6% of the participant's compensation which is deferred as an elective deferral. The Company contributed $54,678 to the Plan, the participants contributed $273,785 to the Plan, and the participants rolled over qualifying amounts from other retirement plans in the amount of $29,526 to the Plan for the year ended December 31, 2010.

PARTICIPANT ACCOUNTS – Each participant's account consists of the participant's contribution, the Company's matching contribution, an allocation of Plan earnings, and forfeitures of terminated participants' nonvested accounts. Participants may choose to invest among forty-one participant directed funds through John Hancock Life Insurance Company. The allocation of the participants' contribution may be changed at any time during the year by paper, telephone, or online through the John Hancock website.

VESTING – Each participant is immediately fully vested in their contributions plus actual earnings thereon. Employer contributions and earnings become vested based on a five year graded vesting schedule using participants' years of continuous service. Upon completion of five years of service, the participant is 100% vested in employer-matching and profit sharing contributions.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants are permitted to borrow from their accounts with only one loan per participant at one time. In addition, the Plan provides that the loan is limited to a minimum of $1,000 up to a maximum equal to the lesser of $10,000 or 50% of the participant's non-forfeitable deferrals. The loans are secured by the balance in the participant's account. Interest rates are determined by the Plan Administrator periodically and are comparable to local prevailing rates. Principal and interest payments are made through ratable bi-weekly payroll deductions.

PAYMENT OF BENEFITS – Upon termination of service, participants will receive a lump-sum distribution equal to the value of their vested account.

FORFEITED ACCOUNTS – At December 31, 2010 and 2009 forfeited nonvested accounts totaled $479 and $982, respectively. These accounts will be used to reduce future employer contributions. Also, in 2010, employer contributions were reduced by $1,327 from forfeited accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING – The Plan prepares its financial statements on the accrual basis of accounting.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participation at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the term of the plan document.

PAYMENT OF BENEFITS – Benefits are recorded when paid.

OPERATING EXPENSES – Quarterly maintenance/investment fees are paid by the Plan. All other expenses to maintain the Plan are paid by the Company.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by a custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by John Hancock Life Insurance Company as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Investments that represent 5% or more of the Plan's assets at December 31 are separately identified.

INVESTMENTS AT FAIR VALUE AS DETERMINED BY QUOTED MARKET PRICE

	2010	2009
John Hancock Lifestyle Balanced Fund	$ 151,812	$ 84,787
John Hancock Lifestyle Growth Fund	480,207	393,449
John Hancock Lifestyle Aggressive Fund	316,777	207,732
John Hancock Stable Value Fund	76,719	49,533
Other investments less than 5%	467,699	309,415
TOTAL INVESTMENTS	$1,493,214	$1,044,916

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED) (CONTINUED)

During the year ended December 31, 2010, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated as follows:

INVESTMENTS AT FAIR VALUE AS DETERMINED BY QUOTED MARKET PRICE	2010
Registered Investment Companies	$182,649
NET CHANGE IN FAIR VALUE	**$182,649**

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$1,493,214	$	$	$1,493,214
Total assets at fair value	**$1,493,214**	**$ 0**	**$ 0**	**$1,493,214**

	Assets at Fair Value as of December, 31 2009			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$1,044,916	$	$	$1,044,916
Total assets at fair value	**$1,044,916**	**$ 0**	**$ 0**	**$1,044,916**

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. Retirement Management Services is the third-party administrator, and John Hancock Life Insurance Company is the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the plan for the investment management services amounted to $12,597 for the year ended December 31, 2010.

The Plan does not consider Company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – INCOME TAX STATUS

The Plan is a qualified employees' trust under Section 1.401-1(b)(5) of the Internal Revenue Code and, as such, is exempt from federal and state income taxes. The Plan Sponsor has obtained a favorable determination letter for the volume submitter plan from the Internal Revenue Service. The Plan has been amended since receiving the determination letter; however, the Plan Sponsor believes that the Plan continues to qualify and to operate as designed. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 7 – INCOME TAX STATUS (CONTINUED)

A participant has no taxable income as a result of employer contributions or income of the Plan until the benefits are distributed.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2011, the date the financial statements were available to be issued.

CENTURY MORTGAGE COMPANY 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Century Mortgage Company 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution profit sharing plan covering substantially all employees of Century Mortgage Company (Company) who have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS – Participants are allowed to contribute from 1% up to 75% of their total salary on a pre-tax basis up to the dollar amount set by law ($16,500 for 2010). Participants who will reach age 50 during a calendar year may make catch up contributions of up to $5,500. The Company matching contribution percentage equals 25% on the first 6% of the participant's compensation which is deferred as an elective deferral. The Company contributed $54,678 to the Plan, the participants contributed $273,785 to the Plan, and the participants rolled over qualifying amounts from other retirement plans in the amount of $29,526 to the Plan for the year ended December 31, 2010.

PARTICIPANT ACCOUNTS – Each participant's account consists of the participant's contribution, the Company's matching contribution, an allocation of Plan earnings, and forfeitures of terminated participants' nonvested accounts. Participants may choose to invest among forty-one participant directed funds through John Hancock Life Insurance Company. The allocation of the participants' contribution may be changed at any time during the year by paper, telephone, or online through the John Hancock website.

VESTING – Each participant is immediately fully vested in their contributions plus actual earnings thereon. Employer contributions and earnings become vested based on a five year graded vesting schedule using participants' years of continuous service. Upon completion of five years of service, the participant is 100% vested in employer-matching and profit sharing contributions.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants are permitted to borrow from their accounts with only one loan per participant at one time. In addition, the Plan provides that the loan is limited to a minimum of $1,000 up to a maximum equal to the lesser of $10,000 or 50% of the participant's non-forfeitable deferrals. The loans are secured by the balance in the participant's account. Interest rates are determined by the Plan Administrator periodically and are comparable to local prevailing rates. Principal and interest payments are made through ratable bi-weekly payroll deductions.

PAYMENT OF BENEFITS – Upon termination of service, participants will receive a lump-sum distribution equal to the value of their vested account.

FORFEITED ACCOUNTS – At December 31, 2010 and 2009 forfeited nonvested accounts totaled $479 and $982, respectively. These accounts will be used to reduce future employer contributions. Also, in 2010, employer contributions were reduced by $1,327 from forfeited accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING – The Plan prepares its financial statements on the accrual basis of accounting.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participation at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the term of the plan document.

PAYMENT OF BENEFITS – Benefits are recorded when paid.

OPERATING EXPENSES – Quarterly maintenance/investment fees are paid by the Plan. All other expenses to maintain the Plan are paid by the Company.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by a custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by John Hancock Life Insurance Company as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Investments that represent 5% or more of the Plan's assets at December 31 are separately identified.

TOTAL INVESTMENTS	$1,493,214	$1,044,916

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED) (CONTINUED)

During the year ended December 31, 2010, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated as follows:

INVESTMENTS AT FAIR VALUE AS DETERMINED BY QUOTED MARKET PRICE	2010
Registered Investment Companies	$182,649
NET CHANGE IN FAIR VALUE	**$182,649**

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$1,493,214	$	$	$1,493,214
Total assets at fair value	**$1,493,214**	**$ 0**	**$ 0**	**$1,493,214**

	Assets at Fair Value as of December, 31 2009			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$1,044,916	$	$	$1,044,916
Total assets at fair value	**$1,044,916**	**$ 0**	**$ 0**	**$1,044,916**

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. Retirement Management Services is the third-party administrator, and John Hancock Life Insurance Company is the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the plan for the investment management services amounted to $12,597 for the year ended December 31, 2010.

The Plan does not consider Company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – INCOME TAX STATUS

The Plan is a qualified employees' trust under Section 1.401-1(b)(5) of the Internal Revenue Code and, as such, is exempt from federal and state income taxes. The Plan Sponsor has obtained a favorable determination letter for the volume submitter plan from the Internal Revenue Service. The Plan has been amended since receiving the determination letter; however, the Plan Sponsor believes that the Plan continues to qualify and to operate as designed. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 7 – INCOME TAX STATUS (CONTINUED)

A participant has no taxable income as a result of employer contributions or income of the Plan until the benefits are distributed.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2011, the date the financial statements were available to be issued.
