We were engaged to audit the accompanying statements of net assets available for benefits (modified cash basis) of DTI Investments, Inc. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2009 and for the Plan's initial period of November 1, 2008 through December 31, 2008, and the supplemental schedules of Assets (Held at End of Year), as of December 31, 2009 and 2008. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and the supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the DTI Investments, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Plan Merger

In August 2008, the Board of Directors of DTI Investments, Inc., the Plan's sponsor, approved the merger of its nonparticipant directed ("Plan 001") into this participant directed plan ("Plan 002"). As a result, there was a change in recordkeeper and trustee.

This Plan became effective November 1, 2008. The merger of assets from Plan 001, which had been effective since January 1, 1997, required liquidation of the assets in Plan 001 so that the assets could be transferred to this Plan. Plan 001 transferred cash of $1,127,226 and $380,640 to this Plan on November 4, 2008 and December 30, 2008, respectively.

General

The Plan is a defined contribution plan covering all employees of the Company. Employees who have attained at least 21 years of age are eligible to participate in the Plan on the first day of the month following 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was adopted as of November 1, 2008.

Contributions

Each year, participants may contribute from 1% up to 90% of eligible compensation, as defined in the Plan, up to the annual Internal Revenue Service dollar limitation. Newly eligible participants are automatically enrolled at a 3% pre-tax elective deferral amount. Participants may choose either pre-tax or Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary matching contributions. The discretionary matching contributions will be the same percentage of deferrals for all Plan participants. The percentage of salary reduction contributions to be matched will be determined by the Company. The Company made no matching contributions for the years ended December 31, 2009 and 2008.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Contributions (cont'd)

Similarly, on a year-by-year basis, the Company may also decide, at the end of the Plan year, to make a profit sharing contribution. The amount is at the Company's discretion. The profit sharing contribution will be at the same percentage of pay for each Plan participant in the participant's profit sharing group. The Company made a profit sharing contribution of $235,000 in 2009 for the year ended December 31, 2008.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. The Company's discretionary contributions and earnings thereon will be vested in accordance with the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants, however, will be 100% vested upon a participant's 60th birthday.

Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period or (b) 50% of the participant's vested interest in the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Participant Loans (cont'd)

The interest rate applied to a participant loan shall be the Prime Interest Rate published in the Wall Street Journal plus 2%.

All loans, other than loans made for the purpose of acquiring the principal residence of the participant, shall be repaid within five years. The loan must be repaid with respect to both principal and interest by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than quarterly.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not to exceed the life expectancy of the participant. If, however, a participant's vested interest is $5,000 or less, it shall be distributed as a lump-sum as soon as practicable following termination of employment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions.

Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw their elective contributions (not including earnings) from the Plan. Any amount withdrawn will be subject to income taxes and may be subject to additional tax based on early withdrawal. Participants may not contribute to the Plan for six months following a hardship withdrawal.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts will be used to reduce the Company's contributions to the Plan or pay other qualified Plan expenses.

The amount of forfeitures in the Company's contribution account as of December 31, 2009 and 2008 were not material to the financial statements. For the years ended December 31, 2009 and 2008, no forfeitures were used to reduce the Company's contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting for both financial and tax reporting purposes. Under this method, income is generally recognized when received and expenses are generally recognized when paid. Investments have been recorded at their fair market values. Accordingly, these statements are not intended to purport financial position or the results of operations in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest and dividend income are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Fees and Expenses

The Plan is responsible for Plan administrative costs, including the recordkeeping and management of the Plan. It is also responsible for costs related specifically to the investments. For the years ended December 31, 2009 and 2008, the administrative and investment related costs paid by the Plan were $19,243 and $750, respectively.

Use of Estimates

The preparation of financial statements under the modified cash basis method of accounting, described in Note 2, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	2009	2008
SSGA Stable Value Fund	$ 163,584	$ 135,964
T. Rowe Price Retirement 2010-R	177,899	121,051
T. Rowe Price Retirement 2020-R	352,549	248,847
T. Rowe Price Retirement 2030-R	458,155	346,554
T. Rowe Price Retirement 2040-R	144,063	93,428
T. Rowe Price Retirement Inc-R	455,840	343,809

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $448,526 & $44,781, respectively, as follows:

	2009	2008
Mutual funds	$ 443,959	$ 44,350
Common/ collective funds	4,567	431
	$ 448,526	$ 44,781

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Value based on the net asset value ('NAV") of shares held by the plan at year end.

Common/collective funds: Value based on the net asset value ('NAV") of shares held of the underlying assets by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

NOTE 4 – FAIR VALUE MEASUREMENTS (CONT'D)

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by State Street Bank and Trust Company, the Plan's trustee.

	2009	2008

Employer	235,000	-
Benefits paid to participants	159,327	7,995

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

NOTE 7 – TAX STATUS

The Company adopted this Plan 002 under the Automatic Data Processing (ADP) Prototype 401(k) and Profit Sharing Plan effective November 1, 2008. The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are common/collective funds managed during the Plan years ended December 31, 2009 and 2008 by State Street Global Advisors, an affiliate of State Street Bank and Trust Company. Consequently, these transactions qualify as party-in-interest transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 6, 2010, the date financial statements were issued.
