Independent Auditors' Report

To the Board of Trustees and Participants of
Hampton Rubber Company 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of **Hampton Rubber Company 401(k) Plan** as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009 as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Charles Schwab Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Description of Plan

The following brief description of the **Hampton Rubber Company 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers all employees of the Hampton Rubber Company and its subsidiaries (the "Company") who have completed three (3) months of service, as defined, and are age twenty-one (21) or older. Entry dates for the Plan are the first day of the month coinciding with or next month following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

As of December 31, 2009 the following companies were also participating in the Plan: Singer Equities, Incorporated; Allied Rubber & Rigging Supply Co., Inc.; R/W Connection, Inc.; PRC Acquisition Company, Inc.; and National Hose Acquisition Corporation.

Contributions

Each year, participants may contribute up to fifty percent (50%) of pretax annual compensation, as defined in the Plan. Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company had made safe harbor matching contributions equal to one-hundred percent (100%) of the first three percent (3%) of compensation deferred and fifty percent (50%) of the next two percent (2%) of compensation deferred, limited to matching contributions in excess of five percent (5%) of compensation. Effective March 1, 2009, the plan was amended and restated to suspend the safe harbor matching contributions from the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a MetLife Stable Value Fund as investment options for participants. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum loan amount of the lesser of fifty percent (50%) of their vested account balance (all accounts); or $50,000 reduced by the highest outstanding loan balance in the prior year. Participants may have up to two (2) loans outstanding at any time. General purpose loans are granted with maturities of up to five (5) years depending on the amount and purpose of the loan. Loans granted for the purpose of acquiring a primary residence may extend up to 25 years. Loans are secured by the balance in the participant's account and are charged interest at two percent (2%) over the prime rate in effect at time of application. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of services, death, disability or retirement, the participant or beneficiary will be paid the value of the participant's account in a lump sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefit is prepared on a contract value basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncements
In June 2009, the Financial Accounting Standards Board (FASB) issued authoritative guidance codifying generally accepted accounting principles in the United States of America (GAAP). While the guidance was not intended to change GAAP, it changed the way the Plan references these accounting principles in the notes to the financial statements. This guidance was effective for reporting periods ending after September 15, 2009.

In May 2009, the FASB issued authoritative guidance that sets forth general accounting and disclosure requirements for events that occur subsequent to the statement of net assets available for benefits date but before the Plan's financial statements are issued, and is effective for periods ending after June 15, 2009. Events that occurred subsequent to December 31, 2009, have been evaluated by the Plan's management, through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan's administrative expenses are offset by credits received from the third-party record keeper as a result of discounts received from the Charles Schwab Trust Company, the Plan custodian.

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan adopted the Fair Value Measurements and Disclosures topic of the FASB Accounting Standards Codification, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three (3) levels of the fair value hierarchy under the Fair Value Measurements and Disclosures topic are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

MetLife Stable Value Fund: Valued at the fluctuating value of the separate account assets backing the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$6,958,353	$ -	$ -	$6,958,353

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Level 3 Assets		
	MetLife Stable Value Fund	Participant Loans	Total
Balance - beginning of year	$ 1,507,266	$ 196,287	$ 1,703,553
Realized gains	7,924	-	7,924
Unrealized gains relating to instruments still held at the reporting date	116,368	-	116,368
Purchases, sales, issuances and settlements (net)	60,079	43,729	103,808
Balance - end of year	$ 1,691,637	$ 240,016	$ 1,931,653
The amount of total unrealized gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ 116,368	$ -	$ 116,368

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

At December 31, 2009 and 2008, the Plan's investments were held by the Charles Schwab Trust Company, the custodian of the Plan. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2009	2008
Investments		
Registered investment companies	$ 6,958,353	$ 4,934,477
Participant loans	240,016	196,287
MetLife Stable Value Fund	1,691,637	1,507,266
Total investment	$ 8,890,006	$ 6,638,030

Investment income for the year ended December 31, 2009	
Interest	$ 18,421
Net appreciation in fair value of investments	1,629,045
Total	$ 1,647,466

The Plan's auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS

The following table presents the fair values of investments at December 31, 2009 and 2008 that represent five percent (5%) or more of the Plan's net assets:

	2009	2008
MetLife Stable Value Fund	$ 1,691,637	$ 1,507,266
PIMCO Total Return Institutional Fund	1,162,572	786,104
T. Rowe Price Retirement 2020 Class Fund	1,035,798	788,370
T. Rowe Price Retirement 2030 Class Fund	909,117	471,555
Growth Fund of America	784,214	582,955
T. Rowe Price Retirement 2010 Class Fund	727,539	591,914
Hartford Capital Appreciation Fund	661,624	415,876
American Small Cap Growth Fund	438,536	N/A
DF Dent Premier Growth Fund	N/A	362,287

NOTE 6 – METLIFE STABLE VALUE FUND

The Plan is invested in a guaranteed interest contract (GIC) with Metropolitan Life Insurance Company, Met Managed GIC, also referred to as the MetLife Stable Value Fund (the Fund). In a Met Managed GIC, the assets are invested in a MetLife separate account. MetLife guarantees principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. The credited rate resets quarterly and has a minimum interest rate of zero percent (0%).

MetLife resets the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants receive the principal and accrued earnings credited to their accounts upon withdrawal for allowed events. These events include transfers to other investment options, and payments due to retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Because the GIC is fully-benefit responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to the contract value arriving at net assets available for benefits. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

NOTE 6 – METLIFE STABLE VALUE FUND – CONTINUED

For the year ended December 31, 2009, the average yield and crediting interest rates for such investments were 15.01% and 3.30%, respectively, and the average yield credited to participants was 3.80%. For the year ended December 31, 2008, the average yield and crediting interest rates for such investments were (10.29%) and 3.6%, respectively, and the average yield credited to participants was 5.11%. These investments were rated Aa2 and AA at December 31, 2009 and 2008 by Moody's Investors and Standard & Poor's, respectively.

The Plan may terminate its participation in the contract at any time. If it chooses to do so, the Plan will receive the lesser of the guaranteed or market value.

NOTE 7 – INCOME TAX STATUS

The Plan obtained its latest determination letter on July 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.
