INDEPENDENT AUDITORS' REPORT

Plan Administrator
Swiss Post Solutions, Inc. 401(K) Plan

We were engaged to audit the financial statements of Swiss Post Solutions, Inc. 401(k) Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referenced in Note 4, which was certified by State Street Bank and Trust Company (2010) and Principal Life Insurance Company (2010 and 2009), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment funds and notes receivable from participants and execute transactions therein. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodians, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Swiss Post Solutions, Inc 401(K) Plan (Plan) provides only general information. Reference should be made to the Plan agreement for a complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering eligible employees of Swiss Post Solutions, Inc (Company) who have completed three months of service and are at least age twenty-one as of the entry date (first day of any month). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

b) Contributions

Participants may contribute from 1% to 90% of their compensation, as defined, not to exceed Internal Revenue Code (IRC) limits. Participants are automatically enrolled into the Plan for a 3% contribution; they may elect to contribute a different amount (or not to participate). Participants direct the investment of their contributions into various investment options - twenty-three funds are currently offered by the Plan. Participants may also contribute distributions received from other qualified plans (rollover contributions). The Plan also allows for employer discretionary contributions.

c) Participant Accounts

Each participant's account is credited/charged with his or her a) contributions, b) benefits paid, and an allocation of c) investment results and d) administrative expenses. A participant is entitled to the benefit which can be provided from his or her account.

d) Vesting

Participants are immediately fully vested in their voluntary contributions plus actual earnings thereon. Participants fully vest in any employer discretionary contributions after three years of service.

e) Participant Loans

Loans are limited to the lesser of $50,000 or 50% of the participant's account balance; minimum loan advances are $1,000. Principal and interest is paid ratably through payroll deductions. The loans are secured by the balance in the participants' accounts and bear interest at prime plus 2% as of the loan issuance date; rates range from 4.25% to 9.25% and mature through 2015.

Note 1 - Description of Plan (Continued)

f) Payment of Benefits

Distributions are available upon termination of service, death, disability, financial hardship or attainment of age 59 ½. Distributions are available from a participant's rollover account at any time. Benefits, payable in a lump-sum, are recognized when paid.

Note 2 - Accounting Policies

a) Date of Management's Review

Subsequent events were evaluated through October 13, 2011, which is the date the financial statements were available to be issued.

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

d) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan document.

e) Investment Valuation and Income Recognition

Investment funds are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (Note 5). Net appreciation in the fair value of investment funds includes the gains and losses on investments sold as well as held during the year, and any dividends or distributions received from those funds.

Note 2 - Accounting Policies (Continued)

f) Reclassifications

Recent reporting guidance has been issued for employee benefit plans requiring participant loans be classified as notes receivable from participants on the statement of net assets available for benefits. The Plan adopted this guidance in 2010 and reclassified the 2009 presentation to conform with the current year. The 2009 disclosure in Note 5 was also revised to exclude participant loans from the fair value disclosures.

g) Administrative Expenses

Certain administrative expenses of the plan are paid by the Company.

Note 3 - Investments

The following presents individual investment funds representing five percent or more of the Plan's net assets:

Principal Lifetime 2040 Sep Acct - R1	*	76,050

* Did not exceed 5% of net assets.

Note 4 - Unaudited Information - Prepared and Certified by Plan Custodians

State Street Bank and Trust Company (2010) and Principal Life Insurance Company (2010 and 2009), the custodians, hold the Plan's investment funds and notes receivable from participants and execute transactions therein. Financial information relating to these assets and changes therein included in the financial statements and supplemental schedule were provided and certified as complete and accurate by the custodians pursuant to 29 CFR 2520-103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been audited by the independent auditors.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan.

The Plan's investment funds were assigned to the following levels:

Level 1 Fair Value Measurements

Mutual funds: fair value based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Common and collective trusts: these include index funds that seek to replicate certain S&P indices by investing directly into commingled funds with similar objectives and like investment strategies. Although the underlying assets are Level 1 investments, the index funds themselves do not trade and are considered to be Level 2 investments.

Pooled separate accounts: invest mainly in asset backed securities, residential and commercial mortgage backed securities, corporate bonds, equities and mutual funds. The Plan's valuation methodology used to measure the fair value of these investments were derived from Level 1 quoted market prices in active markets and Level 2 observable prices for similar assets in active or non-active markets. However, because the pooled separate accounts themselves do not trade, they are considered to be Level 2 investments, regardless of whether Level 1 or Level 2 inputs were used to value the underlying assets of the funds.

Note 5 - Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value in the accompanying statements of net assets available for benefits:

	Fair Value December 31		Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)		Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)	
	2010	2009	2010	2009	2010	2009
Mutual funds	**$ 1,613,809**		**$ 1,613,809**	$ -		
Common/collective trusts	**32,849**				**$ 32,849**	
Pooled separate accounts		$ 1,254,904				$ 1,254,904
	$ 1,646,658	$ 1,254,904	**$ 1,613,809**	$ -	**$ 32,849**	$ 1,254,904

Note 6 - Tax Status

The Plan is based on a prototype plan offered by a service provider which received an opinion letter from the Internal Revenue Service (IRS) which stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC and thus exempt from income taxes. While plan management did not elect to obtain an individual determination letter from IRS, and has amended the Plan since the opinion letter was issued, it believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to Schedule H of Form 5500:

	December 31	
	2010	2009
Net assets available for benefits - financial statements	**$1,700,408**	$1,310,740
Receivables		
Contributions	**(6,453)***	(7,317)*
Lost earnings	**(630)**	(1,044)
Other		(192)
Net assets available for benefits - Schedule H to Form 5500	**$1,693,325**	$1,302,187

The following is a reconciliation of the net increase in net assets available for benefits reported on the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

Net increase in net assets available for benefits - financial statements	$ 389,668
Contributions receivable - 12/31/2009	7,317 *
Contributions receivable - 12/31/2010	(6,453)*
Lost earnings receivable - 12/31/2009	1,044
Lost earnings receivable - 12/31/2010	(630)
Other	192
Net increase in net assets available for benefits - Schedule H of Form 5500	$ 391,138

* These amounts relate to the portion of contributions receivable not included in the 2010 and 2009 Form 5500.

Note 8 - Related Party Transactions

Certain investment funds are managed by the custodians (Note 4). These transactions qualify as party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become fully vested in any Company contributions.

Note 11 - Delinquent Contributions

Department of Labor (DOL) regulations require that participant contributions be remitted to the custodians on a timely basis. Contributions remitted beyond the time allowed under the regulations result in a prohibited transaction as defined by DOL. During 2009, certain participant contributions approximating $172,000 were not remitted timely. While principally all of these contributions were remitted by December 31, 2009, approximately $7,300 (including lost earnings) had not been remitted as of December 31, 2010. The company has remitted this amount in 2011.
