INDEPENDENT AUDITORS' REPORT

Board of Trustees
Robinson Health Affiliates
Employee Benefit 401(k) Plan
Ravenna, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of Robinson Health Affiliates Employee Benefit 401(k) Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.) and Capital Bank and Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that John Hancock Life Insurance Company (U.S.A.) held the Plan's investment assets and executed investment transactions from March 3, 2008 to December 31, 2009, and that Capital Bank and Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2008 to March 2, 2008. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

ROBINSON HEALTH AFFILIATES EMPLOYEE BENEFIT 401(k) PLAN

Note 1. Description of the Plan

The following description of the Robinson Health Affiliates Employee Benefit 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all full-time employees of Robinson Health Affiliates, Inc. (Sponsor), except those who are nonresident aliens or who are subject to a collective bargaining agreement, unless the collective bargaining agreement provides for participation. Employees are eligible for salary deferrals immediately upon the date of hire and are able to enter the Plan on the first day of the month that coincides with or follows the date of hire. Employees are eligible for employer contributions upon achieving one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant deferrals are voluntary. Deferrals of not more than 100% of gross salary are tax deferred up to a maximum as established by the Internal Revenue Code. At its discretion, the Sponsor may contribute a discretionary contribution to the Plan in an amount of 25% of the first 4% of base compensation that a participant contributes to the Plan. During 2009 and 2008, the Sponsor elected the maximum match. The Sponsor may also contribute additional discretionary amounts to the Plan. There were no additional discretionary contributions made in 2009 and 2008. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant’s deferral, Sponsor’s contributions, and an allocation of Plan earnings. Allocation of Plan earnings is based on participant account balances, computed on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their salary deferrals and the Sponsor contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Participants may change their investment options at any time via direct telephone or Internet access.

Vesting

Participants are immediately vested in their voluntary deferrals plus actual earnings thereon. Beginning in March 2008, participants are 100% vested in any Sponsor contributions upon entry into the Sponsor portion of the Plan and all times thereafter.

Note 1. Description of the Plan (Continued)

Participant Loans

Participants may borrow from their account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account, and all loans bear interest at a rate commensurate with the prime rate on the date of the loan plus 1%. Participants may only have one loan outstanding. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon the retirement, termination, disability or death of a participant, all amounts attributable to the participant's account (elective salary deferrals, vested employer contributions and income allocable to such amounts) become payable to the participant or the participant's beneficiary.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested participant accounts totaled $4,300 and $6,431, respectively. Nonvested forfeited balances of terminated participants are used to reduce future Sponsor-matching contributions. During 2009, $2,131 nonvested forfeited balances were used to reduce employer contributions. No nonvested forfeited balances were to reduce employer contributions in 2008.

Note 2. Significant Accounting Policies

The accompanying statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid by the Sponsor.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Standards (SFAS) No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162, (SFAS 168). SFAS 168 establishes the FASB Accounting Standards Codification (ASC) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). SFAS 168 does not change GAAP and the adoption of SFAS 168 did not have a material impact on the Company's financial statements.

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

In September 2009, FASB issued an amendment "Investment in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)" (ASU 2009-12), which provides guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value (NAV) per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. See Note 4 for the impact of the adoption.

Pending Accounting Pronouncements

In January 2010, FASB issued amendment "Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements" (ASU 2010-06), which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

Note 2. Significant Accounting Policies (Continued)

With respect to matters other than Level 3 measurements, the amendment was effective for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

Subsequent Events

The plan administrator has evaluated subsequent events through September 28, 2010, the date the financial statements were available to be issued.

Note 3. Investments

All investment information including investments held as of December 31, 2009 and 2008, interest and dividend income and net appreciation (depreciation) in fair value of investments for the years then ended, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by the trustees and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that the information provided to the plan administrator by the trustees related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

The fair values of individual participant-directed investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2009	2008
Lifecycle 2015	$ 106,243	$ 73,550
Lifecycle 2020	94,991	68,450
Lifecycle 2025	91,676	60,047
Lifestyle Balanced	245,519	226,483
Lifestyle Growth	221,547	158,228

During 2009 and 2008, the Plan's investments in pooled separate accounts appreciated (depreciated) in fair value by $293,742 and $(462,219), respectively.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts: Valued at the market value of the underlying investments.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at fair value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$1,182,731	$ -	$1,182,731
Participant loans	-	-	37,164	37,164
Total assets at fair value	$ -	$1,182,731	$ 37,164	$1,219,895

	Assets at fair value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 884,570	$ -	$ 884,570
Participant loans	-	-	44,887	44,887
Total assets at fair value	$ -	$ 884,570	$ 44,887	$ 929,457

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31:

	2009	2008
Balance, beginning of year	$ 44,887	$ 35,190
Realized gains (losses)	-	-
Unrealized gains (losses) relating to instruments still held at the reporting date	-	-
Purchases, sales, issuances, and settlements (net)	(7,723)	9,697
Balance, end of year	$ 37,164	$ 44,887

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2009:

	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate accounts				
Risk Management Funds (a)	$ 983,555	$ -	Daily	None
Income Funds (b)	55,545	-	Daily	None
International Funds (c)	18,375	-	Daily	None
Growth Funds (d)	50,351	-	Daily	None
Balanced Funds (d)	51,524	-	Daily	None
Value Funds (d)	23,381	-	Daily	None
Total pooled separate accounts	$1,182,731	$ -		

(a) This category includes investments that seek to provide a balance between long-term growth of capital and current income. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of investment.

(b) This category includes investments that seek to realize maximum return while preserving capital. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investment in this category has been estimated using the net asset value per share of the investments.

(c) This category includes an investment in equities of companies in emerging market countries. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investment in this category has been estimated using the net asset value per share of the investments.

(d) This category includes investments that seek long-term growth of capital and income. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investment in this category has been estimated using the net asset value per share of the investments.

Note 5. Benefits Payable

There were no benefits payable to persons who have withdrawn from participation in the earnings and operations of the Plan at December 31, 2009 and 2008.

Note 6. Transactions With Parties-in-Interest

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.), current trustee, and Capital Bank and Trust Company, prior trustee. John Hancock Life Insurance Company (U.S.A.), and Capital Bank and Trust Company, is or was the trustees of the Plan and, therefore, qualify as a parties-in-interest. Transactions in such investments are exempt from prohibited transaction rules.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8. Income Tax Status

Effective March 31, 2008, the Plan adopted a standardized form of a prototype plan sponsored by Summit Retirement Services. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
