(1) General

The Individual Investment Plan (the Plan) is a defined contribution plan originally established on January 1, 1985, covering employees of ClubCorp, Inc.'s participating subsidiaries ("ClubCorp" or the "Employer"). An employee is eligible if he or she is classified as a regular full-time or regular part-time employee and has completed six months of consecutive service. The sponsoring employer of the Plan is ClubCorp. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Participants should refer to the Plan document for more complete information. The Charles Schwab Trust Company (the Trustee) and Milliman USA are the trustee and record keeper, respectively, of the Plan for 2010 and 2009, and as such hold the Plan's investment assets and execute investment transactions.

On December 26, 2006, ClubCorp was acquired by Fillmore CCA Holdings, Inc. through a cash merger. Simultaneously with the acquisition, Pinehurst LLC ("Pinehurst") a subsidiary of ClubCorp was sold to Putterboy, LTD. In connection with the sale, the Plan accounts of the employees of Pinehurst were spun-off to a separate plan and trust sponsored by Pinehurst.

Simultaneous with the acquisition of ClubCorp by Fillmore CCA Holdings, Inc., the ClubCorp Employee Stock Ownership Plan (ESOP) was frozen and further transfers were prohibited. On December 23, 2008, the Plan received transfers valued at $20,991,249 representing accounts of the employees invested in the ESOP. This transfer was made in accordance with the liquidation of the ESOP. An additional $5,445 of employee ESOP account assets was a receivable as of December 31, 2008 and was received in 2009.

On December 18, 2008 the Plan accounts of the employees of Operation Company for Homestead were spun-off to a separate plan and trust sponsored by Homestead. On December 18, 2008, assets of $363,664 representing these accounts were transferred to The Homestead Resort 401(k) Savings Plan.

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

(b) Contributions

Participants may elect to make a combination of pre-tax and post-tax contributions of up to 50% of their eligible compensation which may be invested among 12 funds plus 5 target date model investment options. The maximum amount which may be added to any participant's account in any year is the lesser of $44,000 or 100% of their compensation for that year for all ClubCorp defined contribution plans. Employee contributions in the Plan are not matched by ClubCorp.

(c) Participant Accounts

Each participant's account is credited with the participant's annual contributions. Earnings and losses from investments are allocated daily to the participants' accounts based on their individual balances.

(d) Vesting

Participants have a 100% vested interest in the account value of their contributions and earnings thereon at all times.

(e) Payment of Benefits

Benefits are paid to participants upon retirement, permanent disability, or termination, or to beneficiaries upon death of the participant. The participant or beneficiary may elect, subject to the terms of the Plan and Internal Revenue Code (IRC) guidelines, to receive his or her benefits in a lump-sum cash distribution, in installments over a fixed period of time at age 70 ½, or through transfer to another retirement plan in an amount equal to the value of the participant's account. Participants may elect, with certain restrictions, to make in-service withdrawals of their voluntary contributions.

(f) Administrative Expenses

The Plan is administered by a plan administrator appointed by ClubCorp. Direct administrative expenses of $56,858 and $73,053 were paid by the Plan in 2010 and 2009, respectively. Indirect expenses and remaining direct expenses are paid by ClubCorp. Indirect administrative expenses of $57,768 and $103,790 were paid by ClubCorp on behalf of the Plan in 2010 and 2009, respectively.

(g) Corrective Distributions

The Plan is required to return contributions received in excess of IRC limits. Corrective distributions of $162,454 and $554,225 were returned to participants in 2011 and 2010 for the years ended December 31, 2010 and 2009 respectively.

(h) Plan Termination

ClubCorp has the right to terminate the Plan at any time subject to the provisions of ERISA. If the Plan were to terminate, the net plan assets would be distributed to plan participants based on each participant's account balance.

(i) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United Stated of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates

(j) Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk include cash. The Company places its cash with Charles Schwab Trust Company. The Company's exposure to loss should this financial institution fail would be limited to any amount in excess of the amount insured by the Federal Deposit Insurance Corporation. Management does not believe significant credit risk exists at December 31, 2010.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(k) Notes Receivable from Participants

In September 2010, the Financial Accounting Standards Board issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans as notes receivable and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan has adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans for the years ended December 31, 2009 and 2010 from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

(2) Information Certified by the Trustee (Unaudited)

The Plan's investments are stated at quoted market prices. Purchases and sales of investments are recorded on a trade-date basis.

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in or near the term and that such changes could materially affect the accounts reported in the statements of net assets available for benefits and participant account balances.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator had obtained certifications from the Trustee of the Plan that all of the information provided by them is complete and accurate. Investments are reflected at fair value as reported by the Trustee.

(b) Investments are greater than 5% of net assets in 2009

(3) Fair Value Measurements

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

			Fair Value Measurements Using:	
		Fair Value as of December 31, 2010		**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Mutual funds	$	41,358,653	$	41,358,653
Total	$	41,358,653	$	41,358,653

		Fair Value as of December 31, 2009		**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Mutual funds	$	39,029,759	$	39,029,759
Total	$	39,029,759	$	39,029,759

ASC 820, *Fair Value Measurements and Disclosure,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using the Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the share held by the plan at year-end.

(4) Federal Income Tax

The Plan obtained its latest tax determination letter on December 13, 2010, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

(5) Benefits Payable

As of December 31, 2010 and 2009, there were $0 and $1,080, respectively, included in net assets available for benefits for distributions payable to participants who requested a withdrawal from the Plan prior to the end of the Plan year.

(6) Participant Loans

The Plan permits loans to participants on a nondiscriminatory basis. Loans are not to exceed 50% or $50,000 of the participant's vested accrued benefit in the Plan, whichever is less. The maturities of the loan are not to exceed five years unless the loan is used to construct or rehabilitate the principal dwelling of the participant in which case the maturities are not to exceed ten years. These loans will bear interest at prime (as quoted in the Wall Street Journal) plus 1%. Loans are repaid ratably through payroll deductions. No participant is allowed to have more than one loan outstanding at any one time. The minimum amount that can be loaned is $500. As of December 31, 2010 and 2009, loans to participants of $774,455 and $515,910, respectively, were outstanding at interest rates ranging from 4.25% to 9.25%.

(7) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $56,858 and $73,053 for the years ended December 31, 2010 and 2009.

(8) Date to Which Subsequent Events Evaluated

Subsequent events were evaluated through September 12, 2011, which is the date the financial statements were available to be issued.
