Independent Auditor's Report

Plan Administrator
Charleston Transitional Facility
401(k) Profit Sharing Plan
Champaign, Illinois

We were engaged to audit the accompanying statement of net assets available for benefits of Charleston Transitional Facility 401(k) Profit Sharing Plan as of December 31, 2011 and 2010 and the related statement of changes in net assets available for benefits for the years then ended and the supplemental schedule as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CHARLESTON TRANSITIONAL FACILITY
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charleston Transitional Facility 401(k) Plan was established January 1, 2001 for the purpose of providing a plan under Sec. 401(k) of the Internal Revenue Code for employees of Charleston Transitional Facility. Significant accounting policies followed by the Plan are as follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Some of the administrative and operating expenses of the Plan are paid by Charleston Transitional Facility with no charge to the Plan.

NOTE 2 - DESCRIPTION OF THE PLAN

General

The Plan is a defined contribution plan covering all employees of Charleston Transitional Facility (the Sponsor) who have attained one year of service and 1,000 hours or more in a plan year and who are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum dollar limit set by law of pre-tax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers 29 pooled separate accounts as investment options for participants. The Sponsor's Board of Directors determines the employer's percentage of contribution on an annual basis. For the years ended December 31, 2011 and 2010, the Sponsor contributed a safe harbor matching contribution equal to 100% of the first 3% of salary deferred, plus 50% of the participant's deferral contribution in excess of 3%, but not in excess of 5%. No safe harbor matching contribution was made on salary deferrals in excess of 5% of compensation. The Sponsor could also make an additional discretionary matching contribution that meets the safe harbor requirements and is therefore not subject to discrimination testing by meeting the following requirements: (1) it cannot be based on deferrals of more than 6% of the participant's compensation; (2) the allocation of the match may not exceed 4% of the participant's compensation; and (3) the match is subject to the same distribution restrictions as other safe harbor contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both their contributions and the Sponsor's matching contributions plus actual earnings thereon.

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. Participants may request a hardship withdrawal of a portion of their account balance attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2011 and 2010, there were no forfeited non-vested accounts. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Sponsor contributions. Forfeitures of $-0- were applied to reduce the employer match for the years ended December 31, 2011 and 2010.

NOTE 3 - SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Total participant directed investments as shown in the accompanying statements of net assets available for benefits of $1,376,828 as of December 31, 2011 and $1,452,211 as of December 31, 2010.

b. Investment income (loss) as shown in the accompanying statements of changes in net assets available for benefits of ($33,816) for the year ended December 31, 2011 and $162,212 for December 31, 2010.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 4 - INVESTMENTS

The Plan's investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2011	2010
Pooled Separate Accounts		
Lifestyle Moderate	$ 229,671	$ 330,457
Lifestyle Moderate G.I.F.L	75,994	110,485
Lifestyle Balanced	222,358	205,318
Lifestyle Balanced G.I.F.L.	97,959	89,643
Lifestyle Growth	371,379	290,452
Lifestyle Growth G.I.F.L.	159,708	155,382
Lifestyle Aggressive Portfolio	80,272	*

* Below 5% threshold in the Plan

Investment income is comprised of the following for the years ended December 31:

	2011	2010
Net appreciation (depreciation) in fair value of investments:		
Pooled separate accounts	$ (33,816)	$ 162,212

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 and 2010.

Pooled Separate Accounts: Valued based upon the underlying investments of units held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

Total Pooled Separate Accounts	$ -	$ 1,452,211	$ -	$ 1,452,211

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

There are no unfunded commitments related to any of the pooled separate accounts. The Pooled Separate Accounts may be subject to redemption fees based on a minimum required holding period determined by the underlying mutual fund company. John Hancock has established guidelines that apply to all participants which allow a maximum of two trading days per calendar month. If a participant submits additional exchange requests after reaching his or her monthly exchange limit these exchanges may be voided.

(a) The pooled separate accounts within the emerging markets category invest solely in the underlying Oppenheimer Developing Markets and DFA Emerging Markets Value funds. These investments seek capital appreciation through equity securities in emerging markets. These funds normally invest at least 80% of their net assets in emerging markets in any market capitalization.

(b) The pooled separate accounts within the large-cap category invest solely in the underlying funds: 500 Index fund, Mass Investors fund, Lifestyle Growth, Lifestyle Aggressive Portfolio, and Optimized Value fund. These funds seek long-term growth of capital. To pursue this goal, the funds invest in a large portion of net assets in equitable securities. These funds generally are focused on investment in larger U.S. companies. Some of the funds may invest in foreign companies, fixed income securities, and derivatives.

(c) The pooled separate accounts within the mid-cap category invest solely in the underlying Mid Cap Stock fund, Mid-Cap Value Index fund, and Lifestyle Moderate funds. These funds seek to provide long-term growth of capital with prudent investment risk. To pursue this goal, the funds invest in either, various funds or mid-cap quality companies, equities and fixed-income securities.

(d) The pooled separate accounts within the small-cap category invest solely in the underlying DFA U.S. Small Cap, Royce Opportunity, Small Cap Growth fund, and Small Cap Growth Index funds. These funds seek long-term capital appreciation through investments primarily in small-cap and micro-cap companies. They may also invest in derivatives.

(e) The pooled separate accounts within the international category invest solely in the underlying funds: Oppenheimer International Bond and Oppenheimer International Growth Fund. These funds seek total return through income and long-term capital appreciation through the investment in other funds, equity securities, and fixed income securities of companies and governments outside of the U.S.

(f) The pooled separate accounts within the bond category invest solely in the underlying bond funds: Total Return Fund, Real Return Bond Fund, and the Total Bond Market Fund. These bond funds seek to achieve maximum return, consistent with preservation of real capital and prudent investment management. The funds achieve this by investing in a diversified portfolio of fixed income securities of varying maturities, inflation-indexed bonds of varying maturities issued by the U.S. and non-U.S. governments, their agencies or instrumentalities, and corporations.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

(g) The pooled separate account within the real estate category invests solely in the underlying Real Estate Securities fund. The Real Estate Securities fund seeks long-term capital appreciation and current income. The fund normally invests at least 80% of total assets in equity securities of real estate investment trusts (REITS). It may invest in common stocks, preferred stocks, and securities convertible into common stock. The portfolio may also invest up to 10% of total assets in securities in foreign real estate companies.

(h) The pooled separate account within the energy category invests solely in the underlying Vanguard Energy fund. The Vanguard Energy fund seeks to track the performance of a benchmark index that measures the investment return of stocks in the energy sector. Passively managed, using a full-replication strategy when possible and a sampling strategy if regulatory constraints dictate. It includes stocks of companies involved in the exploration and productions of energy products such as oil, natural gas, and coal.

(i) The pooled separate account within the money market category invests solely in the underlying John Hancock Money Market fund. The Money Market fund seeks the maximum current income that is consistent with maintaining liquidity and preserving capital. The fund intends to maintain a stable $1 share price.

(j) The pooled separate account within the growth & income category invests solely in the underlying Core Diversified Growth & Income, Lifestyle Conservative, and Lifestyle Balanced funds. The funds seek current income and long term growth of capital. In order to achieve this goal, the funds invest in a mixture of equity securities and fixed income securities as well as other funds.

(k) The pooled separate accounts within the guaranteed income for life category invest solely in the underlying funds: Lifestyle Conservative GIFL, Lifestyle Moderate GIFL, Lifestyle Balanced GIFL, Lifestyle Growth GIFL, Core Fundamental Holdings GIFL, and Core Global Diversification GIFL. These funds are designed to allow participants to lock in market gains and guarantee an agreed upon rate of income on their benefit base. These funds invest in funds that invest in fixed-income securities, equity securities, and foreign securities.

NOTE 6 - TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan and related trust have adopted the Benefit Planning Protoype Non-standarized Profit Sharing Plan with CODA, which the Internal Revenue Service has determined and informed Benefit Planning Consultants Inc. by a letter dated August 30, 2001 that the form of the Prototype plan is acceptable for use by employers under Section 401 of the Internal Revenue Code (IRC). The Plan itself has not requested a determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RELATED PARTIES

Plan investments are shares of pooled separate accounts managed by the John Hancock Life Insurance Company (U.S.A) (John Hancock). John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Amounts paid by the Plan to John Hancock for administration fees amounted to $8,768 and $9,155 for the years ended December 31, 2011 and 2010, respectively. Benefit Planning Consultants is the Plan administrator. Fees paid to Benefit Planning Consultants qualify as party-in interest transactions. The Plan paid Benefit Planning Consultants $1,695 and $1,524 in administrative fees in 2011 and 2010.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluated subsequent events through July 6, 2012, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2011, but prior to July 6, 2012 that provide additional evidence about conditions that existed at December 31, 2011, have been recognized in the financial statements for the year ended December 31, 2011. Events or transactions that provided evidence about conditions that did not exist at December 31, 2011 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2011.
