The Board of Trustees
Mayacama Golf Club, LLC
401(K) Profit Sharing Plan & Trust

We were engaged to audit the financial statements of Mayacama Golf Club, LLC 401(k) Profit Sharing Plan & Trust (the Plan) as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedules as of December 31, 2010 as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Nationwide, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of plan

The following description of the Mayacama Golf Club, LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan established by Mayacama Golf Club, LLC (the Club) as of January 1, 1999, which covers all eligible employees who are at least 21 years old and have completed at least 1,000 hours of employment during the 12-month period after hire date. All employees are eligible employees for the plan except for the following ineligible classes of employees: a) employee whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining (for 2009, there are no union employees), b) employees who are non-resident aliens who do not receive earned income from the Club, which constitutes income from sources within the United States; and c) anyone who becomes an employee as the result of a merger or other acquisition. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2009, the plan was amended in its entirety by the adoption of a Volume Submitter Profit Sharing Plan with CODA (herein referred to as the "plan") created by Accudraft.com. The plan, as amended, will continue to be known as the Mayacama Golf Club, LLC 401(K) Profit Sharing Plan and Trust.

Contributions

Once an employee becomes eligible for participation in the plan, the employee must file a Salary Deferral Agreement which indicates the amount to withhold from their compensation (either a percentage of their compensation or a flat dollar amount). Participants who have attained age 50 (before the end of the plan year) are eligible to make catch-up contributions, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Club may make Safe Harbor matching contributions, non Safe Harbor matching contributions or profit sharing contributions at the discretion of the Club's board of directors. Effective January 1, 2010, participants will be required to work 1,000 hours during the plan year and be employed on the last day of the plan year to be eligible to receive any profit sharing contribution that may be made for that year. The contributions are invested directly based on the investment option chosen by participant. Contributions are subject to certain limitations, as defined.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Club's contributions (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements
December 31, 2010

Note 1 - Description of plan (continued)

Certain investment expenses are charged to the investment options and are included in administrative expenses on the statements of changes of net assets available for benefits. Participants should refer to the performance reports of these investment options for details on the various types and amounts of investment expenses charged to the plan and their individual accounts.

Vesting

Participants are vested immediately in their contributions, the Club's contributions, and actual earnings thereon.

Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 1) $50,000 reduced by the excess (if any), of the participant's highest outstanding loan balance under the Plan during the 12-month period ending on the day prior to the date the loan is made or 2) 50% of their account balance. The loans are secured by the balance in the participant's account. The interest rate is established at the inception of the loan and set at the prime lending rate as posted in the Wall Street Journal. Principal and interest is paid ratably through bi-weekly payroll deductions and credited to the participant's account.

Payments of benefits

Participant may withdraw their vested interest upon their termination of employment, retirement, death, or disability, regardless of their age. Participant may also withdraw while they are employed if they have attained age 59 ½.

Participants may request a distribution of the vested portion of their individual account in the form of a lump sum distribution, installment payments, or annuity contract.

Date of management review

Subsequent events were evaluated through August 24, 2011, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Note 2 - Summary of significant accounting policies

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when earned. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Operating expenses

All expenses of maintaining the plan are paid by the Plan sponsor except for monthly contract asset charges, loan setup/maintenance fee, participant fee, single sum charge and distribution fee, which are paid by the plan. Monthly contract charge assets charges (are charged to each participant and the percentage varies depending by investment choice). The Nationwide per participant fee is based on the number of participants and assets in the plan. Nationwide also impose single sum charge it the total plan assets is below certain level (for 2009, It's $1 million). Distribution fee only apply to participants who received a distribution during the year. Loan setup/maintenance fee only applied to participants who had loan from the plan.

New accounting standards

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-25, Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarify how loans to participants should be classified and measured by defined contribution pension benefit plans. ASU 2010-25 should be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010. The adoption of ASU 2010-25 by the Plan result in loans reclassified from investments to notes receivable from participants but does not change the total net assets for the years presented.

Notes to the Financial Statements
December 31, 2010

Note 2 - Summary of significant accounting policies (continued)

The issuance of ASU 2010-25 does not affect the classification of participant loans on Form 5500 (Annual Return/Report of Employee Benefit Plan) which continue to be reported as plan investments on Form 5500. Because there is a classification difference on how the participant loan receivable are being reported on Form 5500 and audited financial statements, a reconciliation between Form 5500 and the financial statements is disclosed (See Note 13).

Note 3 - Investments

Nationwide holds plan assets in mutual funds and invests contributions according to the instructions of each participant.

The following presents investments that represent 5% or more of the plan's net assets:

	December 31	
	2010	2009
Nationwide Inv Dest Mod Aggr Sc	$ 324,344	$ 255,705
Nationwide Inv Dest Mod Sc	$ 201,604	$ 163,189
Nationwide Money Market Inst	$ 503,378	$ 477,710

During 2010, the Plan's investments on mutual funds appreciated in value by $67,142.

Note 4 - Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and level 2 consist of quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investment. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value and Level 2 inputs were only used when Level 1 inputs were not available. No Level 3 inputs were available to the Plan.

Notes to the Financial Statements

Note 4 - Fair value measurements (continued)

Level 1. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2. Nationwide money market mutual fund values its portfolio securities at their acquisition cost as adjusted for amortization of premium or accretion of discount.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

Note 5 - Excess participant contributions payable

The plan failed the discrimination test for the year ended December 31, 2010. Excess contributions amounting to $322 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions for the year. The plan expects to reimburse these excess contributions to its participants during 2011.

Note 6 - Related party transactions

Certain plan investments are shares of mutual funds managed by Nationwide. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $14,072 for the year ended December 31, 2010. Secured loans from the plan to the trustee (who is also a participant) and participants also qualify as party-in-interest transactions.

Notes to the Financial Statements

Note 7 - Unaudited information certified by the plan custodian

The administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. Accordingly, as permitted under such election, the plan administrator has obtained certifications as of and for the years ended December 31, 2010 and 2009 from Nationwide, the custodian of the Plan, that all the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the custodian, interest income, net appreciation in fair value of investments and all the information in the supplemental schedules are presented in reliance solely upon such certifications.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9 - Tax status

On January 31, 2008, the IRS stated that the prototype adopted by the plan, as then designed, was acceptable under Internal Revenue Code (IRC) Section 401 (a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator believes that the plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Bonding requirement

For the period between Jan 1, 2010 and August 20, 2010, the plan did not meet the bonding requirement because the bond was not obtained from an approved surety prescribe by the Department of the Treasury. However, the plan was covered under the plan sponsor's liability insurance during this period. This unintentional mistake was discovered during 2009 pension audit and the Club immediately obtained a bond from an approved surety effective August 21, 2010.

Notes to the Financial Statements
December 31, 2010

Note 12 - Prohibited transactions

During 2010, the Club did not remit participant contributions and loan repayments in a timely manner. The Club identified 3 instances for a total of $10,737 in which participant contributions and loan repayments were remitted to the Plan in violation of Department of Labor (DOL) regulations. It was not the intention of the Club to incur these violations as they felt they were within the guidelines that participant contribution deposits occur no later than the 7th business day from the applicable pay date. Currently, the Club is evaluating whether or not to enter into the DOL Voluntary Correction Program (VCP). The Club made an interest payment of $7 in 2011 to compensate the plan for lost investment earnings relating to this prohibited transaction. Same violation was noted during 2009, which the Club made an interest payment of $1,823 in 2010.
