REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

We were engaged to audit the financial statements of Gulfside Supply, Inc. 401(k) Profit Sharing Plan ("Plan")as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedules as of and for the year ended December 31, 2009 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's Management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note "7", which was certified by SunTrust Banks, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator, that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

As described in Note "2", these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

To: Gulfside Supply, Inc. 401(k) Profit Sharing Plan

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED 12/31/09 AND 12/31/08

Note 1 - Description of Plan

The following description of the Gulfside Supply, Inc. 401(k) Plan provides only general information. Participants should refer to the Basic Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company, who have one year of service, have been credited with 1,000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution to each participant in a percentage set prior to the end of each Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and their allocated share of the Company's contribution, Plan earnings and appreciation and charged with an allocation of Plan expenses and depreciation in value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Forfeited Accounts

Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2009 and 2008 totaled $9,168 and $8,416, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Participant Loans

Participants may borrow from their fund accounts an amount not to exceed the lesser of $50,000 or 50% of the participant's vested account balance. However, if the participant's vested account balance is $20,000 or less, the maximum loan shall not exceed the lesser of $10,000 or 100% of the participant's vested account balance. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. The interest rates charged for loans in 2009 ranged from 4.00% to 9.25%. Principal and interest payment are due in level amortized payments, payable not less frequently than quarterly through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Note 1 - Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In that event, all amounts credited to the participants' account will be 100% vested and will be paid to the participants. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Reclassifications

Certain balances in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements. These reclassifications have not had any impact on net income.

Note 2 - Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

Basis of Accounting

The Plan uses a modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method, interest and dividends are recorded when received and expenses are recorded when paid.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 16, 2010, the date the financial statements were available to be issued.

Management fees	(600)
Gain on sale	3,090
	$ 288,030

Note 5 - Administration of Plan Assets

The Plan's assets are held by the Trustee of the Plan. Participant and Company contributions are held under a custodial agreement with SunTrust Banks, Inc. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Plan administrative expenses are paid directly by the plan sponsor.

Note 6 - Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated November 31, 1995, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7 - Information Certified by the Plan's Custodians

The Plan Administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SunTrust Banks, Inc. the custodians of certain Plan assets, have certified to the completeness and accuracy of the funds held by them in the reflected statement of changes in assets available for Plan benefits for the years ended December 31, 2009 and 2008 and the schedule of assets held for investment purposes as of December 31, 2009.

Note 8 - Parties in Interest Transactions

During December 2009, a trustee of the Plan directed $1,006,000 of plan assets to an entity controlled by officers of the corporation to obtain a mortgage. Under the provisions of ERISA 3(14) transactions including sales, purchases, loans, transfers, leasing arrangements and guarantees and amounts receivable from or payable to related parties are classified as party in interest transactions Moreover, ERISA 406(a) states that a transfer of plan assets to a party in interest for the use or benefit of a party in interest is a prohibited transaction. Upon advice from the Plan's attorney, the funds were returned to the Plan in April 2010. Accordingly, the corresponding mortgage has been included in nonparticipant directed investments at December 31, 2009.

Note 10 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to fair value measurement.

Note 10 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Closely-held common stock: Valued at amortized cost which approximates fair value.

Common stocks: Certain common stocks are valued at the closing price reported in the active market in which the individual securities are traded. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. If a quoted market price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings less an appropriate discount. The multiple chosen is consistent with multiples of similar companies based on current market prices.

Party in interest-mortgage: Valued at amortized cost which approximates fair value.

Guaranteed investment contract (GIC): Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Certificate of deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Note 10 - Fair Value Measurements (continued)

Mortgage: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

Assets at Fair Value as of December 31, 2009

Note 11 - Plan Amendments

During 2009 certain provisions of the Gulfeagle Supply 401(k) Profit Sharing Plan, the "Plan" were amended. The key provisions that changed include the definition of a "qualifying beneficiary hardship" and provisions enacted under the Uniformed Services Employment and Reemployment Act of 1994, where under certain conditions military service may be considered service with employer.
