Report of Independent Certified Public Accountants

Plan Administrator and Participants
Hall Financial Group, Ltd. Employee Benefit Plan

We have audited the accompanying statements of benefit obligations and net assets available for benefits of the Hall Financial Group, Ltd. Employee Benefit Plan as of December 31, 2009 and 2008, and the related statements of changes in benefit obligations and net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2009 and 2008, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor's Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the Hall Financial Group, Ltd. Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan provides medical, dental, vision, life, accidental death and dismemberment, long-term disability, and short-term disability benefits to substantially all Hall Financial Group, Ltd. and related employers (the "Company"), active, full time employees and former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") provisions. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. Eligible employees are all active, full-time employees who regularly work more than 35 hours per week and have completed 90 consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company has contracted with unaffiliated claims administrators, Blue Cross Blue Shield, MetLife, and Liberty Mutual for the duties of substantiation of all claims and payment of benefits, but the responsibility for payment to participants and providers is retained by the Plan. All benefits are subject to the approval of the Employee Benefits Committee of the Company.

Plan Administration

The Plan is administered by a committee appointed by the general partner of the Company. The duties of the committee are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. The committee has the responsibility for the management and control of the assets of the Plan and right under the Plan to modify benefits provided to employees.

Contributions

The Company will contribute to the Plan, at its sole discretion, cash or other property as necessary to fund expenses and the level of cash reserves necessary to fulfill the purposes of the Plan. Participants may be required to contribute to the Plan based on the level of coverage elected. A participant electing dependent coverage or a lower deductible will make contributions to the Plan through biweekly payroll deductions. The premiums determined may or may not be sufficient to cover all claims incurred. Therefore, any shortfall that occurs will be covered by the Company.

Effective February 17, 2009, the American Recovery and Reinvestment Act of 2009 ("ARRA") was signed into law. The ARRA included changes to COBRA to continue health coverage for individuals who have lost their jobs through involuntary termination. The ARRA includes a 65% subsidy for the cost of health care continuation coverage for up to nine months for eligible individuals. The health premium subsidy is provided only with respect to involuntary terminations that occur on or after September 1, 2008, through December 31, 2009. There is no premium reduction for periods of coverage that began prior to February 17, 2009. ARRA was amended on December 10, 2009, to extend the period for involuntary terminations through February 28, 2010. Under the ARRA, the COBRA subsidy amount is received directly by the Plan sponsor and not the related Plan. The net assets available for benefits as of December 31, 2009, and the changes in net assets available for benefits for the year then ended does not reflect any amount associated with the COBRA subsidy as the Plan is not directly entitled to the subsidy.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies used in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets Held for Investment

Investments are stated at fair value. The Plan's policy is to invest cash in excess of operating requirements in income producing investments. The assets held for investment are cash accounts, certificates of deposit and automated overnight investment accounts stated at fair value, which approximates cost. Balances in these accounts may, at times, exceed federally insured limits. The Plan has not experienced any losses related to these investments and believes it is not exposed to any significant credit risk.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Benefit Obligations

Benefit obligations include the Plan's liability for claims incurred as of December 31, 2009 and 2008 but not reported, and the Plan's liability for claims reported as of December 31, 2009 and 2008 but not yet processed. The Plan's liability for claims incurred but not reported is estimated by management using prior claims experience. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. Upon termination, the assets then remaining are subject to the applicable provisions of the Plan then in effect and will be used until exhausted to pay benefits to employees in the order of their entitlement.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2009 and 2008.

Cash and cash equivalents: Fair value approximates cost, primarily because of the short-term maturity of those instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 786,431	-	$ 786,431
Total assets at fair value	$ -	$ 786,431	$ -	$ 786,431

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 768,864	-	$ 768,864
Total assets at fair value	$ -	$ 768,864	$ -	$ 768,864

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits.

	2009	2008
Goldman Sachs – Money Market Account	$ 400,486	$ -
Plains Capital Bank – Certificate of Deposit	105,228	104,410
Plains Capital Bank – Certificate of Deposit	104,812	102,014
JPMorgan Chase Bank – Cash Account	100,457	100,351
Wells Fargo Bank – Corporate Cash Management Account	75,448	411,781
Wells Fargo Bank – Cash Account	-	50,308
	$ 786,431	$ 768,864

5. INCOME TAX STATUS

The Company has received a favorable determination letter from the Internal Revenue Service dated August 17, 1990 stating that the Plan is exempt from taxation under Section 501(c)(9) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes under IRC Section 501(a). The Plan has since been amended and restated. The trustees and the Company are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan.

6. INSURANCE

The Plan is self-insured but carries reinsurance with unaffiliated insurance companies for both individual claims exceeding $85,000 and aggregate claims exceeding a specified level in any Plan year.

7. REPORTABLE TRANSACTIONS

At December 31, 2009, there were no non-exempt transactions with unrelated parties or with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Included in other accounts receivable at December 31, 2009 is $2,487, due from the Company.

The Plan has not considered Company contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions.

9. NEW ACCOUNTING PRONOUNCEMENTS

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles ("ASC"). The purpose of the ASC is to provide a single source of authoritative generally accepted accounting principles. As the ASC was not intended to alter existing accounting principles, the adoption did not have a material impact on the Plan.

In April 2009, the FASB issued an update to the guidance under the ASC, Fair Value Measurements and Disclosures Topic for determining fair value when the volume and level of activity for an asset or liability has significantly decreased and identifying circumstances that indicate a transaction is not orderly. The adoption did not have a material impact on the Plan.

In May 2009, the FASB issued the Subsequent Events Topic of the ASC to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. In particular, the Subsequent Events Topic sets forth: (i) the period after the balance sheet date during which management of a reporting entity shall evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity shall recognize events or transactions occurring after the balance sheet date in its financial statements; and (iii) the disclosures that an entity shall make about events or transactions that occurred after the balance sheet date. The adoption did not have a material impact on the Plan.

In September 2009, the FASB issued guidance that expands the required disclosures for certain investments with a reported net asset value ("NAV"). This guidance provides a practical expedient for measuring the fair values of Plan investments in a limited number of entities that calculate a net asset value per share (such as hedge funds, private equity funds, real estate funds, venture capital funds, funds of funds, and certain collective trusts, and pooled separate accounts). The adoption of the guidance had no material impact on the Plan.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued.

Report of Independent Certified Public Accountants

Plan Administrator and Participants
Hall Financial Group, Ltd. Employee Benefit Plan

We have audited the accompanying statements of benefit obligations and net assets available for benefits of the Hall Financial Group, Ltd. Employee Benefit Plan as of December 31, 2009 and 2008, and the related statements of changes in benefit obligations and net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2009 and 2008, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor's Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the Hall Financial Group, Ltd. Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan provides medical, dental, vision, life, accidental death and dismemberment, long-term disability, and short-term disability benefits to substantially all Hall Financial Group, Ltd. and related employers (the "Company"), active, full time employees and former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") provisions. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. Eligible employees are all active, full-time employees who regularly work more than 35 hours per week and have completed 90 consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company has contracted with unaffiliated claims administrators, Blue Cross Blue Shield, MetLife, and Liberty Mutual for the duties of substantiation of all claims and payment of benefits, but the responsibility for payment to participants and providers is retained by the Plan. All benefits are subject to the approval of the Employee Benefits Committee of the Company.

Plan Administration

The Plan is administered by a committee appointed by the general partner of the Company. The duties of the committee are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. The committee has the responsibility for the management and control of the assets of the Plan and right under the Plan to modify benefits provided to employees.

Contributions

The Company will contribute to the Plan, at its sole discretion, cash or other property as necessary to fund expenses and the level of cash reserves necessary to fulfill the purposes of the Plan. Participants may be required to contribute to the Plan based on the level of coverage elected. A participant electing dependent coverage or a lower deductible will make contributions to the Plan through biweekly payroll deductions. The premiums determined may or may not be sufficient to cover all claims incurred. Therefore, any shortfall that occurs will be covered by the Company.

Effective February 17, 2009, the American Recovery and Reinvestment Act of 2009 ("ARRA") was signed into law. The ARRA included changes to COBRA to continue health coverage for individuals who have lost their jobs through involuntary termination. The ARRA includes a 65% subsidy for the cost of health care continuation coverage for up to nine months for eligible individuals. The health premium subsidy is provided only with respect to involuntary terminations that occur on or after September 1, 2008, through December 31, 2009. There is no premium reduction for periods of coverage that began prior to February 17, 2009. ARRA was amended on December 10, 2009, to extend the period for involuntary terminations through February 28, 2010. Under the ARRA, the COBRA subsidy amount is received directly by the Plan sponsor and not the related Plan. The net assets available for benefits as of December 31, 2009, and the changes in net assets available for benefits for the year then ended does not reflect any amount associated with the COBRA subsidy as the Plan is not directly entitled to the subsidy.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies used in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets Held for Investment

Investments are stated at fair value. The Plan's policy is to invest cash in excess of operating requirements in income producing investments. The assets held for investment are cash accounts, certificates of deposit and automated overnight investment accounts stated at fair value, which approximates cost. Balances in these accounts may, at times, exceed federally insured limits. The Plan has not experienced any losses related to these investments and believes it is not exposed to any significant credit risk.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Benefit Obligations

Benefit obligations include the Plan's liability for claims incurred as of December 31, 2009 and 2008 but not reported, and the Plan's liability for claims reported as of December 31, 2009 and 2008 but not yet processed. The Plan's liability for claims incurred but not reported is estimated by management using prior claims experience. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. Upon termination, the assets then remaining are subject to the applicable provisions of the Plan then in effect and will be used until exhausted to pay benefits to employees in the order of their entitlement.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2009 and 2008.

Cash and cash equivalents: Fair value approximates cost, primarily because of the short-term maturity of those instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 786,431	-	$ 786,431
Total assets at fair value	$ -	$ 786,431	$ -	$ 786,431

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 768,864	-	$ 768,864
Total assets at fair value	$ -	$ 768,864	$ -	$ 768,864

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits.

	2009	2008
Goldman Sachs – Money Market Account	$ 400,486	$ -
Plains Capital Bank – Certificate of Deposit	105,228	104,410
Plains Capital Bank – Certificate of Deposit	104,812	102,014
JPMorgan Chase Bank – Cash Account	100,457	100,351
Wells Fargo Bank – Corporate Cash Management Account	75,448	411,781
Wells Fargo Bank – Cash Account	-	50,308
	$ 786,431	$ 768,864

5. INCOME TAX STATUS

The Company has received a favorable determination letter from the Internal Revenue Service dated August 17, 1990 stating that the Plan is exempt from taxation under Section 501(c)(9) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes under IRC Section 501(a). The Plan has since been amended and restated. The trustees and the Company are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan.

6. INSURANCE

The Plan is self-insured but carries reinsurance with unaffiliated insurance companies for both individual claims exceeding $85,000 and aggregate claims exceeding a specified level in any Plan year.

7. REPORTABLE TRANSACTIONS

At December 31, 2009, there were no non-exempt transactions with unrelated parties or with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Included in other accounts receivable at December 31, 2009 is $2,487, due from the Company.

The Plan has not considered Company contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions.

9. NEW ACCOUNTING PRONOUNCEMENTS

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles ("ASC"). The purpose of the ASC is to provide a single source of authoritative generally accepted accounting principles. As the ASC was not intended to alter existing accounting principles, the adoption did not have a material impact on the Plan.

In April 2009, the FASB issued an update to the guidance under the ASC, Fair Value Measurements and Disclosures Topic for determining fair value when the volume and level of activity for an asset or liability has significantly decreased and identifying circumstances that indicate a transaction is not orderly. The adoption did not have a material impact on the Plan.

In May 2009, the FASB issued the Subsequent Events Topic of the ASC to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. In particular, the Subsequent Events Topic sets forth: (i) the period after the balance sheet date during which management of a reporting entity shall evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity shall recognize events or transactions occurring after the balance sheet date in its financial statements; and (iii) the disclosures that an entity shall make about events or transactions that occurred after the balance sheet date. The adoption did not have a material impact on the Plan.

In September 2009, the FASB issued guidance that expands the required disclosures for certain investments with a reported net asset value ("NAV"). This guidance provides a practical expedient for measuring the fair values of Plan investments in a limited number of entities that calculate a net asset value per share (such as hedge funds, private equity funds, real estate funds, venture capital funds, funds of funds, and certain collective trusts, and pooled separate accounts). The adoption of the guidance had no material impact on the Plan.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued.
